GENERAL STATE NEWS.

SALEM, March 8.—The high waters weakened a part of the supports of the bridge near the depot, so much that to-day, while the engine stationed at this place was passing over it the structure gave way. The strength of the rails, however, was great enough to hold the engine in place. Workmen began immediately to fix up the bridge, and to-night the engine will be pulled off the bridge and the repairs begun. The Albany express was able to go around the bridge over the switches, and it ran to Albany backwards, when it turned around and continued its journey to Lebanon.

Frank Johnson was to-day arrested and bound over in \$200 bonds for burglary of the residence of S. B. Conn, near Salem, a month ago. He secured a suit of clothes and a watch.

ALBANY, March 8.—The Oregon Pacific's steamer *Three Sisters*, Capt. Bell, while going down the river through the draw of the bridge this morning, collided with the middle pier, causing trivial damage to both pier and boat. The steamer continued her course down the river for Salem.

Mrs. E. R. Cheadle sold to D. B. Monteith this evening, a lot containing sixty-seven feet on First street, for \$8,000.

Frank Harris, who shot John Craft at Scio yesterday, has been arrested, and had a preliminary examination at Scio this evening. The result of the trial has not been received here at this hour, but it is considered certain that the prisoner will be held without bonds and brought to this city tomorrow. Craft is in a dangerous condition, and the physicians think it doubtful if he can recover. The ball has not been extracted, owing to the swollen condition of the neck.

LA GRANDE, March 8.—The weather is fair and snow leaving rapidly. Stock generally in fair condition. Loss thus far very light. Feed is scarce, but with fair weather there will be plenty and at fair figures.

A correspondent writes from Canyonville, Southern Oregon, to a Baker City paper, saying that the present month witnessed the worst weather in that section since 1852. The loss of stock, he says, will be frightful. On the south Umpqua and Elk creek the snow was from three to five feet deep, and as far as heard from the weather is very severe. On Middle fork and big bend of Cow creek the snow has been very deep and most of the stock will be lost, and on all those mountain ranges where they had a great many cattle and sheep the loss will be very severe.

This happened in Idaho, says the *Malad Enterprise*: Allen Hunsucker, the polyg, who was captured by the deputy U. S. marshals, last week, after shooting at him and causing him to swim the Malad river, during the recent cold spell, from reliable reports, is a roster of the first cross, so to speak. Several years ago he took an eleven-year-old daughter of Bishop Jensen's, at Bingham city, as a polygamous wife. She attempted to go home one day, and he overtook her, and like a fiend grabbed her by the hair of the head and dragged her one ten acre block length along the street, cursing her for leaving him. He now has seven women, it is said, and had upwards of forty children. He was a captain in the Mormon battalion and Lamanite too, we are told.

TESTIMONY OF A PAINTER.
No. 105 CARLTON AVENUE, BROOKLYN, N. Y.
Allcock's Porous Plasters are undoubtedly the best external remedy manufactured. I make this assertion to the public from my own personal experience of their wonderful virtues. Suffering from severe pains in my side and chest, contracted through a severe cold, I applied a couple of Allcock's Porous Plasters upon going to bed at night. The result was, that in eight hours after applying them I could get up and walk about with very little pain or ache, when the night previous I could neither get up nor down without help, nor stop to remove my shoes. I have since used them in my family for various ailments, and have never known them to fail to give almost immediate relief.
T. H. BACKUS.

Appropriation Bills.

WASHINGTON, March 8.—Statement of the footing of the appropriation bills passed at the last session of congress has been completed by the clerks of the senate and house committees on appropriations to-day. It is as follows: Agricultural, \$1,028,730; army, \$23,774,718; diplomatic and consular service, \$1,429,942; District of Columbia, \$4,265,899; Indian, \$5,226,897; legislative, \$20,701,221; military academy, \$419,736; navy, \$25,753,165; pensions, \$77,252,500; postoffice, \$55,694,650; sundry civil service, \$23,382,490; Mexican pensions deficiency, \$6,900,000; public printing deficiency, \$107,000; miscellaneous appropriations (estimated), \$3,500,000; total of actual appropriations, \$247,387,144. The river and harbor bill, which was not signed, appropriated \$9,913,800, and the deficiency, which did not pass through and was agreed upon in conference, carried an appropriation of \$43,700,923.

Palouse City World: We have seen the story of Uncle Tom Sterrett, as per *Gazette*, Cincinnati, copied in several papers, stating that he has five wives and that he is the father of twenty-five children. That is a good item. But as Palouse beats the world, we must tell of Uncle John L. Lucas. He is now living a mile out from Palouse City, with his third wife. (we are two short on wives, aren't we?) Well, Uncle John is the father of thirty-three children, born of these three women, and a bigger, finer lot of people would be hard to find. If Uncle John should "take hold of" all the men he meets, he would down about seven-eighths of them in a square wrestle, though he must be now near 70 years old.

J. W. Conn.

Geo. Harrison, of Rye, Michigan, carelessly placed a wet dynamite cartridge in his kitchen stove to see if it could be dried. His widow would have offered a larger reward for the collection of his remains if he had not happened to have most of his ready money in his trousers pocket at the time of the experiment.—*N. Y. Graphic.*

A large meeting was held at Jacksonville last week for the purpose of discussing the building of a branch road to connect with the Oregon and California railroad. It was voted to incorporate a company, with a capital stock of \$300,000. It is expected the road will be built this summer.

Can't Sleep Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c. 50c.
J. W. Conn.

A recent wager between two Viennese elicited the fact that, for the completion of a winter overcoat, "less than 40,000 stitches" are required, viz: 39,619, which is a pretty good guess after all. The experts set to take close account reported the following distribution: Front, back and sides, 4,780 stitches; collar, 8,063; sewing on collar, 1,763; buttonholes, 2,520; sleeves and lining, 980; pockets, 924; quilting of silk lining and wadding, 17,863; seam round the bottom, 2,736 stitches.

Proper Treatment for Coughs.
That the reader may fully understand what constitutes a good Cough and Lung Syrup, we will say that Tar and Wild Cherry is the base of the best remedies yet discovered. These ingredients with several others equally as efficacious, enter largely into Dr. Bosanko's Cough and Lung Syrup, thus making it one of the most reliable now on the market. Price 50 cts. and \$1.00. Samples free. Sold by J. W. Conn.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced: it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
