

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, MARCH 22, 1887.

At 10:30 this morning, E. C. Holden will sell some miscellaneous dress goods and furnishings at his auction rooms.

Well informed Portlanders say that whether the O. R. & N. is leased to the U. P. or not, the bridge across the Willamette will be built.

The British bark Abercorn and British Army cleared yesterday for Queenstown, the former with 21,657 bbls flour, worth \$75,799, and the latter with 73,358 bush wheat, worth \$92,700.

The sale in the upper Astoria church of a collection of articles worked by the members of the Ladies' association of the Norwegian-Lutheran church, will take place to-night at seven o'clock.

The ladies of the Methodist church will give an oyster supper and social at the church parlors next Friday evening. A literary programme is being provided for the occasion. The public is invited.

In the justice court yesterday, Miss Frankie Benesi was arraigned, charged with stealing \$43 from Oscar Johnson, and John Leonard was arraigned, charged with stealing a coat and hat from J. F. Grant. Both cases will be decided to-day.

A discussion regarding coons and opossums, which are scarce in these parts, and rabbits which are not so scarce, brings out the statement that the coon has a bushy tail, the opossum's tail is bare, the rabbit has no tail at all, but a little bunch of hair.

The Portland Telegram, which is authority on these matters, says that the term "mash" as well as that of "jounce" is out of date. The term "jounce" has been substituted for mash, and "darwin" for jounce. You should now express it, "I have made a jounce on that darwin."

An alarm of fire at 8:30 yesterday morning was caused by a fire in the roof of the electric light dynamo building, west of Trullinger's mill. The fire caught around the fine and burned a hole in the roof. The department was promptly on hand and the fire was speedily put out.

Next Friday Mrs. Trebelli, the celebrated contralto, Mons. Musin, the violinist, Signor Duzenzi, the tenor, and Herr Steindorff, the pianist, will appear in opera and concert at Ross' opera house. This company is in receipt of high praise from the eastern press. The box sheet for the sale of reserved seats will be open at the Crystal Palace at ten o'clock this morning.

The "Spark of Light company" filed articles of incorporation in the county clerk's office yesterday. The intent is to disseminate temperance principles, establish a library, etc., and purchase and own necessary property. The principal office or place of business is at or near Astoria. The amount of capital stock is 200 shares of \$5 each. The incorporators are V. Michelson, John Niemi and Andrew Hillcock.

Some of our exchanges are pitching into the Standard oil company and making it tropical for that blasted corporation. That's all right. But to us who don't know anything about matters only as they affect results, it looks down this way as though that corporation was clinching Astoria the way it likes to be clinched. Time was, not so very long ago, when Astoria paid \$3.40 a case for oil; now better oil is furnished at \$2.25 and \$2.35 per case. A few more bad corporations like that would be a benefit, to our way of thinking.

Salem is spending more money proportionately for public schools than any town in the state. A special tax of 1/2 mill is levied by the annual school meeting last week. Oregonian. Badly mistaken. Pendleton has levied a six mill tax, and would have levied more, which would have been collected readily, had it been needed. East Oregonian. The Dalles, at the last public meeting, levied a tax of 7/8 mill. Who is ahead now? Dalles Times-Mountaineer. Astoria levied a nine mill tax some time ago, and collected about 98 per cent of it. Next.

The through freight rates as so far announced will cause Astoria to pay an average of two and a half times the present overland tariff. This is the contribution of Astoria and similar points to the beautiful interstate commerce law. On freight that THE ASTORIAN has received and is now en route on which 70 cents a hundred is charged, \$2.10 a hundred will be asked after April 1st, just three times the present rates. However, with our river and ocean facilities, we can stand it better than less favorably situated communities, though the matter of rapid transit and convenience of prompt and certain delivery will not be insured as in the past.

The late lamented legislature passed an act reimbursing certain counties for moneys paid by them to the state as taxes due on mortgages in 1883 and 1884. Although these counties paid the state its portion of the taxes on mortgages assessed, they themselves failed to collect them, on account of the injunction issued from the United States district court. These amounts have been placed to the credit of these counties in the office of the state treasurer. They are as follows: Douglas county, \$2,271.65; Polk, \$2,592.55; Marion, \$1,183.54; Washington, \$2,577; Clackamas, \$1,400.43; Benton, \$1,447.96; Lane, \$1,473.50; Umatilla, \$2,421; Linn, \$2,891.70; Yamhill, \$1,018.79; Multnomah, \$2,620.24; Columbia, \$139.19; total, \$21,987.84. Clatsop county should have a place on the list to the amount of \$900, but it hasn't, more's the pity.

LATEST TELEGRAPHIC NEWS.

PORTLAND, March 22.—At 7:30 this morning, as the little steam launch Mikado from the ship Glenfarg, was going ashore, the cry of "a man overboard," was heard, but nothing was seen and it was not known whether it was from the ship or the launch, until Geo. Wilson, of the steamer's crew, was missed. By a diligent search with hooks the body was discovered at ten o'clock, but he never rose to the surface after he fell. He was a longshoreman aged 40, and had a family in California.

Dan Moran will be sentenced on Friday. It is not believed that his attorneys will ask for a new trial, but will make an appeal.

REVERSED THE FINDINGS. OTTAWA, Ill., March 22.—The supreme court has reversed the finding of the lower court in the matter of the will of the late Wilbur Story, proprietor of the Chicago Times, and declared the will invalid. The will included the disposal of the Chicago Times.

MORE THAN HER WEIGHT IN GOLD. YOUNGSTOWN, Ohio, March 22.—John A. Logan, Jr., and Edith Andrews, daughter of Chaney Andrews, were married this morning. A number of prominent persons were present. The bridal presents were elaborate and costly: one of the presents was a check for \$50,000 from the bride's father.

ANOTHER RAILROAD PURCHASE. SAN FRANCISCO, March 22.—Senator Stanford has returned from Washington. He says the Southern Pacific coast railroad has secured Jas. G. Fair's South Pacific coast railroad and only the details remain to be completed. He said the purchase was concluded before he went to Washington.

THE NAVAL REVIEW. LONDON, March 22.—The naval review occurs July 23 to celebrate the queen's jubilee. The house of commons will witness it.

EX-MAYOR JOHN HUME, of Astoria, was in the city Saturday on his way home from the Coquille. He has leased nine miles of fishing grounds on the Coquille river with a chance for four miles more. He will begin fishing there as soon as the season opens.—Portland Democrat, 21.

Notes from Boston. BOSTON, March 12, 1887. EDITOR ASTORIAN:

Gloucester starts her mackerel fleet next week to the southern coast, for mackerel—too early. Next year none can go till June, by law of congress. Our cod fleet are fitting out for the season's work. The salmon fishery begins soon. The first one received usually brings \$1 per pound—caught in meshes 4 1/2 to 6 1/2. Our market has not been so bare of fish for twenty-five years as at present. Columbia salmon in cans are increasing in sales. The rail brings the Pacific states as next door neighbors. With two hundred million this side the Rockies, and twenty beyond it, the draft on your fisheries will be very large. The area of supply is yet undeveloped.

Boston is full of snow, and the country twelve inches—an extended winter. New England is much interested in retaliation on Canada. Halifax advocates reciprocity as a remedy. Why not annexation? It has got to come to that in the end, as a matter of prudence. England absorbed Wales, Ireland and Scotland, creating the United Kingdom—the work of several hundred years. W. S.

CITY COUNCIL PROCEEDINGS.

Councilman Bergman presided over the deliberations of the city council last evening.

A petition numerously signed by prominent citizens, was read, asking the council to pass an ordinance preventing Chinese residents on Water street between Jefferson and West 6th streets, and on motion, granted.

The committee on fire and water reported, recommending that henceforth all members of the Astoria fire department, upon becoming members, shall deposit fifty cents with the board of fire delegates, to be refunded when the member so depositing, ceases to be a member of the department.

An ordinance abrogating the water franchise granted by the city of Astoria to the heirs of Jas. Welch, deceased, by ordinances Nos. 146 and 187, repealing said ordinances, was read first and second times, and referred to the committee on fire and water.

An ordinance making an appropriation from the general fund of \$190 to pay Gragg & Co., was passed under suspension of the rules. The following claims were ordered paid: A. Van Dusen & Co., \$27.95; R. R. Marion, \$5; Astoria Gaslight Co., \$9.80; \$137.55; Electric Light Co., \$48.50; steamer Alcatraz, \$3; Jas. Gardner, \$8; C. J. Trenchard, \$1.50; M. C. Crosby, \$1.40; Wm. Clinton, \$1.50; Holt & McCarrie, \$1.05; J. Serra, \$5.75; N. D. Raymond, \$57.50; Camahan & Co., \$1.30; T. S. Jewett, \$2.55; D. L. Beck & Sons, \$7.10.

A resolution introduced by Councilman Carruthers, directing the auditor and clerk to give notice that the council proposed to order the improvement of Concomly street from the west side of Main street to the west end of said street, was passed.

The reports of police judge and street superintendent for February were reported correct.

A communication from the Columbia River Fishermen's Protective Union, asking that they be refunded the \$5 license paid by them on the occasion of the benefit to assistance fund of the Union was, on motion, granted.

A resolution introduced by councilman Cleveland directing the city attorney to draft an ordinance in accordance with the prayer of the petitioners for the removal of Chinese from Water street, was passed.

On behalf of the health and police committee, Councilman Cleveland made a verbal report regarding their inquiry into charges against officer Corbett, the report exonerating him from those charges, and stating that the investigation failed in any way to sustain the charges.

Chief Engineer Worsley asked for instructions regarding the taking of the apparatus of the department over a portion of Cedar and Hemlock streets at present in an unsafe condition. The council was of the opinion that it had exhausted its authority in the matter of attempting to improve the streets spoken of. The great danger of fire and the inability to get the engines to a fire beyond the weak places in the roadway was agreed to by all hands, and on motion the chief engineer was instructed in case of fire not to take the fire engines any farther up the roadway than he sees fit.

After considerable discussion about fire matters, the necessity for properly built flues and chimneys, etc., it was, on motion, decided that the city attorney and chief engineer aid in drafting an ordinance more stringent and binding in its provisions than any now bearing on the subject. On motion council adjourned.

The Face.

The care of the complexion has become an accomplishment that no lady of refined tastes can afford to ignore, and in leading society circles it claims as much thought as do the fashions. It is an acknowledged fact that the variations of our climate are very severe on the complexion, noticeable by a roughness and dryness of the skin, and to counteract this effect it becomes necessary to call in the aid of art. In the selection of this agent too much care cannot be exercised. It is well known to the chemist that many of the so-called "blooms," "balms," "creams," etc., contain lead and other poisonous substances, the long-continued use of which is dangerous. Wisdom's Robertine is guaranteed under a forfeiture of \$1,000, to be absolutely free from all poisonous substances. If you have not yet tried it, do so at once, and be one of the hundreds who pronounce it the most delightful toilet article ever produced. Wisdom's Robertine is sold at fifty cents per bottle. Sold by W. E. Dement & Co.

A Sensation. Has been created by Messrs. W. E. Dement & Co., who are giving away such beautiful picture cards to purchasers of Wisdom's Robertine. Make some heart glad by securing one of them before they are all gone. Positively nothing equal to them ever seen here before.

Standing with reluctant feet at the corner of the street many signs were fused her eyes. Doubts beset her and she sighs. But there is no occasion to feel badly, young lady if it is good reading matter you want just step into the Crystal Palace and see the grand assortment of fine books Adler is just opening. Best of authors for 25 cents, complete.

An End to Bone Scraping. Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arniea Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arniea Salve at 25c. per box by W. E. Dement & Co.

Lowest Cash Price. Coal Oil at \$2.35 a case, at D. L. BECK & SONS.

CURRENT NEWS NOTES.

Gov. Hill, of New York, is coming to the front as a possible Democratic candidate in '88.

Montreal civil engineers have concluded to blow up ice obstructions in the St. Lawrence with dynamite.

Great forest fires are devastating southwestern Texas, occasioning desolation over a wide area of country.

The protective federation of trade unions is the name of a recently organized New York labor organization.

The eve of Kaiser Wilhelm's birthday was the occasion of a brilliant ovation by the citizens and students of Berlin.

It is believed that Messrs. Morrison, Bragg and Cooley have been selected as three of the five interstate railroad commissioners.

Dr. Z. F. Sowers, of Washington, thinks that if the president doesn't take more exercise he will not live through his term.

The water is still rising at Mandan and great damage to water and other property is consequent. As yet no lives have been lost.

A Washington dispatch says Messrs. Mitchell, Hirsch, Siglin and Simon are trying to coax the president to appoint Hyman Abrahams, collector at Portland.

Chris Buckley, the blind boss of the San Francisco Democracy, is about to make a tour of Europe. He has accumulated \$500,000 in the saloon business since '77.

The enthusiasm for the memory of Henry Ward Beecher, which was all but overwhelming in Brooklyn while the funeral orations were in progress, seems now to be down to zero. The total amount subscribed for the proposed monument is little more than \$3,000, and of the amount one-sixth was contributed by one person. Plymouth church has some wealthy members but the great majority are persons of moderate means.

Congressman Morrow, arrived in San Francisco, discussing the presidential outlook, says Blaine is the foremost figure for the Republican nomination. He could be elected over any possible candidate brought against him. He also believed Sherman could be elected. Cleveland will probably be nominated in spite of the discontent of the Democrats. In regard to the interstate commission he thinks no Californian will get a place. Cleveland has said the bulk of the people are east of the Rockies and our claims will not be considered. If the law is strictly enforced the effect will be to drive the overland trade to the Canadian Pacific.

The demoralization among army officers is reported on the increase. Lieutenant Shaw beats all previous records, it is averred, by duplicating accounts nineteen times. None of these vouchers were paid by the government before the swindle was discovered. Lieutenant Powell comes next with charges of duplicating and selling his monthly pay five times, and now comes Lieutenant Wilson, a recent graduate of West Point, who it is claimed sold pay-roll documents three times and fled. On the 20th he was arrested at St. Louis and was immediately tried. Major J. W. Benton, of the Ninth Cavalry, has just been tried by court martial and found guilty of drunkenness and sentenced to dismissal from the service. The court recommended him to the mercy of the executive. The record of the court proceedings in Major Benton's case is now before the president. All these officers have been stationed west of the Mississippi river and two of them on the Pacific coast.

VITIATED BLOOD. Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding you this testimonial, unalloyed as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. P. S. WITLINGER, Leesburg, Pa. Reference: FRANK T. WRAY, Druggist, Apollo, Pa.

SCROFULOUS ULCERS. James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1881 I heard of the CUTICURA REMEDIES, used them, and was perfectly cured." Sworn to before U. S. Com. J. D. CRAWFORD.

ONE OF THE WORST CASES. We have been selling your CUTICURA REMEDIES for years, and have the first cure; I have yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA SOAP, and CUTICURA OINTMENT. The owner takes the "WITLINGER" testimonial. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

Choking Catarrh.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and prising the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises! How difficult it is to rid the nasal passages, throat and lungs of this poisonous mucus all can testify who are afflicted with catarrh. How difficult to meet the system against its further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RABBIT CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

Each packet contains one bottle of the RABBIT CURE, one box of CATARRHAL SOLVENT, and an LARGESIZED TREATISE, with treatise and directions, and is sold by all druggists for \$1.00.
