Injustice to Homesteaders.

Mr. Caudle's case is a fair sam ple of the injustice of the special agent system. Mr. Candle tock up a piece of land under the timber act. It is hill land and the greater part of it can be carrie hand-legged, yet he has been no tified that his entry is held for cancellation for the allege-d reason that the land is fit for cultivation and therefore not subject to entry under the provisions of the timber act. It is a matter of common knowledge and can easily be proven that the land is not tit for caltivation by any ordinary method of farming, but to employ counse and engage in a lawsuit that might have to be carried to the supreme court would take more money than Mr. Caudle could furnish, and therefore he, and many others, will be compelled to lose the land that honestly belongs to them, as well as the money they have in-This powder never varies, A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multitude of low test, she rt weight, alum or phosphate powders. Sold only in cans. ROYAL BARING POWDER CO. 106 Wall-st., N. Y. vested on the invitation of the government. The trouble is that these cases are not thoroughly in vestigated. The special agents anxious only to make a record that will commend them to the good graces of their master, and North Pacific that master with the vice presi dential bee buzzing in his bonnet take testimony on but one side of the case and are not particular us to the character of their witnesses; they are but a short time in Patronize Home Industry! neighborhood and their investigations are made at a great disadvan tage so that, granting that the are honest, they are certainly in competent to make a fair report on the great number of cases they REASONABLE A PRICE. are supposed to investigate. In one instance that came to our personal knowledge a homestead en try was recommended for cancel lation where the homestrader had stashed thirteen neres and cleared three, and put up a comfortable house. A large orehard had been set out. The agent, in his report

estimated the clearing and slash ing at \$12.50 and the house at \$12.50 more. The homesteader could not afford to fight the ease and therefore was compelled to abandon his entry .- Mist.

TRIED

CRUCIBLE

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians. but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years-I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
