S. B. 3222.
In the senate of the United States, January 26, 1887, Mr. Mitchell, of Oregon, introduced the following bill, which was read twice and referred to the committee on public lands.
A bill to reimburse settlers and purchasers on even-numbered sections of public lands within the limits of congressional grants in cases of forfeiture of odd-numbered sections.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled:
That in all cases where any person or persons have purchased any part or portion of any even-numbered section of public lands of the United States within the limits of any congressional grant made in aid of any railroad, wagon-road, or other public enterprise, under any of the land laws of the United States, and have paid to the United States at the rate of two dollars and fifty cents per acre for such lands so purchased, by reason solely because such even-numbered sections are within the limits of such congressional grant, and since the date of such purchase and payment the odd-numbered sections within such congressional grant, adjacent to and coterminous with such even-numbered section or parts of sections so purchased, have been or shall by the United States at any time hereafter be declared re-timed or restored to the United States by reason of any failure upon the part of the grantee company to construct its road adjacent to and coterminous with such lands within the time specified in such grant, then, in each of said cases, upon the application of the person or persons so purchasing parts or portions of such even-numbered sections as aforesaid, to the commissioner of the general land office, and making proof to the satisfaction of such commissioner of such payment, and of the facts herein stated, he or they shall be entitled to be reimbursed from the United States in the sum of one dollar and twenty-five cents per acre, in cash, for each and every acre so purchased by him or them, and for which the sum of two dollars and fifty cents had been paid; and it shall be the duty in each of said cases of the commissioner of the general land office, if he finds such claimant entitled to reimbursement under the provisions of this act, to issue his certificate to such claimant certifying such fact to the second comptroller of the treasury department, and stating therein the amount to which such claimant is entitled; and upon approval of such certificate by the second comptroller, and of the amount found to be due such claimant by the commissioner of the general land office, such amount shall, upon proper warrant and draft to be then issued in favor of such claimant, be paid by the treasurer of the United States upon presentation of proper draft therefor; and the amount necessary to meet all such claims for reimbursement under the provisions of this act is hereby appropriated.

More About These Big Guns.
CHICAGO, Feb. 8.—The Times' Ottawa (Ontario) special says: Some mistake appears to have been made in the announcement that the British government are sending out a number of eighty-ton guns for the coast defense of Esquimaux and Victoria. Several sixty-four pounders have been sent out from England, not for the armament of forts, but to be placed either on board of British ships of war belonging to the Pacific squadron, to go into the naval reserves. Some time ago the British minister of war made application to the Canadian Pacific railway folks to know if they could transport one or more eighty-ton guns over their road. An estimate of the cost was given, with a model of the car which it was intended to use if the shipment were made. Since then nothing has been heard of the eighty-ton gun. The officer in charge of the British Columbia district does not speak very favorably of the condition of the armament at that point. The guns, he reports, are few, with rotten timbers and carriages, while the guns are without sights. The batteries at Victoria and Esquimaux, the officer says, are in a discreditable condition.

THE PRESIDENT OF THE NEW YORK STATE SENATE.
For expediting legislative business, Edmund L. Pitts, the President of the New York State Senate, stands almost without a peer. Such a place as he holds is a most trying one and requires great powers of endurance. One of Mr. Pitts' ablest supporters will be seen in his letter given below:
STATE OF N. Y., SENATE CHAMBER, ALBANY, March 11, 1886.
I have used Alcock's Porous Plasters in my family for the past five years, and can truthfully say they are a valuable remedy and effect great cures. I would not be without them. I have in several instances given some to friends suffering with weak and lame backs, and they have invariably afforded certain and speedy relief. They cannot be too highly commended.

SIMMONS
LIVER
REGULATOR
FAULTLESS FAMILY MEDICINE
"I have used Simmons Liver Regulator for many years, having made it my only Family Medicine. My mother before me was very partial to it. It is a safe, good and reliable medicine for any disorder of the system, and if used in time is a great preventive of sickness. I often recommend it to my friends, and shall continue to do so."
"Rev. James M. Rollins, Pastor M. E. Church, So. Fairfield, Va."
TIME AND DOCTORS' BILLS SAVED by always Keeping Simmons Liver Regulator in the house.
"I have found Simmons Liver Regulator the best family medicine I ever used for anything that may happen, have used it in Indigestion, Colic, Diarrhoea, Biliousness, and found it to relieve immediately. After eating a hearty supper, if on going to bed, I take about a teaspoonful, I never feel the effects of the supper again."
