A Singular Dream.

To begin with, we wish to state that the following story is strictly true, and not published as an advertisement of the Louisiana lottery company. The facts of the case are vonched for by Governor Stevenson, Charles Friend, postmaster White, and several other equally trustworthy persons. About a month ago Louis Colon, a man employed at the railroad shops, Ireamed that he had drawn a large ly securing ticket No. 86,396. He aid little attention to the dream, out the next night he again dreamed it. He then became convinced that he would win if he secured the ticket, and going down to Sweeny's asked for the number. Judge his astonishment when he was told that Henry Meyers, a Carson valley rancher, had purchased the ticket not a moment before. Going to the faro room he found Meyers, and asked him if he wanted to sell his lottery ticket. Meyers declined, saying that a medium had told him that this light trend does not the fire ticket would draw one of the five capital prizes. Colon then told him of his dream, and finally Colon paid Meyers \$100 cash for a half interest. He also told Governor Stevenson, Friend and White of his dream, and also several parties about the shops Everybody was laughing at Colon's Iream, but when the day approached tor the numbers to be telegraphed several parties offered him \$10 for in interest in his ticket, which he refused. Sure enough, the numbers were telegraphed, and No. 36,396 wasn't there. Then the man of dreams carefully scanned the whole list and figured on the approx-North Pacific mate prizes, but no sign of No. 86,-396. That this dream did not come out true is the remarkable part of it, see the dreamer get the capital prize

TRIED

CRUCIBLE.

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intenso pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years-I had a backing cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer
