About twenty years ago I discovered a little sore on my cheek, and the doctors pronounce it cancer. I have tried a number of physicians but without receiving any permanent benefit Among the number were one or two specialists The medicine they applied was like fire to the sore, causing intense pain. I saw a statemen in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years-I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to

give S. S. S. a fair trial. Mas. NANCY J. McCONAUGHEY, Ashe Grove, Tippecanoe Co., Ind. Fob. 16, 1836.
