THE LEGISLATIVE DELEGATION.

A Public Meeting at the Opera House Last Evening.

The gentlemen of the state senate and house of representatives who came down in an unofficial capacity as guests of Capt. Gray on the *Lurline* yesterday morning, after breakfast went on board the *Gen. Miles*, in company with several citizens of Astoria, and went to Fort Stevens, from there to Fort Canby and the light-house at Cape Hancock and from there to Ilwaco, taking on some Ilwacoites and returning here about three o'clock in the afternoon.

The weather was not very propitious for their visit but the remainder of the afternoon was spent in conversation with prominent citizens and looking around the city; those who had been here before expressing their satisfaction at the manifest signs of growth, progress and improvement. At 5:30 the visitors were the recipients of a dinner at the Occident, tendered by the chamber of commerce, and in the evening a public meeting was held at Ross' opera house, which was filled with citizens.

The meeting was presided over by Senator Gray. Speeches were made by Geo. Johnson, who has lately returned from Washington city, Gus Bender, Frank Backridge and other residents, and by Messrs. Allen, Rhinehart, Barin and Lee, the remarks being mainly relative to the fish traps in Baker's bay and elsewhere along the lower river. Calls were made for representatives of the fish traps to come forward, no one responding.

Geo. Johnson gave a condensed statement of his action as representative of several labor assemblies while in Washington, the progress of his work and what was desired, and spoke of former action relating to fish traps.

The visitors' remarks were to the effect that they had not come to instruct or suggest, but to receive information and they expressed pleasure at being able to meet so many representing a great industry of the state and get an expression of opinion from all who desired to give it.

The meeting was large and harmonious, all present evincing the deep interest they felt in the subjects under consideration, which are of present and future importance.

At the conclusion of the speeches the meeting adjourned, and subsequently some of the fish trap owners who had come over from Ilwaco, gave testimony before Messrs. Allen and Pomeroy, members of the fishery committee, the other legislators being on the committee of commerce.

The party will leave on the *Lurline* for Portland at eight o'clock this morning and express great satisfaction regarding their visit.

A Few Witnesses Examined. In the circuit court yesterday all the dread imagery of the law was invoked to try a case wherein one N. F. Sargentovich stood charged with assault with a deadly weapon on one M. Kookitch, in front of Cosmos' saloon on the evening of the 24th of last December. The morning was consumed in the important work of impelling a jury of twelve men, good and true, to try the case.

After dinner testimony was adduced. Among the witnesses deemed necessary to be summoned to give testimony in the matter were J. Robbins, J. Cosmos, C. Portala, A. M. Twombly, C. B. Watson, F. Houseman, Dr. Estes, H. Stevens, A. Cleveland, Andrew Schuring, B. S. Worsley, H. Van Nicholas, J. W. Welch, A. Balmanno, F. H. Sherman, H. T. Hansen, M. Kookitch, D. Blazartich, N. Davitch, A. Zoditch, N. F. Sargentovich, H. Bazzovitch, et al.

After they had made statement under oath the attorneys made a few subsequent remarks of a relatively contradictory nature and the case was given to the jury, who rendered a verdict of "not guilty."

What True Merit Will Do. The unprecedented sale of *Bosanko's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75cets., large bottles.
