BILLS INTRODUCED IN THE SENATE

Of the State of Oregon January 17th, 1887. No. 56, by Chandler—That fire insurance companies shall pay the full amount of the policy if the property be worth it, and the full amount of the loss if the property be partially destroyed, if the property is insured in the amount of the loss. No. 57, by Sigin—Authorizing county courts to expend county moneys in the construction of county roads. No. 58, by Watts—To pay territorial warrants to Joel J. Hembree, to the amount of \$946.18. Watts stated these were warrants bought up by Capt. Ab Hembree, killed afterwards in an Indian war. They were left to his wife, since deceased, and son, Joel J., now the heir. It was but recently discovered that these warrants, which were proper, had never been paid. Watts asked a second reading, but withdrew the motion on objection by Weatherford. No. 59, by Emmett—Compelling parents or guardians of children between the ages of 8 and 14 years to send such children to school twelve weeks in the school year, at least eight weeks to be consecutive, unless such child attend a private school or be taught at home. No. 60, by Watts—Regulating the sale of spirituous liquors, fixing the license at \$500 a year, with forfeiture of license for disobedience of the law and the other usual provisions. No. 61, by Dawson—That the escheat fund be loaned and the interest from the loan go to the school fund. No. 62, by Wager—To authorize the board of commissioners for the sale of school and university lands to employ an agent in the La Grand district, the fees not to exceed \$200 a year. No. 63, by Miller—Increasing the salaries of the county judges of Marion, Crook, Josephine, Clatsop, Gilliam and several other counties, as asked for by the representatives of the different districts. The increase is from \$200 to \$500 a year. No. 64, by Wager—To check the spread of thistles throughout the state. No. 65, by Dimick—Prohibiting the sale of tobacco to minors under 18 years, without the written consent of the minor's parents or guardian. No. 66, by Steel—Regulating the practice of dentists; that they must have diplomas. No. 67, by Simon—Authorizing county courts to build armories for the use of the state militia in cities of 10,000 inhabitants and over. No. 68, by Gray—Extending the boundary of Clatsop county to take in the Columbia river from shore to shore. The boundary now extends only to the middle of the channel. No. 69, by Stanley—Fixing the county license of patent medicine vendors at \$200 a year. No. 70, by Wager—Regulating freight rates on railroads. The bill classifies freights and provides for a reduction on all roads in the state, amounting to about one-third. No. 71, by Steel—Extending the securities of foreign corporations so they can deposit \$50,000 bonds in school, county and municipal bonds, as well as in state and national bonds. No. 72, by Gray—For the propagation and protection of salmon. No. 73, by Steel—Repealing the law that portable and traction engines be brought to a full stop within a hundred yards of a passing team. No. 74, by Stanley—Abolishing the board of immigration. No. 75, by Dawson—Amending the law for the construction of bridges and portages. No. 76, by Gray—For the erection and support of a fish hatchery on the Columbia river, to cost not to exceed \$20,000. No. 77, by Gray—Making it unlawful to label or brand salmon as "spring catch," or to label salmon "Columbia river salmon" not caught in said river. No. 78, by Irvine—For a board of railroad corporation commissioners, four in number, to be appointed by the governor, and to hold office until the next general election, then to be elected by the people; salary \$2,000 a year. No. 79, by Steel—Appropriating \$1,500 for the relief of R. F. Murphy, a veteran of the Indian war of 1856. No. 80, by Coleman—Defining and punishing vagrancy by a fine of \$50 to \$250; when imprisonment, to work eight hours a day at hard labor. Dr. Watts has introduced in the senate a license liquor law to supplant the defunct Keady law. It places the license at \$500 and requires the applicants to file an affidavit not to violate any of the provisions of the law, violation and conviction of which will incur the penalty of perjury. The salary of senators and representatives in congress is \$5,000 per annum; 20 cents per mile of to and from Washington, each annual session, and \$125 per annum allowance for stationary and newspapers. The president pro tempore of the senate and the speaker of the house get \$8,000 each per annum. Nearly one hundred and fifty lives have been lost in the new Croton aqueduct, New York, since the work commenced, three years ago. A Genial Restorative. Hostetter's Stomach Bitters are emphatically a genial restorative. The changes which this great botanic remedy produces in the disordered organization are always agreeably, through sure and progressive, never abrupt and violent. On this account it is admirably adapted to persons of delicate constitution and weak nerves, to whom the powerful mineral drugs are positively injurious. That it initiates those processes which result in the re-establishment of healthful vigor is conspicuously shown in cases where it is taken to overcome that fruitful cause of debility, indigestion, coupled, as it usually is, with biliousness and constipation. Thorough digestion, regular evacuation and abundant secretion, are results which promptly and invariably attend its systematic use. It is, besides, the best protective against malaria, and a first rate diuretic. During the year 1886, American mills produced 1,350,000 tons of steel rails, valued at \$40,000,000. The prospect for 1887 is still better. When baby was sick, we gave her Castoria. When she was a child she cried for Castoria. When she became a Miss, she clung to Castoria. When she had children, she gave them Castoria. Coston signal lights used on the transatlantic steamers are the invention of a woman, who has made something of a fortune. Old And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal. J. W. Conn. The cost of introducing a girl into society in New York and carrying her successfully through one season is estimated at \$1,698. Don't Frittle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents. J. W. Conn. The Chicago Railway Age reports that during the present year over 8,000 miles of new railway tracks were laid with steel rails. At Night Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by J. W. Conn. Irving Hall is reorganizing to try and hold the balance of power in New York city politics. Scarlet Fever and Diphtheria are spread by contagion, by the transfer of living matter. These particles come from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly with Darby's Prophylactic Fluid, the great germ destroyer. Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: "As a disinfectant and detergent Darby's Prophylactic Fluid is superior to any preparation with which I am acquainted."

How's Your Liver? Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy. NEVER BEEN DISAPPOINTED. As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels. W. J. McFELLOTT, Maccos, Ga. J. H. ZEILIN & CO., Philadelphia, Pa. Price \$1.00.
