## A STORM AT TILLAMOOK ROCK

Chas. Hornung, head keeper at Tillamook rock light house, came up on the Manzanita yesterday, He reports stormy weather at the rock. The month of November was remarkably fine, but with December came terrible weather from the southeast. On the 16th the storm seemed to oulminate in a severity unequaled in his four year's experience. On the morning of that day, the sea rose in solid masses of water and seizing three water tanks, each 4x4x8 feet solidly constructed, broke and carried them away. Those tanks were 90 feet above the sea. Later on the water grew still rougher, a wall of water broke against the rock and rose far above, striking the light, which was 143 feet in height, falling solidly on the roof. Solid to strike and liquid to drown, tons of water flew up in the air and fell with a crash as of a hundred ham-Levings will receive at the house of mers again and again on the roof of the light house. ## Excitement in Texas.

Great excitement has been caused in the vicinity of Paris. Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

## What True Merit Will Do

The unprecedented sale of Boschec's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land, Price, 75cts., arge bottles.
