Adelaide Raudall's Singing and Dancing.

The Atlanta Constitution, the leading paper of the south, has this to say about Miss Randall of the Bijou Opera company, who appears here to-night: Such a voice as here can be heard, but never imagined or described; and her dancing is simply the eloquence of pantomime. Such a voice and such a pair of dancing feet may have been heard and seen on our and she is artist enough to make her gifts a joy to others. Her voice is almost infinite in its scope, and it reminds one of amalgamation of the music of a lute and a lyre. The prime quality of Miss Adelaide Randall's dancing is its grace, which is the prime quality of all dancing, but the next feature is her quickness. Her dancing may well be compared to that of the elder Fannie Elisler, the famous English dancer of fifty years ago, of whom an old man, after gazing at her, exclaimed, "She's as much quicker than lighting as lightning is quicker than a stone wall.

It is hoped that Mr. Cleveland, in his wild desire to obtain the colored vote in the Republican state of Massachusetts, may not lose the white vote in the southern Democratic states. Manchester Union (Dem.).

It is not at all necessary for Senator Sherman to deny the absurd statement that his visit to the south is not political. He is known to be perfectly sane. Did he really expect to further his chances for the presidency by the trip, no further proof of his insanity would be wanted.-Memphis Avalanche (Dem.).

The time has not yet come when they can say, who speak of the Dem-ocratic party, that its wide limits encompass but one man. We do not entertain any doubt that the Democratic party could win with Mr. Cleve-land as its presidential candidate. But it is not true that there is none other with whom it can win.-Nashville American (Dem.).

Again the rumor is being circulated that Mr. Cleveland will refuse to be a candidate for a second term. Just so. He will not be a candidate in the ordinary acceptation of the term, but it would be difficult to get bets against the proposition that the Democrats will renominate him almost if not quite without opposition, and that the people will re-elect him by a large majority.—Florida Times-Union (Dem.).

There can be no question of the popular approval of Mr. Cleveland's administration as far as it has progressed. But the severest test is still in the future. The Democratic pledges of reform are unredeemed. There has been no reduction in war taxation, and the useless and dangerous surplus flows into the treasnry in a steady stream. The compo-sition of the Fiftieth congress indicates that it will continue to flow unless the president is equal to emergency.-St. Louis Repub.

"Wiping Out" a Church Debt.

Rev. Thos. Van Scoy, president of the Willamette University, delivered the morning discourse at the M. E church in this city last Sunday. His subject was "Faith," and his address an eloquent one.

The occasion was particularly devoted to the literal "wiping out" of a debt of \$800 due by the church for some time. At the close of the sermon, the pastor Rev. O. B. Whitmore, brought forward a blackboard on which was placed figures showing te amount of the debt. There were four 50's, six 25's, six 20's, twelve 10's, four 15's, twelve 5's, and a number of 3's, 2's and 1's. The secretary, Jno. A. Montgomery, sat by with a little packet of pledges. As member dent,—Chicago Mail (Ind.).

Possibly the president believes there should be a special session, but retary issued to them a pledge for all be paid. As amount after amount was pledged Mr. Whitmore, with a moist sponge, erased that amount from the board, and a glance showed how much of the debt was pledged, and how much remained unpledged. Mr. E. L. Smith led off with \$100; Mr. S. Elmore, \$70; Rev. Wm. Roberts, from his eastern Washington home, chances for renomination as some of guaranteed \$50. In less than half an hour the entire amount was raised, and the congregation has the satisfaction of knowing that it is out of debt. It was quick work and a very creditable exponent of the zeal of the M. E. church in Astoria.

Astonishing Success

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last will be a still colder da/ when the Ohio icicle gets a grip on the electoral vote of Tennessee. Nashville American (Dem.).

Not Blaine himself is more ambitious to be president than is John Sherman. It is to be said of him in excuse, however—if excuse be needed—that no American is better fitted.
