

In the chapter on Lincoln, in the February Century, it is stated that: "The administration of Gen. Taylor, apparently feeling that some compensation was due to one so earnestly recommended by the leading Whigs of the state of Illinois, offered Mr. Lincoln the governorship of Oregon. This was a place more suited to him than the other, (commissioner of the general land office) and his acceptance was urged by some of his most judicious friends on the ground that the new territory would soon be a state, and that he would come back as a senator. This view of the matter commended itself favorably to Lincoln himself, who, however, gave it up, on account of the natural unwillingness of his wife to remove to a country so wild and remote."

It is somewhat remarkable, says the Walla Walla Union, that afterwards Col. Baker, who had been Lincoln's political associate in Illinois, became senator from Oregon, and gave his life for the Union to which they were both so intensely devoted. Who can measure the possibilities which would have followed the acceptance by Lincoln of the position of governor of Oregon in 1849? The history of the Nation might have been different. On what small things the destinies of nations turn. A woman's whim kept Lincoln from being governor of Oregon and made him the great martyr of modern times.

In a general way Americans understand that their country is making marvelous progress in population and wealth. But they will never quite realize the force of the facts until the census of 1890 has been taken. It will then be found that in no previous decade has there been any such progress as between 1880 and 1890. The three sections of the country which will show the most remarkable developments are the south, the west and the Pacific coast. As to the southern states, the change there is not so much in the additions to the population as in its material development; in other words, the enhancement of its wealth, present and prospective. In the olden times cotton raising was the main source of income. It now represents only one-third of the money-producing industries of that section. The beneficent change has been brought about by manufacturing enterprises and the consequent diversification of employments. Instead of employing themselves in raising cotton alone, and getting their tools, clothing and even their food from the north, they now manufacture for themselves and raise their own corn and pork. It is the products of coal and iron which have enriched modern nations, and it is the working of these two minerals which is changing the whole face of southern society.

26,587,335 BOTTLES OF Warner's SAFE Cure Sold, to Dec. 27, 1886.

No Other Remedy in the World Can Produce Such a Record.

This wonderful success of "Warner's SAFE Cure" is due wholly to the real merit of the remedy. For a long time it has been regarded by the highest medical authorities as the only specific for kidney, liver and urinary diseases and female complaints.

Read the following and note the large number of bottles distributed. We guarantee these figures to be correct, as our sales-books will prove.

- Boston, 1,149,122. Pennsylvania, 1,821,218. CAPT. W. D. ROBINSON (U. S. Marine Insp., Buffalo, N. Y.), in 1855 was suffering with a thin humor like leprosy. Could not sleep; was in great agony. For two years tried everything, without benefit. Was pronounced incurable. "Twenty bottles of Warner's SAFE Cure completely cured me, and to-day I am strong and well." (Feb. 5, 1885.) Providence, 171,929. EX-GOV. T. G. ALVORD (Syracuse, N. Y.), in 1884, began running down with General Debility, accompanied with a sense of weight in the lower part of the body, with a feverish sensation and a general giving out of the whole organism. Was in a most deplorable condition to his bed much of the time. After a thorough treatment with Warner's SAFE Cure he says: "I am completely restored to health by its means." Portland, Me., 441,105. MAJOR S. B. ABBOTT (Springfield, Mo.), in 1871 was afflicted with lame back, Rheumatism and Kidney trouble. Consulted the very best physicians in San Francisco, and visited all the mineral springs there. Took a health trip to the New England States, but for seven years suffered constantly from his malady, which had resulted in Bright's disease. After using a couple dozen bottles of Warner's SAFE Cure and two of SAFE Pills, he writes: "My back and kidneys are without pain, and thank God, I owe it all to Warner's SAFE Remedy." Bal. of New Eng., 441,753. MRS. J. T. RITCHIEY (562 4th Ave., Louisville, Ky.) was a confirmed invalid for eleven years, just living, and hourly expecting death. Was confined to bed ten months each year. Was attended by the best physicians. Her left side was paralyzed. Could neither eat, sleep, nor enjoy life. The doctors said she was troubled with female complaints; but she was satisfied her kidneys were all well. Under the operation of Warner's SAFE Cure she passed a large stone, and in N. O., 1855, reported: "Am to-day as well as when a girl." New York State, 3,870,773. Bal. N. W. States, 1,757,149.

ASK YOUR FRIENDS AND NEIGHBORS ABOUT "WARNER'S SAFE CURE." THE MOST POPULAR REMEDY EVER DISCOVERED.

- Cleveland, 682,632. St. Louis, 1,530,527. EX-GOV. R. T. JACOB (Westport, Ky.) was prostrated with severe kidney trouble and lost 40 pounds of flesh. After the stomach treatment with Warner's SAFE Cure he reports: "I have never enjoyed better health." Cincinnati, 873,657. GEN. H. D. WELLEN (144 Madison Ave., New York), scarcely able to walk two blocks without exhaustion, and, having lost flesh heavily, began the use of Warner's SAFE Cure and says: "I was much benefited by it." Bal. Ohio, [State], 633,158. COL. JOSEPH H. THORNTON (Cincinnati, O.) in 1885 reported that his daughter was very much prostrated; had palpitation of the heart, into no parts in the head, nervous disorder and catarrh of the bladder. She lost fifty-five pounds. Other remedies failing, they began the use of Warner's SAFE Cure, SAFE Pills and SAFE Nervine, and within three months she had gained fifty pounds in weight and was restored to good health. That was three years ago, and she is still in as good health as ever in her life. Col. Thornton, himself was cured of Chronic Diarrhea of eighteen years standing, in 1881, by Warner's SAFE Cure. Southern States, 3,534,017. C. H. ALLEN (Leavenworth, Kan.), son Edwin, two years of age, afflicted with extreme case of Bright's disease, and the doctors gave him up. By the advice of his doctor's wife, began the use of Warner's SAFE Cure, and after taking seven bottles he is perfectly well and has had no relapse. Canada, 1,467,824. Bal. Pacific Coast, 732,316.

Every Testimonial we publish is genuine. Write to the testators, enclosing stamp for reply, and learn for yourselves.

Robert Macaire, Now in its 300th Night, at the Casino, New York. Box Sheet now open at the Crystal Palace Book Store.

MRS. THOS. SCHMIDT (Wife of the Vice-Consul of Denmark, 69 Wall St., New York) reported that her little son, after an attack of Diphtheritic Sore Throat eight years ago, was afflicted with Bright's Disease in advanced form; by the advice of Gen'l Christensen, of Lowell, Morgan & Co., Boston, New York, she prescribed Warner's SAFE Cure, with the consent of the physicians, and reports, "the physicians say that he will be perfectly well."

MISS Z. L. BOARDMAN (Quebec, Vt.), in May, 1882, began to bleed, thence came stomach trouble, tremor, headaches, and finally the doctor's opinion that it was Bright's disease, and incurable. Eventually she became nearly blind, pronounced by the doctor to be in the last stage of Bright's disease. After having been under treatment by Warner's SAFE Cure for one year, she reported, "I am as well as any one."
