The Fisheries Question.

OTTAWA, May 2.—A brief discussion of the fisheries question took place in the house of commons to-night. Ellis, a New Brunswick member, asked for a return of all United States vessels from the board, which had been warned or intimidated by the Canadian fisheries protection fleet, and recited a number of cases of reported harsh treatment to American vessels by Canadian officers. He said already 120 complaints had been filed at Washington.

Thompson, minister of justice, said Ellis was too flattering when he termed American reports of ill treatment evidence. The particulars Ellis had given were selections from a number of rambling and inaccurate statements made against British and colonial authorities by persons who received a general invitation to send in all the claims they could possibly bring against a nation, which, it was supposed, would in the end have to pay a bill of damages. It transpired not only from investigation of these complaints, but subsequently by the admissions of some of persons who made these unvarnished statements that they were utterly without foundation, that they were reckless, and were oftentimes based on misapprehensions and want of knowledge of the circumstances. When papers were brought down it would be found that the statement of a distinguished member of the government of the United States that the Canadian fisheries laws and regulations had been administered with brutality was as preposterous an exaggeration as could be found in the English language. [loud applause.]

Foster, minister of fishes, declined to bring down his instructions to the protective fleet, on the ground that it would be detrimental to properly carrying them out, and might hamper the negotiations in progress.

Boat Building.

When it takes the form of disease of the kidneys or bladder, is a task well nigh impossible of accomplishment. Renal and vesical maladies are more obstinate than any others. Counteract, therefore, the earliest indications of inactivity of the many organs with Hostetter's Stomach Bitters, which possesses, among other excellent qualities, those of an efficient diuretic. The degree of stimulation apparent from its use reaches, but never goes beyond the bounds of safety. It invigorates always, never irritates. Bright's disease, diabetes, catarrh of the bladder, are diseases successfully combated in their incipiency with this benign medicinal stimulant and tonic. Besides reinforcing and regulating the kidneys and bladder, the Bitters is a specific for fever and ague, constipation and dyspepsia.

Strengthening the Fleet.

LONDON, May 2.—The admiralty has advised from the north Pacific station to-night, and reports that the Russian fleet in the Pacific is being constantly reinforced. During the past two weeks three steamer schooners partly armored, one ironclad and several dispatch vessels and torpedoed, have arrived, together with two troop ships, each bringing one battalion at full war strength. The British fleet in the north Pacific is about to be strengthened by the addition of ships of a more powerful type than those at present on the stations.

When baby was sick, we gave her Castoria,
When she was a Child she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

It has been found that a lobster produces 42,000 young per year. The man who supposed that a lobster had nothing to do but gad around on the beach was sadly mistaken.

If you Would enjoy your dinner - and are prevented by Dyspepsia, use **Acker's Dyspepsia Tablets**. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.
J. W. Conn.

—Shiloh's Vitalizer is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 25 cents per bottle. Sold by W. E. Dement

High Water Predicted.

"Old Mountaineer," writing to the Walla Walla Statesman of April 30, says: There are from six to eighteen feet of snow on the high ranges along Snake and Columbia rivers. There are from three to twelve feet of snow on the entire forest line of the Blue range, and the weather has been cold thereon for one month past; so that the rise of the Snake river has been delayed one month thereby. The usual June rise of both Snake and Columbia rivers will take place at the first warm moon, and wet or rainy weather prevail in May—"A wet Easter, a rainy spring," an old truism based on meteorological facts well authenticated. It is the general belief of all old river and mountain men that the spring of 1887 will produce the greatest floods ever known in the Snake and Columbia rivers. Both will rise together and the chances for low river towns are not very flattering to permanency, unless built upon a raft and anchored to a fir forest. This is no sensation article, but a forecast of flood-formed facts.

Judge R. E. Bybee, of Portland, publishes a letter in which he charges the officers in charge of the work at the Cascades locks with being in collusion with railroad managers in delaying the important improvements at that point. He says that \$1,000,000 has been spent on the work, for which there is scarcely anything to show, and adds that one of the most successful contractors in the state offers to contract to finish the locks now for \$500,000, and would have contracted for the whole work for \$600,000 at its commencement.

"My wife has suffered for many years with indigestion. After trying every thing else recommended she tried **Simmons' Liver Regulator**. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."
W. C. SUBERS, Bainbridge, Ga.

On Friday the 13th, the farmers residing from ten to twelve miles north of Salem will meet for a grand three days' raid on sheep-stealing coyotes. They will have from sixty to seventy hounds and no quarter will be shown the coyotes.

TAKE SIMMONS' LIVER REGULATOR

For all Diseases of the Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like **Simmons' Liver Regulator**, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. I am, HERRON, M. D., Washington, Ark.
