## Southern Earthquakes.

TUCSON, A. T., May 4.—An earthquake occurred here at 2 o'clock P. M. yesterday. No one was injured, but considerable damage was done to buildings. The shock was accompanied by a rumbling sound. Many clocks were stopped in the city, and the entire population fled to the streets terror-stricken. The court house cupola swayed like the mast of a ship in a turbulent sea, and the building seemed as though it were toppling over. When the shock struck Santa Catalina mountain great slices of the mountain were torn from its sides and thrown to its base. Vast clouds of dust rose above its crest, 7,000 feet above the sea level, at three different points from three to four miles apart. It was believed for some time that a volcano had burst out of the crest of the mountain. One towering peak, known as Old Castle, a prominent landmark from Tucson, has entirely disappeared. The extent of the damage cannot be told for several days. This was the first earthquake ever experienced in Tucson. The public school building rocked to and fro like a cradle, and some of the plastering fell, creating the utmost consternation among the scholars. School was at once dismissed for fear of a repetition of the shock. It lasted, according to the authority of a man who claims to have timed it, just four minutes. One or two slight vibrations have since been felt. The movement of the tremor was northwest. Shortly after the earthquake a volcano broke out twenty-two miles south of this place. The sky is brilliantly illuminated.

BERSON, A. T., May 4.—About two o'clock yesterday afternoon great terror was experienced among the citizens by an earthquake. A stockman has arrived from San Pedro river and reports the shock as being severe in that section. A fissure in the ground was made six inches wide, and as it opened the water rose where there had before been dry land. The phenomena of smoke arising from the Whetstone mountains, eight miles south, was witnessed from here after the shocks. The appearance was that of a volcano, and there is great excitement about the occurrence, as no volcano has ever before existed in this region. A party has started from the mountains to make an investigation.

GUAYMAS, Mex., May 4.—Yesterday afternoon two earthquakes were felt here in a direction from east to west. No damage is reported so far. After the first quivering sensation the highest cliff in the Chirato mountains fell, causing a cloud of dust to rise like smoke from an explosion by a large amount of powder. Shocks were also felt at Ures, Alamos, Moccorta and Sinaloa. The church and several buildings were cracked at Ures.

A portion of the western side of Cape Haro, the entrance to Guaymas bay, fell into the gulf and the light house was injured.

Agony is Courted  
By persons who, attacked by a mild form of rheumatism, neglect to seek prompt relief. Subsequent torture is prevented by an immediate resort to Hostetler's Stomach Bitters. Slight exposure, an occasional draught, will beget this painful malady, where there is a predisposition to it in the blood. It is not difficult to arrest the trouble at the outset, but well high importance to eradicate it when matured. No evidence in relation to this superb blood purifier is more positive than that which establishes its efficacy as a preventive and remedy for rheumatism. Not only is it thorough, but safe, which the vegetable and mineral poisons, often taken as cures of the disease, are not. Besides expelling the rheumatic virus from the system, it overcomes fever and ague, biliousness, constipation and dyspepsia.

The gross public debt of Canada on March 31st was \$270,340,146; net debt, \$225,865,831; revenue from sale of dominion lands last year, homesteads and pre-emption sales, \$509,341; leases, \$136,618.

## Where Water is At a Premium.

SELMA, Cal., May 4.—To-day the directors of the Fowler switch canal and the Centerville and Kingsburg canals went to the head gates of their respective ditches to shut off the water in compliance with the order of the superior court of Talare county. At the Fowler switch-gate about forty men were found drawn up in line on the banks of the canal and across the gate. They were armed with guns and pistols. Mr. Tucker, president of the company, asked what they were doing there, and was told that they had taken possession of the canal and intended to run water. At the Centerville and Kingsburg ditch about seventy men similarly armed and disguised were found, who said that they were there to save bread for their children. The directors could get no other reply from the maskers, who, during the talking fired twenty or thirty shots in the air and ordered the directors to leave, which they did. Water has been out of the canals for some time and many of the farmers in the southwestern part of the country are getting desperate. They are supposed to be the ones who now hold forcible possession of the ditches.

### Small Pox at San Francisco.

SAN FRANCISCO, May 4.—Dr. Fisher, surgeon of the Pacific mail steamer City of Sidney, sent word to the health officer yesterday that one of the Chinese who has been detained aboard the vessel for fourteen days during the pendency of the habeas corpus proceedings is sick of small pox. The man was at once taken to the small pox hospital. Orders were given to allow no one to leave the ship. All hands were vaccinated last night, eighty quills of virus being used. The vessel will be fumigated.

If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

## TAKE SIMMONS LIVER REGULATOR

For all Diseases of the Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weaken) the digestive and assimilative powers of the system.
