D. Winton, in Astoria, Oregon, ISAAC BERGMAN, Administrator. Probable Loss of a Famous Ship.

The probable loss of the Austrian ship Miroslar recalls the history of the famous ship Young America, the name which was given to the vessel when she was launched at the shipyard of William H. Webb in 1853. The Miroslar sailed from the Dela-ware Breakwater for Fiume on February 17th and has not since been heard from. She was one of those stanch live-oak vessels, with iron and copper castings, built expressly for the California trade. She was 233 feet long, 1,439 tons measurment and a three-decker. Her first eighteen voyages from New York to San Francisco, including one stop of Francisco, including one stop of sixty days at Rio Janeiro for repairs, averaged 118 days and 16 hours. Eight successive voyages from San Francisco to New York in her palmy days were made in 99 days, 100 days, 83 days, 86 days, 92 days, 97 days, 99 days and 92 days, respectively. No yacht or man-of-war was ever kept in better order than the Young America until she was sold to G. Tarraboc-chia & Co., of Buccari; Austria, in 1879. Her fast voyages and beautiful lines always attracted a large crowd to her wharf when she was in port.

Some Marine Awards Made.

United States District Judge Hoffman has rendered a decision awarding the English pilot, H. Peletier, \$4,000 damages for his involuntary Occidental. Judge Hoffman has also awarded \$2,200 to Mate O'Brien, and \$900 each to P. Hanlon and T. Harteger, sailors of the steamer Umatil la, which went ashore on Cape Flattery rocks. The three men sued the owners of the steamer for salvage, claiming that it was through their exertions that the *Umatilla* was got off the rocks and taken safely into Victoria, B. C.—S. F. Comm.
