Admission of Entries and Filings.  
GENERAL LAND OFFICE,  
WASHINGTON, D. C., Dec. 13, 1886.  
Registers and Receivers U. S. Land Office,  
GENTLEMEN: The rules heretofore in force relative to the admission of entries and filings on lands selected (and prior to their approval and certification by the secretary of the interior) as "swamp and overflowed and rendered thereby unfit for cultivation," are hereby modified as follows:

1. When any settler upon such lands or applicant to enter the same under the public land laws, accompanied by a statement under oath corroborated by two witnesses, that the land in its natural state is not swamp and overflowed and rendered thereby unfit for cultivation, the register and receiver will allow such filing or entry "subject to the swamp land claim."
2. Upon the admission of any such filing or entry the register will at once notify the governor of the state thereof, and allow him sixty days within which to object to the perfection of the entry and to apply for a hearing in behalf of the state to prove the swampy character of the land.
3. When a hearing is ordered between the state and claimant under the public land laws, the burden of proof will be upon the state to establish the character of the land.
4. When no protest or application for a hearing is presented on the part of the state, as herein provided, the state will be deemed concluded from thereafter asserting a claim to the land under the swamp land grant.
5. The foregoing applies only to those states whose claims are adjusted by examination in the field.
6. Where swamp land selections are based upon the field notes of survey, and the land is alleged not to have been in fact swamp and overflowed, and rendered thereby unfit for cultivation at the date of the swamp land grant, the burden of proof will be upon the contestant or adverse claimant under the public land laws.
7. You will promptly advise this office when notice is given the governor in any case, stating the date of such notice, and the description of the land involved. You will also duly report the governor's action in each case.

Approved: **WM. A. J. SPARKS,** Commissioner.  
**L. Q. C. LAMAR,** Secretary.  
Canadian Opinion.  
MONTREAL, Jan. 26.—All the leading Canadian papers, irrespective of party, agrees that Canada's position is impregnable in the fishing question, and urge the dominion government to uphold Canada's rights. At the same time the hope is expressed that the United States government will not take the course which the recent legislation indicates, until every means of coming to a fair and friendly settlement is exhausted.

When baby was sick, we gave her Castoria, When she was a Child she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

In the senate on the 26th, Senator Mitchell introduced a bill providing for the repayment of \$1.25 per acre to settlers and purchasers of the even numbered sections of public lands within the limits of congressional grants, where said settlers and purchasers have paid the maximum price of \$2.50 per acre, and where the grant has been restored to the public domain.

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system.

Shouldn't Back Down.  
NEW YORK, Jan. 26.—Many papers this morning surrender much space to the question of a possible war between Great Britain and the United States. The World publishes interviews with prominent business men all of them believe war impossible. The Sun, in a double-headed leader, says: "The senate of the United States has passed a measure which in intention and effect is a challenge to one of the great powers of the earth. Senators who took part in the discussion on Monday distinctly recognized the fact that the retaliation bill is a notification and a menace, which, under certain conditions of public feeling, would lead to war with Great Britain. In defense of American rights we are about to take a position from which we shall not recede. The alternative of peace or war lies with Great Britain. Pluck and patriotism rang out in the senate chamber on Monday. The talk of war was not ridiculous, for it is justified by the outrages to which our fishermen have been subject for months at the hands of Dominion cruisers, and nations have been embroiled before this for less cause. Our coasts are defenseless, our great cities are at the mercy of the first comer. We have no forts, no guns, no ships fit to withstand an attack of an enemy equipped with the appliances of modern warfare. The enemy that comes may be a ruffian among nations, a coward, a bully, selfish, and rapacious, and, nevertheless, may bring guns capable of raking Manhattan island. Let not congress neglect its duty any longer. While firmly and fearlessly maintaining American rights as against Great Britain or against the world, let the senators and the representatives in congress remember that firmness and fearlessness are not the only ways of manifesting patriotism."

The Effects of Mental Exhaustion.  
Many diseases, especially those of the nervous system, are the products of daily renewed mental exhaustion. Business avocations often involve an amount of mental wear and tear very prejudicial to physical health, and the professions, if ardently pursued are no less destructive to brain and nerve tissue. It is one of the most important attributes of Hostetter's Stomach Bitters, that it acts as a tonic for this entire class of disease, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing vital stamina, and counteracting the effects of mental exhaustion, this potential medicine cures and prevents fever and ague, rheumatism, chronic dyspepsia and constipation, kidney and uterine weakness and other complaints. Physicians also commend it as a medicated stimulant and remedy.

Old And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

**TAKE**  
**SIMMONS**  
**LIVER REGULATOR**  
For all Diseases of the Liver, Kidneys, Stomach and Spleen.  
This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.  
The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.  
No loss of time, no interruption or stoppage of business while taking the Regulator.  
Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.  
If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.  
A PHYSICIAN'S OPINION.  
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
