

The Daily Astorian.

ASTORIA, OREGON: TUESDAY, APRIL 12, 1887

Regular council meeting to night.

The Scandinavian benevolent society holds its regular meeting to night.

The Union is having a new house put on and will be taken to Cape Fox when repairs are finished.

Delay in procuring music occasions a postponement of the second series of social dances by the Mistletoe Social club.

A fire alarm at 7:45 yesterday morning was occasioned by the burning of a bale of hay at F. L. Parker's wharf; no damage.

The stockholders of the Astoria building and loan association will meet this evening to organize, elect directors, etc.

Judge Wm. T. Strong, an old resident of Portland, died at the residence of his son Thomas, in that city, last Sunday morning.

The schooner Compeer, hay laden, is on the way from San Francisco. The barkentine Portland is also on the way here from San Pedro.

The Selkirkshire sailed last Sunday. There is no loaded vessel in port. Six tugs and the pilot boat were outside last Friday, but no vessel in sight.

County warrants presented to the county treasurer prior to September 7th, 1885, with interest to date, will be paid upon presentation at county treasurer Bergman's office.

The ladies' auxiliary committee of the Young Men's Christian Association will hold a reception for young men this evening from 7 to 10 o'clock, at the rooms of the association.

The Woman's Relief Corps will set out a lunch at Liberty Hall from 12 to 2 o'clock this afternoon for 25 cents. The proceeds are to go to their benefit fund. Call around, get a good lunch and aid a worthy cause.

Over in Tacoma they are talking of nominating two citizens named, respectively, Henry Drum, and W. H. Fife, for mayor and councilman. A drum that can't be beat is no good, and if Fife were councilman, they'd play him, right along.

Ones seemed a little slow yesterday in getting water, but they had cold water in the boiler, and again, when about to make steam, the vibration caused by the swell underneath and consequent snoring of air shook the fire out of the fire box, necessitating the starting of another fire; hence the unusually slow time.

In the course of a lecture before the Geographical society of the Pacific, at San Francisco last Tuesday, on "Gold," Alexander Del Mar spoke of a "pamphlet which he had read, written by Horace Davis, which told of the journey of an old Indian to the Pacific coast in 1769 and of his seeing Japanese ships at anchor in the mouth of the Columbia river and whose crews were engaged in mining gold on the river's banks."

"A prominent salmon packer from the Columbia river" tells the Post-Intelligencer "the Eclipse Packing company, of San Francisco, has decided to erect a cannery on Seattle bay in time for operations this year, and an eastern company will also build a cannery here. One of these canneries will be built at Smith's Cove, where the land has already been secured. The annery at Milton will be run to its utmost capacity, and there will be another one started at Mukilteo during the present season."

PERSONAL.

C. A. Reed, of Pacific county, is in the city.

Major T. J. Blakeny goes to North Cove to-day.

T. S. Jewett returned from Portland yesterday.

Mrs. Prael went to Portland yesterday to meet her son Richard, who has been at school at Engene.

J. T. Monteith, now a prominent employe of the Union Iron Works, at Portland, was in the city last week.

Meeting To-night

Sts. John Chapter 14, R. H. M., meets this Tuesday evening at 7:30. Work on the mark master's degree. Prompt attendance requested; sojourning companions cordially invited.

A BIG STEAL.

PITTSBURG, April 11.—Detectives have unearthed a most gigantic conspiracy for robbing the Pan Handle Railroad Company. The thievery has been going on for nearly a year, and it is believed that half a million dollars worth of freight has been stolen. Early this morning a hundred police and detectives made a raid and arrested forty-six conductors and brakemen. Much plunder has been recovered. Of 80 crews arrived at Pittsburg, 75 were found to be crooked. Each crew consists of four men.

A BIG MEETING.

LONDON, April 11.—A great workmen's meeting is being held here to-day. The utmost enthusiasm prevails. Many of the banners have pictures of Gladstone, Michael Davitt and Father Keller, and inscribed "Justice for Ireland." They are orderly, so far. A big force of police is in reserve in case of emergency.

The Face.

The care of the complexion has become an accomplishment that no lady of refined tastes can afford to ignore, and in leading society circles it claims as much thought as do the fashions. It is an acknowledged fact that the variations of our climate are very severe on the complexion, noticeable by a roughness and dryness of the skin, and to counteract this effect it becomes necessary to call in the aid of art. In the selection of this agent too much care cannot be exercised. It is well known to the chemist that many of the so-called "blooms," "balms," "creams," etc., contain lead and other poisonous substances, the long-continued use of which is dangerous. Wisdom's Robertine is guaranteed under a forfeiture of \$1,000, to be absolutely free from poisonous substances. If you have not yet tried it, do so at once, and be one of the hundreds who pronounce it the most delightful toilet article ever produced. Wisdom's Robertine is sold at fifty cents per bottle. Sold by W. E. Dement & Co.

YESTERDAY'S PARADE AND DRILL.

Grand Ball at Ross' Opera House in the Evening.

Yesterday was the day set for the parade and drill of the Astoria fire department, and as the hour for the meeting at the engine houses drew near, the clouds rolled away and the sun shone out brightly. At the hour set Astoria No. One's marched down, preceded by the band, and meeting Rescue's No. 2, and Alert H. & L. No. One, at their houses, the parade began.

In front marched chief engineer Worsley and his assistants, Ed. Halllock on the right, Tom Linville on the left; then came the Western Amateur band, then the American flag, followed by the Amoskeag engine of No. One's, handsomely decorated with flowers, and followed by the members of the company who participated in the parade, the hose cart team and tender team, the latter having got their new uniforms in time for the occasion.

Following them came Alert H. & L. No. One in uniform, drawing the truck and apparatus, and behind them came the Sisyb of No. 2's, shining like a mirror; after them walked the hose team with No. 2's four wheeler, then No. 2's tender team and then the No. 2's wheeler. The fine appearance of those in the procession was the subject of favorable comment by the crowds that lined the streets along the route of the procession. The several companies were marshaled by their respective officers, who, in full regalia, flowers in the trumpets, etc., were a picturesque feature of the parade.

After traversing some of the principal streets, the engine of No. 2 and truck of Alert No. 1, were formally housed, and Astoria No. One's, headed by the band, proceeded to their house, and the parade was over.

Next came the drill. Each company was stationed at its house, the engines cold, just as they came from the parade, and at 2:44 the alarm was sounded. Alarms sped away to the White House corner, and in a minute and a half from the sounding of the alarm a ladder was laid and a man on the roof. Rescue's ran with their engine to the Occident corner, the hose team following, Astoria No. One's ran with their engine considerably farther to the Main street wharf, their hose team laying hose also, dense clouds of black smoke belched from both engines, and in a very few minutes pipe men from both companies were waving their hats and shouting "Water." In six minutes and two seconds from the sounding of the alarm, the Sisyb threw a stream; in eleven minutes and four seconds the Amoskeag responded. The drill was witnessed by a very large number of people. "Take up," was the next order.

In the evening there was a joyous gathering at the opera house; the Western Amateur band furnished fine music and all present enjoyed themselves. At Liberty Hall the Woman's Relief Corps set an elegant supper, to which many of the number present did ample justice.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

An Astoria Bound Vessel Wrecked.

SANTA CRUZ, April 10.—The bark J. W. Seaver, loaded with hay and salt for Astoria, foundered on the rocks near New Year's point, about twenty miles north of this place, at 9 o'clock this morning. The vessel had lost her rudder and was driven helplessly by the wind and waves against the coast. Two men succeeded in reaching shore, although narrowly escaping drowning. The remainder of the crew took to the rigging. People from the surrounding country gathered, but from latest reports had been unable to do anything towards rescuing the crew. Five men were seen in the rigging. One side of the vessel is stove in. A total wreck is probable, as the wind and sea are very violent.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at W. E. Dement & Co.

IN THE DAYS OF OLD.

In the days of old, When warriors bold Got drunk three times a day, A knight so bold, As I've been told, Sang merrily this lay, Sang merrily this lay: "My love has notions queer, She won't drink gin or beer— Says she to me, 'Dear boy,' says she, 'Please swear off for a year.' So what care I Though death be nigh, I'll drink no more—or die! So this same knight Who oft got tight, He signed the pledge that day; He fought the fight, But ere next night, His soul had passed away, His soul had passed away. The pledged ring he wore Was never hooked no more; He choked he faintly croaked, I kept the swear I swore— So what care I Though death be nigh, I've kept the pledge—and die!"

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, plains and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower, will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

What Do You Think About It.

Lily Langtry has a new lover named Dassen. He, however, says the Lily is to marry Freddy. Perhaps it is a case of one is a Fred and Father Dassen.—Pittsburg Chronicle.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at W. E. Dement & Co.'s Drug Store.
