By this machine I am able to detect the slightest disease of the eye, I have also an invention attached by which I am able to measure the focus of the eyes then I make glasses to suit each eye accordingly. I have a large supply of genuine Pebble Lens for all eyes, in different stages, which can be secured only by an Oenlist. Also have the Medicated Lens, which, in song cases, language cannot express the benefit the human race derive from them. For instance, a large eye, and a large pupil, cannot see the pebble, as they give too much light. The Medicated having tint lens is much better. Room 11, Occident Hotel.

Big Storm on the Plains.

CHICAGO, Feb. 20 .- Times' Lincoln, Nebraska, special: Damage to telegraph wires has made the task of collecting details of the late storm in Colorado and western Nebraska very slow and tedious. As news comes in it shows that the disturbance was the worst in the history of region affected by it. The storm raged in the mountains and descended upon the plains. These had been dry and tree of moisture so long that dust and sand mingled with the snow in resistless blasts. Neither man nor beast could stand before the rush. This compound filled shallow cuts level full and effectually block aded the tracks. Fortunately the cuts are shallow and snow plows were able to clear them out.

The roof of the Burlington round house at Akron was blown off. West of McCook, two men were picked up dead, and another so badly frozen and exhausted that his life was despaired of. Many other fatalities are expected when reports come in from territory distant from railroad.

As trains come in to day the passengers and train men saw cattle in draws, buried to their heads in snow. As hardly a cow was to be seen elsewhere, it is evident that many are entirely covered. Most of those seen will perish. In fact, all except a few that can be found and dug out by the small force available for that purpose will be lost. The loss of cattle will be something appalling. The storm covered the entire range on the east side of the Rocky mountains, from the British line to New Mexico. The eastern edge lapped into Nebraska to the North Platte and McCook. East of those points no damage was done. Unless all stories are exaggerated, not less than 25 per cent, of all the cattle on the range are wiped out.

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipa-tion; sold on a positive guarantee at 25 and 50 cents, by
