He Voted Aye.
Everybody in Dakota knows Wilbur F. Steele. He was a member of the legislature from Steele county. There is an incident in Steele's legislative career that goes very far to show his characteristic regard for his wife. He has one fault, however. He takes no stock in woman suffrage—except when he is obliged to. On the occasion in question the woman suffrage bill was before the house. Maj. Pickley was championing the cause of the fair sex in eloquent words when a call was made for a vote, and the clerk proceeded to call the roll. When Steele's name was reached he rose with the dignity of a Demosthenes and commenced:

"Mr. Speaker, I am sorry that I cannot support this bill, but—"
At that moment a well dressed lady was seen to bend over the gallery rail. In a loud voice she exclaimed:
"W-i-l-b-u-r!"
He glanced upward. It was enough. He turned and said:
"Mr. Speaker, I vote aye."
The lady was Steele's wife.

One of the seventy-five men who lynched five negroes in York county, S. C., the other day, writes to a state paper that the party had no doubt that the five men were guilty, yet it was also certain that "under the rules of evidence they could never be legally convicted."

The Illinois house has passed a bill to prohibit idiots, insane persons and inmates of prisons from marrying. The bill has been called forth through the proxy marriage of Spies, the anarchist murderer, with Miss Van Zandt at Chicago.

"None are so fond of secrets as those who do not mean to keep them; such persons covet secrets, as a spendthrift covets money, for the purpose of circulation."—Colton.

To cement leather upon iron, take five parts of fish glue dissolved in an equal quantity of water and gently add one part of nitric acid.

TOOK ALL HIS PAINS AWAY.
A. M. Chisholm, of No. 2723 Stoddard Street, St. Louis, Mo., writes:
"During my long residence in Canada I suffered for years from pains in my back, across the region of the kidneys and by the constant use of ALCOCK'S PLASTERS invariably obtained great relief. Upon removing to St. Louis, I was again troubled with the same complaint, and was advised to use Magnetic and other kinds of plasters, without being relieved of pain, so I fell back to my old friend ALCOCK, who gives me more relief than any other I have ever tried. I always recommend them to my friends and all who suffer from pains and aches of any kind."

To make paper stick to a wall that has been whitewashed, wash in vinegar or saleratus water.

If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended she tried Simmons' Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."
W. C. SUBERS, Bainbridge, Ga.

The year 1886 was a fortunate one for Canadian shipping, the losses being less than for any year since 1876.

The Interstate Commerce Act.
When a conductor tried to eject a tramp from a Southern Pacific train the other day, the interloper sprang the interstate commerce act on him. He claimed that he had only boarded the train at Reno, which was a short haul, while the fellow on the other brake beam had had the long haul all the way from Ogden. As he understood the law, it was expressly intended to prevent discrimination, and he would invoke the commission. The conductor gave him a short haul from the beam and a stalwart brakeman gave him a haul that he will long remember.—Sac. Bee.

The cream takes out of the milk about four parts of its solids, which are rated at 13 parts of 100. This leaves 87 parts water. On this basis some writers contend that a calf should never be fed skimmed milk, as there is not food enough in it. Well, if it is sour it is worse yet. Admit it all. When are the four parts of solid in the cream worth the most? As 'veal or butter? They are worth four times as much as butter. All right. Do not starve the calf, but make up the four parts of solids with other food costing less than two cents per pound. This is business, sense and science combined.

TAKE
SIMMONS
LIVER REGULATOR
For all Diseases of the
Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.
The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.
Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.
If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
