Your Home Paper.

The editor of the *Idaho County Free Press* put a great many truths together when he wrote the following: "When you are about to discontinue your subscription and patronage to your home paper in order that you might subscribe for some cheaper and better foreign paper, did you ever stop to think that it is really your home paper that is really the source of the most pleasure and profit to you? Your home paper is the only one that is directly identified with the interests of your home and the neighborhood in which you live. Have you ever read in any other paper anything that so thrilled your heart with joy and pride as did the item relating to your success and prosperity, or the advancement of your children, or the tender tribute to some departed relative or friend, clipped from the columns of your local newspaper and laid away to be read and re-read as sweet memories of the past? Your home paper is directly concerned in the welfare of you and your neighbors. No other paper so well understands your wants and necessities. No other paper will so willingly speak the word of encouragement or warning to you and your children. No other paper can feel that pride and interest in the noble achievements of yourself and neighbors that your home paper does, no matter whether you have won a lottery prize or a horse race, or have raised the biggest crop ever grown on the prairie. And yet there are many who ridicule their home paper as being unworthy of a place alongside the larger newspapers in their homes. Is this generous? Is it sensible? Is it just? As well might you turn a cold shoulder to your obliging neighbor and friend who has assisted you in your adversity, and seek the relationship of those who neither know nor care about your misfortunes. Your first duty is to your home paper in preference to all others. No other paper, no matter how much more reading matter it may contain, can possibly have claims upon you until you have first declared your obligations to your home paper. Nothing contributes so much toward the general welfare of a town or community as the local paper, and it should, therefore, be encouraged by generous patronage."

The Beginning of the End.
The beginning of a disease is a debility or disorder of some of the vital organs, the stomach, the liver or the bowels usually. There are dyspeptic symptoms, the liver is troublesome, the skin grows lumpy and unhealthy looking, there are pains in the right side or through the right shoulder blade. The climax is often an utter prostration of the physical energies, perhaps a fatal issue. But if the difficulty is met in time with Hostetter's Stomach Bitters, which is always effective as a remedy, and it should be resorted to at an early stage, there will be no reason to apprehend those injurious subsequent effects upon the system often entailed by entirely cured diseases. Far better it is, also, to employ the safe remedial agent in fever and ague, and other malarial complaints, than to drink and other potent drugs, which, even when they do prove effectual for a time, ruin the stomach and impair the general health.

There was an old preacher once who told some boys of the bible lesson he was to read in the morning. The boys finding the place, glued together the connecting pages. The next morning he read at the bottom of one page: "When Noah was 120 years old he took unto himself a wife, who was then"—turning the page—"140 cubits long, 40 cubits wide, built of gopher wood and covered with pitch inside and out." He was naturally puzzled at this. He read it again; verified it, and said: "My friends, this is the first time I ever met this in the bible, but I accept it as an evidence of the assertion that we are fearfully and wonderfully made."

ON THE FIR-TOP OF MARCH, 1887. MRS. Munsion's Lodging House for private boarding or retreat dwelling. For particulars apply either personally or by letter to MRS. J. W. MUNSION, Fort Stevens, Oregon.

W. T. Pilot Commissioners.

The Washington territory board of pilot commissioners have submitted their annual report to Gov. Squire. In it, among other things, they state that the number of vessels in the foreign trade which have cleared from the custom house at Astoria, Oregon, from Dec. 31, 1885, to Jan. 1, 1887, is 176, with a total tonnage of 181,343 tons. The number of vessels in the coasting trade which have entered the port of Astoria during the period above named, is 191, with a total tonnage of 280,355 tons. The number of vessels in the coasting trade which have cleared from the custom house at Astoria, bound out, is 186, with a total tonnage of 308,283 tons, which makes a total tonnage passing in and going out over the Columbia river bar, from Dec. 31, 1885, to Jan. 1, 1887, of 892,137 tons, and this statement does not include certain vessels in the lumber trade, nor vessels passing Astoria direct from or to other ports. Many of these vessels have, during fine weather, passed in and out over the Columbia river bar without the aid of tugs or pilots.

They recommend that no new legislation be had on the subject of pilotage on the Columbia river bar, except that the rates for pilotage be reduced respectively, from eight and ten dollars per foot draft, to six and eight dollars per foot draft.

The amount of cash on hand with the treasurer of the board is \$12.60.

Diphtheria.
"I am living in a neighborhood surrounded with Diphtheria and was attacked with Ulcerated Sore Throat. I at once commenced to use Darby's Prophylactic Fluid, diluted about one half, as a gargle, when great clots of hard membrane and mucus came from my throat, and the attack passed off. I am a great believer in its efficacy as a preventive and cure for Diphtheria."
W. P. Woodward, Frankford, Pa.

Physically the Czar of Russia is the strongest man in Europe. When he was czarowitch he one day took a gold rouble in his hands and by main strength twisted it into a cork-strew. Throwing the mutilated coin at the prefect of police, he said, "If you open one of my letters in the future I will treat you as I have this coin." The incident was the outcome of an order on the part of the czar that all letters should be opened by the police.

The reason Why Acker's Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.
J. W. Conn.

Jack Stevens, better known as "Sailor Jack," entered Dr. Fulton's office at Astoria City on Saturday last, for medical treatment. He laid down on a lounge in the office, and in a short time life left him and he expired. Too much "elegant booze" is supposed to be the cause of his death, as he was a heavy drinker.

When baby was sick, we gave her Cassell's. When she was a child she cried for Cassell's. When she became Miss, she clung to Cassell's. When she had children, she gave them Cassell's.

To Regulate
THE FAVORITE HOME REMEDY is warranted not to contain a single particle of Mercury or any injurious substance, but is purely vegetable.

It will Cure all Diseases caused by Derangement of the Liver, Kidneys and Stomach.

If your Liver is out of order, then your whole system is deranged. The blood is impure, the breath offensive; you have headache, feel languid, despondent and nervous. To prevent a more serious condition, take at once Simmons' Liver Regulator.

LIVER REGULATOR. If you lead a sedentary life, or suffer with Biliousness, seek relief at once in Simmons' Liver Regulator. It does not require continual dosing, and costs but a trifle. It will cure you.

If you wake up the morning with a bitter, bad taste in your mouth, TAKE Simmons' Liver Regulator. It corrects the Biliary Stomach, sweetens the breath, and cleanses the Purged Tongue. Children often need some safe Cathartic and Tonic to avert approaching sickness. Simmons' Liver Regulator will relieve Colic, Headache, Sick Stomach, Indigestion, Dyspepsia, and the Complaints incident to Childhood.

At any time you feel your system needs cleansing, toning, regulating without violent purging, or stimulating without intoxicating, take

Simmons' Liver Regulator.
