Accident on the N. P. R. R.
STEELE, Dakota, April 30.—A passenger train on the Northern Pacific road jumped the track fifteen miles west of here this morning. The reports say that several persons were badly injured. A relief train has gone to the wreck.
CHICAGO, April 30.—A *Times* Steele, Dak., special says: The west bound Pacific express on the Northern Pacific jumped the track to-day at about 1 o'clock, twelve miles out of this city, near Driscoll station, and precipitated five out of its six cars into a ditch. The train was running on a heavy down grade at the time, and the heat of the sun, which has been something unusual here at this season, had warped the rails. The engine and express car passed over in safety, but the five cars following left the track and turned bottom side up in the ditch. Two of the coaches were loaded with two companies of the Seventh United States cavalry, en route for Fort Yates and Buford. The other three cars were filled with emigrant and first class passengers, mostly bound for the Pacific coast. Following is a list of the killed and wounded:
M. O. Breed, of Faribault, Minn. He was accompanied by his family, en route for Washington territory. He was standing on the platform talking to Charles Stanley, of this city, when the crash came, and in attempting to jump off was caught by an overturning coach and crushed to death. Stanley escaped injury by jumping off on the opposite side. Breed's family were uninjured.
The wounded are C. S. Gray, of Ellsworth Falls, Maine, cut in the arm and hand; Miss Gertrude Hill, of Bozeman, Montana, badly hurt internally; W. H. Scobell, superintendent of the Northern Pacific telegraph lines, legs badly smashed, and doubts of his recovery; Michael McCawbery, Seventh cavalry, Fort Yates, was seriously cut on the shoulders, and collar bone broken; H. R. Scott, Seventh cavalry, Fort Buford, jaw broken; Albert Wolf, Seventh cavalry, Fort Yates, and John C. Kelly, Fort Buford, injured internally but not seriously.
Only the dining car and sleeper remained on the rails. It is surprising, under the circumstances, that a score of people were not killed.

Seattle a Little Scared.
SEATTLE, May 1.—The precautions taken by Gov. Semple to maintain order in Seattle last evening have prevented an outbreak, if, indeed, there was really danger of trouble. Company B, First regiment, remained at their armory all night, but were dismissed this morning. Companies D, E, and F were also held in readiness for action, but no trouble of any kind occurred. There has been little excitement on the streets to-day, and citizens generally are inclined to believe that there was little or no cause for the scare of last night. Employment is plenty here, and there is a general demand for labor. No one is out of work, and none except a few professional agitators are disposed to precipitate trouble. The officials, including Gov. Semple and Sheriff Cochrane, are determined to preserve order, and the general feeling is that there is not the slightest probability of an outbreak.

Yreka, May 1.—The same team which upset the Stutts troupe on the Siskiyou mountains ran away at the same place yesterday and badly injured two persons. Byron Cole, of Siskiyou Mountain, was also dangerously injured being thrown from the wagon.

TOOK ALL HIS PAINS AWAY.
A. M. Chisholm, of No. 2723 Stoddard Street, St. Louis, Mo., writes: "During my long residence in Canada I suffered for years from pains in my back, across the region of the kidneys and by the constant use of ALLCOCK'S PLASTERS invariably obtained great relief. Upon removing to St. Louis, I was again troubled with the same complaint, and was advised to use Magnetic and other kinds of plasters, without being relieved of pain, so fell back to my old friend ALLCOCK, who gives me more relief than any other I have ever tried. I always recommend them to my friends and all who suffer from pains and aches of any kind."

Murder of An Innocent Man.
BAKERSFIELD, April 30.—About three weeks ago a man who stated he was hunting for land made his appearance near Paso creek, at the foot of the Sierras. His actions were suspicious, and he was closely watched. Many living near the creek became satisfied that the stranger was none other than Peter Lyons in Napa, February 27. Aleck and Jefferson Carver, brothers, procured a warrant for Olsen's arrest. They invited him to breakfast at their house, and saw that the description of him which they had tallied with the stranger. The two brothers decided to attempt Olsen's arrest at the cabin where he slept. Accordingly, shortly before noon Friday, in company with R. Bowen, they arrived at the cabin. They were armed with shotguns and pistols. He was found clearing ground for a garden. Aleck Carver called on him to throw up his hands, as he had a warrant for his arrest. The three men then covered Olsen with their weapons. The latter seized his ax and endeavored to hurl it at Jefferson Carver, whereupon both brothers fired. Olsen received both charges in the neck and breast and fell to the ground and expired in a few minutes. His body was brought here last night and fully identified.
Olsen had cut the name of "M. H. Seibert" on a tree near the cabin and written on the cabin door "homestead of Michael H. Seibert." People from Napa will arrive to-morrow morning to identify him.

TAKE SIMMONS LIVER REGULATOR
For all Diseases of the Liver, Kidneys, Stomach and Spleen.
This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1829. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.
The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.
No loss of time, no interruption or stoppage of business while taking the Regulator.
Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.
If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.
A PHYSICIAN'S OPINION.
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time (instead of weakening) the digestive and assimilative powers of the system.
