In the State Senate.  
SALEM, Feb. 14.—H. B. No. 40,  
by Crockett, creating the county  
of Lee from Umatilla, was taken  
up for consideration, and failed.  
H. B. 68, Holland, providing for  
the creating of Malheur county;  
passed.  
H. B. 186, Thompson, changing  
the boundary of Linn county;  
passed.

SENATE BILLS—THIRD READING.  
S. B. 120, Lee, providing for the  
purchase of land and the erection  
of a brick building as a school for  
deaf mutes, at a cost not to ex-  
ceed \$20,000; lost and not yet  
given for reconsideration.  
S. B. 36, Chandler, making it  
unlawful for public corporations  
to employ aliens on public work,  
with a penalty of \$500; lost.  
S. B. 49, Weatherford, empow-  
ering county courts to fix the  
amount of tolls on toll roads; lost.  
S. B. 51, Chamberlin, providing  
that the present main channel of  
the Willamette river be made the  
boundary line between Marion and  
Polk counties. Chamberlin ex-  
plained that the channel had  
changed, and where it was former-  
ly on one side of an island of 400  
acres, it was now on the other side.  
Lee said the matter was of too  
small importance to have ever  
been brought before the legisla-  
ture. The channel was constantly  
changing, and a man living on the  
island hadn't yet paid his poll tax.  
They wanted to keep him in Polk  
county until he settled up.  
Dimick said to let him come  
over into Marion and he would  
guarantee payment of the poll tax.  
The bill failed to pass.

No. 59, Emmett, compelling  
children between the ages of 8 and  
14 years to attend school at least  
twelve consecutive weeks in a  
year, unless excused by the board  
for satisfactory reasons, or edu-  
cated at home.  
Veatch opposed the bill, for the  
reason that the school system of  
our state was not a free one. In  
some sections of our state they had  
a rate bill. If a man were so  
poor as not to be able to send his  
children to school because he  
could not pay the rate bill, should  
you punish him for it?  
Chandler said he did not believe  
there was a man in the state too  
poor to pay the rate bill who did  
not spend twice as much money  
for tobacco, and some of them  
twenty-five times as much for  
whisky. A man who was too  
poor to educate his children ought  
to be in jail or some other place.  
Veatch said no one favored such a  
bill more than he did, but he be-  
lieved there were honest poor, who  
didn't use tobacco or whisky, who  
couldn't pay this rate.

Chandler said if any one would  
show him a man in his county, in-  
dustrious and temperate, too poor  
to educate his child, he would  
give bond to have it done for him.  
Wat's and Dimick said this was  
an absolute necessity, as in some  
sections of the country half the  
children were growing up in ig-  
norance. The parents should be  
compelled to send them to school.  
The bill passed. Adjourned.

EVENING SESSION.  
S. B. 69, Chandler, licensing  
vendors of medicines; recommit-  
ted to the judiciary committee.  
S. B. 73, Steel, repealing the bi-  
cycle and traction engine act, as  
far as the act affects bicycles and  
tricycles; lost.  
S. B. 77, Gray, to prevent false  
branding of canned salmon; passed.  
S. B. 98, Weatherford, provid-  
ing that the county surveyor or  
his deputy, shall survey all roads;  
passed.  
S. B. 108, Siglin, providing for  
the admission of graduates of law  
colleges to practice in the courts,  
on their diplomas; passed.  
S. B. 111, Williams, for publi-  
cation in a newspaper of a descrip-  
tion of stray cattle taken up,  
where the value is over \$15;  
passed.  
S. B. 113, Dimick, creating the  
office of county recorder in Clack-  
amas, Yamhill, Umatilla, Linn,  
Marion, Clatsop, Washington and  
Union counties; passed.  
H. B. 204, Harrington, dividing  
the office of county clerk of Mult-  
nomah county into the offices of  
county recorder, clerk of the cir-  
cuit court, and clerk of the coun-  
ty court. The act takes effect  
July 1, 1887, an election for the

same to be held in June, 1888;  
passed.  
S. B. 114, Lee, requiring physi-  
cians and surgeons to procure li-  
cense from the clerk of the circuit  
court, which shall be granted only  
to graduates of reputable medical  
colleges; lost.  
S. B. 177, Wager, for an addi-  
tional judge and district attorney  
for the Sixth judicial district; read  
twice.  
S. B. 131, Coleman, appropriat-  
ing \$4,620 for portraits of the  
governors; reconsidered. Ad-  
journed.

The Militia Bill a Law.  
WASHINGTON, Feb. 14.—The  
president allowed the act appropri-  
ating \$400,000 a year to pro-  
vide arms and equipments for mil-  
itia to become a law without his  
signature. The constitutional li-  
mitation of ten days within which  
he should have acted expired Sat-  
urday. His failure to sign the  
bill is regarded as an oversight, as  
he was not known to object to any  
of its provisions.

The Salmon river miners have

The beginning of a disease is a debility or  
disorder of some of the vital organs, the  
stomach, the liver, or the bowels usually.  
There are dyspeptic symptoms, the liver is  
troublesome, the skin grows tawny and un-  
healthy looking, there are pains in the right  
side or through the right shoulder blade. The  
climax is often an utter prostration of the  
physical energies, perhaps a fatal issue. But  
if the difficulty is met in time with Hostet-  
ter's Stomach Bitters, which is always effec-  
tive as a remedy, and it should be resorted to  
at an early stage, there will be no reason to  
apprehend those injurious subsequent ef-  
fects upon the system often entailed by en-  
tirely cured diseases. Far better is it, also,  
to employ this safe remedial agent in fever  
and ague, and other malarial complaints,  
than to have and other potent drugs, which,  
even when they do more effectual for a  
time, ruin the stomach and impair the  
general health.

Diphtheria.  
"I am living in a neighborhood sur-  
rounded with Diphtheria and was at-  
tacked with Ulcerated Sore Throat. I  
at once commenced to use Darb's Pro-  
phylactic Fluid, diluted about one  
part to a quart, when great clots of  
fibrin membrane and mucous came  
from my throat, and the attack passed  
off. I am satisfied of its efficacy as a  
preventive and cure for Diphtheria."
