A HIGH TIDE.

Conditions Which Cause High Tides.
This paper yesterday made mention, says the Tacoma News, that on the morning of January 11th there would be a very high tide. One who is learned in such matters to-day gave a News reporter further knowledge regarding the causes which would bring about that result.
There are, said he, six conditions which affect the height of the tides. Once in a great while all of these are favorable, and the result is a tide of unusual height. The earth must be near the sun; the moon must be full and must run high. Then after the moon has passed the south we will have a very high tide if the wind along this coast is not against the Japanese current.

If you look in the almanac you will see that the full moon will be south on January 9th at thirty-seven minutes past one o'clock in the morning. But the moon's influence is not felt on the earth for two days, and it takes five hours and twenty minutes for the wave to reach this port, so we must add these figures. It can be thus computed that we will have a high tide on January 11th at 6:57 A. M. The other conditions will combine to make it unusually high. The earth is nearest the sun during January, and the moon will be nearest the earth on January 12th. The moon will be running highest (nearest the zenith) on January 8th, and the difference for the 11th will be too small to mention. If the winds on the ocean are north-east the tide will be still higher. Look out for breakers on the 11th of next month.

The petrified pieces of wood discovered among "the finds," at the recent excavation in Palestine, are now identified by Sam Jones, the revivalist as some of the rounds of Jacob's ladder.

The reason Why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

The Boise Statesman strongly opposes the annexation of the "panhandle" to Washington territory, and a joint resolution has been introduced in the legislature protesting against segregation.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at W. E. Dement & Co.'s Drug Store.

Death of Governor Gibbs.

Ex-Governor Addison C. Gibbs died yesterday in London. A cable dispatch informing his family of the sad fact was received here last evening. He was born in western New York and was a little over 60 years of age. He came to Oregon in 1852, and held the office of collector of customs in the Umpqua district under President Pierce's administration. He came to Portland in the fall of 1858 and formed a partnership with Judge Geo. H. Williams. He was elected to the state legislature for this county in 1860, and was elected governor of the state in 1862, being the second governor after Oregon was admitted into the Union. He received the caucus nomination of the legislature of 1866 for United States senator, but failed by two votes to be elected. He was elected prosecuting attorney of the Fourth judicial district in 1868 and was re-elected in 1870. In 1872 he was appointed United States district attorney for the district of Oregon. He was interested in many business enterprises, notably the old Oregon Iron works, established here in 1863. For the past two years Gov. Gibbs has resided in London, acting as agent for parties at the east for the sale of lands in this country.—Oregonian, Dec. 31.
