Main street east side, between Jeffersond Squemoqua Sts. H. EKSTROM.

WATCHMAKER. Just received a large stock of Watches and Clocks, Chains, Lockets, etc. Also genuine Seth Thomas Boat Clocks, proved to be the best. All which will be sold at very low prices, Watch and Clock repairing a specialty, and done at reasonable prices, Shop next to Aug. Danielson's Sample Room, on the roadway,

To Salmon Canners.

I have just received, direct from Joseph Rodgers & Sons' Sheffield, a large lot of Butcher Knives and Steels, all sizes, to be sold at Lowest Cash Prices. MAGNUS C. CROSBY.

FRESH CLATSOP EGGS

Can be had of L. M. Shaffaer 61 Water St., and Wherry & Co.'s market opposite Occident Hotel. I don't claim they are fresh as some do who have but a few chickens and it takes them a month to get a shinment, but because I have the largest Chicken ranch this side of Portland, run by experienced hands, pick up the eggs every day and bring them to town 3 times a week. And don't you forget it that every egg bought from the above parties is guaranteed by them to be fresh.

S, R, STANLEY.

Absolutely Pure. This powder never varies, A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. BOYAL BAKING POWDER CO, 106 Wall-st., N, Y.

A New Butter Theory.

It is a common notion that salt

preserves butter. Recent experiments have demonstrated that but very little of the butter contains any salt. The salt does not penetrate the butter as it does meat, but simply attaches itself to the exterior, and of course it must come in contact with all of the butter to do this. Prof. Arnold finds that such is not the case, but a considerable portion of it is more or less mingled, not mixed through the butter in its original state, or in the form of still smaller crystals, and in an undissolved state. This loes not look like preserving the butter, for to preserve it the salt must be incorporated with it. The salt will absorb the water in the butter and form a brine, and this brine can coat over the particles of the butter with which it comes in contact, and no more. This coating must be on the outside leaving the inside just as it was before, without any salt. Temperature has more to do with preserving butter than salt, and the place where it is kept (the surroundings) is more of a factor for its weal or woe than salt. The dairyman who expects the salt in the butter to keep it all right and disregards the other things, will find his butter "off." The truth is, the salt is of the least possible consequence so far as preservation is concerned. It is only a matter of taste. If the salt is put in it will taste of it, and an ounce to a pound is the common rule-that is, about what the public palate requires, although a half ounce is about all which a well-worked pound of butter will dissolve. The rest is there in the original form, and gives to the butter the salty taste desired. Working butter with brine is all the salting it requires, according to Prof. Arnold, and when well worked it is ready to pack at once, or to ship to market. All of the old, tiresome elbow work which has made the dairy such a drudgery for all time is entirely unnecessary. Except the mere packing, the old dash-churn should go, too, as it has no cheer in it, and it is altotogether too unhandy for the present age. A revolving churn is the thing to save labor and with which to use the brine to the best per-

# CRUCIBLE

sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years-I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
