Canadian Opinion.
TORONTO, Jan. 27.—The Mail says "It is unfortunate for Canadian interests that the general elections should be in progress when our American neighbors are legislating against us. It is true the bellicose speeches delivered in the United States senate the other day need not be taken seriously. Nevertheless, it is abundantly evident from the better class of American journals, that our neighbors are determined to adopt a spirited foreign policy. In plain English, to steal our fish and punish us if we attempt to prevent them. We suffer from American prejudice against England, and from England's unwillingness and inability to make our cause her own; and betwixt the two it will be a miracle if we are not shorn. The foreign office will make a show of protecting our rights, but the capital consideration with Lord Salisbury will not be the justice of our own case, but the necessity for maintaining cordial relations with the United States. The power to suspend intercourse, which is to be vested in the president by the Edmunds and Belmont bills, is to prevent our ships from entering American ports and to stop our railroad cars and locomotives at international points, and is merely what the Americans themselves call a bluff. By bluffing our neighbors have in the past managed to cheat us out of whole seaboard and territories. Come what may, this time we trust the Canadian and imperial authorities will press for something approaching a permanent solution of the question, so that we may know exactly where we stand."

The Cabinet Divided.
WASHINGTON, Jan. 27.—There is a serious difference of opinion in the cabinet over the Edmunds fisheries resolution. The president and Secretary Manning are on one side in support of the senate's action, and Secretary Bayard is rather inclined toward the adoption of more pacific measures. From present indications it looks as though Secretary Bayard had the advantage of the president and Secretary Manning, and he has quietly gone to work and captured the foreign affairs committee of the house by urging them to kill the Edmunds resolution. It is understood that the committee will report neither the Edmunds nor the Belmont resolution, but that they will come in with some compromise measure, which will be satisfactory to Secretary Bayard.

PHILADELPHIA, Jan. 27.—The Times' Washington special says: Senator-elect Hiscock has been in close conference with a few prominent Republicans of the house, and has started them with the emphatic announcement that Blaine has not only formally announced himself to certain leaders in New York as a candidate for the presidential nomination, but, with the consent and co-operation of those gentlemen had already commenced the work of securing the New York delegation. Senator Hiscock admitted substantially that his own election is due to friends working upon the supporters of Morton, with that gentleman's assent, and by arrangement with them had restored harmony in the Republican party which would insure the carrying of the Empire state for Blaine.

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system.
Hon. Alex. H. Stephens, of Ga., says: "Simmons Liver Regulator is mild and suits me better than more active remedies."

J. H. Revenue has been appointed postmaster at Sandy, Clackamas county.
Bucklen's Arnica Salve.

A Nasal Injector free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by W. E. Dement.

A Swamp Land Matter.
WASHINGTON, Jan. 27.—Among the affidavits secured by Special Agent Shackelford bearing on swamp land matters is one made by S. T. Richardson, a lawyer at Salem, on the 18th of last October. The affidavit recites that during the session of the state legislature held in 1885, he was appointed law clerk by the joint committee of the legislature on public lands, to assist them in investigating the management of swamp lands in Oregon. That while so employed he marked on a map the filings in which H. C. Owen appeared by the records to be interested, either as the original claimant or grantee, and that said filings as near as he can recollect, aggregated about 13,000,000 acres. Affiant states that a report of said committee was prepared to be submitted to said legislature, but for some reason unknown to him the report was suppressed. After the preparation of said map affiant ascertained that it would be impossible to enter on the same the filings of other swamp land claimants conflicting with Owen's filings, and thereupon he, Richardson, made abstracts of the swamp land filings, specifically showing the conflicting claims of the respective parties, which abstracts were taken in charges by said committee, and which they now are affiant knoweth not. The affidavit recites that the filings of Owen were as a rule made by successions of townships in a lump or by natural monuments, without respect to the legal subdivisions of the survey.

INFLAMMATION OF THE KIDNEYS.
Hon. Edward A. Moore, Member of Assembly from Richmond County, New York, writes:
"Some two weeks ago I was taken with inflammation of the kidneys. The pain was intense. I applied as soon as possible an ALCOCK'S PAIN-RELEASER over each kidney. Wonderful to say, the pain and inflammation began to abate in three hours. In two days I was entirely cured. I always take great pleasure in recommending ALCOCK'S PLASTER; they are certainly the best external remedy known. I used them as chest protectors and found them most efficient."

NEW YORK, Jan. 27.—A call is out for a meeting of the produce exchange on Saturday, for the purpose of further working up commercial sentiment in favor of a congressional appropriation for harbor defense. There is a latent apprehension on the part of some timid people that before the fisheries dispute is settled we may have serious trouble with England, and that the best way to prepare for it is to place the city in a position which would prevent it from falling an easy prey to the first hostile demonstration that might be made upon it.

Saved His Life.
Mr. D. I. Witcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained in flesh fifteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by W. E. Dement & Co.

Asiatic cholera is raging in South America.
Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by J. W. Conn.

The ex-treasurer of Washington county, Thomas Jeffreys, is found to be short \$5,339.68 in his accounts. No defalcation is suspected, as the shortage is ascribed to carelessness in accounting.

Many of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by J. W. Conn.

An increase of mail service to six times a week has been ordered from White Salmon, Wasington territory, to Hood river, beginning February 15.

TAKE
SIMMONS
LIVER REGULATOR
For all Diseases of the
Liver, Kidneys, Stomach and Spleen.
This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.
The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.
No loss of time, no interruption or stoppage of business while taking the Regulator.
Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.
If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.
A PHYSICIAN'S OPINION.
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. L. M. HAYDEN, M. D., Washington, Ark.
