THE TERROR OF THE PLAINS.

A Wild Western Blizzard and Its Fearful Destructiveness.

A man just in from Fort Niobrara was warning himself over a register in the Sherman House one afternoon. "You people in this part of the country," he said, "have little idea of the terrors of a blizzard on the plains. Out where I came from one of these storms means death to man and beast. Nothing can live in the blinding, piercing gale. The blizzard in western Kansas and Nebraska and Dakota about ten days ago was as disastrous to human life as any we had last winter. It burst upon the country with a fierceness seldom equalled in that land of elemental disturbances. The ranges were piled high with drifting snow, and cattle, becoming confused in the flying crystals, perished in their tracks.

"One of the melancholy incidents of the storm was the loss of a very pretty young woman—the belle of a Dakota village. She had just left her home for the purpose of relieving a poor family who were in distress, when the blizzard roared up on her. Losing her way in the darkness and whirling snow, she fell from exhaustion and was not found until her hands and feet were so badly frozen that amputation was resorted to to save her life. When I left the country the unfortunate girl was lying at the point of death.

"Another sad incident of the storm was the loss of two children who were at play in the outskirts of a Nebraska town. The blizzard swept them from the face of the earth as completely as though they had been swallowed up. As soon as they were missed 200 men and boys set out in the teeth of the gale to rescue them. They searched the country over, but not a vestige of the little fellows could be found. It is not unlikely that the blizzard picked them up and bore them a long distance from the spot where they were last seen at play.

"There were many other fatalities which I cannot now recall, but which were fully as melancholy as the one I have described. Nothing can compare with the fury of one of our blizzards. It stops one's breath, inflames the eyes and roars in your ears until you think your head will surely split. The flying snow which pelts you in the face, stings like so many needles, and nearly drives you mad with pain. Your legs grow weak, nausea adds to your misery, and, finally, when life ceases to be worth battling for, you fall to the ground and slowly freeze to death."

—Chicago Herald.

The Rapidity of Progress Toward Health. Even when a good remedy for disease is selected, depends in some measure upon the manner in which it is taken. Irregular, interrupted doses can afford no fair test of the efficacy of any medicine, however satisfactory. Taken in proper doses at prescribed intervals, a reliable curative will effect the object of its use. Among remedies which, systematically and persistently used, accomplish thorough and lasting cures, and prevents the recurrence of periodic disease, Hostetter's Stomach Bitters ranks specially high. In cases of dyspepsia, debility, rheumatism, fever and ague, liver complaint, inactivity of the kidneys and bladder, constipation, and other organic maladies, it is a tried remedy, to which the medical brotherhood have lent their professional sanction, and which, as a tonic, alterative and household specific for disorders of the stomach, liver and bowels, has an unbounded popularity.

The Heppner Gazette is always equal to the occasion. Referring to the present spell of soft weather, it said: "There is some mud on men's boots these days, and a good Heppner housewife has turned her 'Welcome' door mat upside down and embroidered on it 'A burning hell awaits the careless.'"

And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.
J. W. Conn.

John C. Fremont is 73 years old and is hale and hearty.

Don't Fringe with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.
J. W. Conn.

National Board of Trade.

WASHINGTON, Jan. 21.—The National board of trade-to-day discussed the resolution favoring government aid for the improvement of the Columbia river. Senator Dolph, of Oregon, spoke in favor of it. The resolution was rejected.

A resolution was submitted by the Cincinnati chamber of commerce asking congress to consider the feasibility of converting a hundred million of the present bonded debt into long term bonds bearing interest at the rate of two per cent. per annum with a view to use them as security of the national government for deposits and other forms of trust. After brief discussion it was adopted.

A resolution to the effect that it is the most imperative duty imposed on congress to adopt a measure necessary to protect and fortify the coast seaports of the country. That the defense of the harbors of New York and San Francisco be the work first undertaken, as they involve the largest risks and are least protected of all larger cities. Adopted.

A Statement From O. P. Huntington.

NEW YORK, Jan. 21.—C. P. Huntington said yesterday: "The purchase of the Oregon & California will not involve the issue of any new Central Pacific stock. The amount of Central Pacific stock now outstanding is \$100,000,000. Some of this outstanding stock, now in the treasury, will be used to buy the Oregon & California road."

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons' Liver Regulator is not a drastic, purging medicine. It does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system.
Hon. Alex. H. Stephens, of Ga., says: "Simmons' Liver Regulator is mild and suits me better than more active remedies."

A new departure has been made in the rules of the United States penitentiary, McNeill's island. Every person brought to that island under sentence now has the right side of the hair on the head shaved off, while the other side is allowed to remain in its normal state.

At Night Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by
J. W. Conn.

It is next to impossible for a man to teach a girl to whistle. When she gets her lips properly puckered she looks so bewitchingly tempting that he loses his head and kisses her, and the consequence is she doesn't have a chance to blow a note.

TAKE
SIMMONS
LIVER REGULATOR
For All Diseases of the
Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful of more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. L. M. HIRSTON, M. D., Washington, Ark.
