

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, MAY 11, 1927.

The Edith started to Brookfield with a euthre party last evening.

The State is due from San Francisco this morning; the Columbia sails.

The ladies of the Methodist church will give a social next Tuesday evening at the residence of Mrs. Saenil Elmore.

Almost anybody can own a ship these times. The fine American ship Guardian was sold in San Francisco last Wednesday for \$12,000. She would be cheap at \$80,000.

Capt. Hooper, late of the revenue cutter Richard Rush, has been placed in charge of the Corwin. Capt. L. G. Shepherd has been assigned command of the former vessel.

Wm. Thorsen, a native of Norway, died at the hospital yesterday in the 42nd year of his age. The funeral will take place on the arrival of the mail boat from Portland this afternoon.

Prof. Aulgaire delivered his first lecture last night to an interested audience. To-night he will lecture on phrenology. During the day he will give phrenological examinations at the hall.

That Pendleton band tournament has been postponed till September, on account of the Pendleton paper says, of the interstate-commerce act. Wonder if that same act is the cause of all this superfluity of moisture!

The Olympian left Seattle a week since for Alaska, says the News, with one solitary passenger, who had the entire passenger quarters of a \$300,000 vessel all to himself. At Victoria his solitude and grandeur were broken by the arrival of another passenger.

A traveler from Alaska says the barometer is not the slightest use in Behring sea and no attention need be paid to its fluctuations by mariners. The usual conditions appear to be reversed and it goes up or down regardless of probable climatic changes.

County assessor Sorensen returned yesterday from a trip through the eastern and southern parts of the county. Traveling through from the upper to the lower Nehalem and in from Vesper, Jewell and Olney, is a slow process such weather as we have been having.

To-day the Escort No. 2 will start to tow the brig Deacon from San Francisco to Mendocino, to load redwood lumber. She will then be towed to Port Discovery, by the Escort to deliver her cargo into a vessel bound to Australia. This is the longest tow ever known on the Pacific coast.

The recent high tides are reported to have done considerable damage to traps in Baker's bay and along the river. G. P. Graham's trap below the mouth of Deep river, was damaged to the extent of \$300. The dykes on Lewis and Clarke's are also reported to have been damaged by the unusually high water.

Superintendent of public instruction McElroy has prepared under the direction of the board of education, blank certificates and receipt forms for use of county school superintendents, and it is expected that these will be ready and distributed in time for use at the first public examination occurring under the new law, on the last Wednesday in the present month.

Yesterday, says the Oregonian of the 10th, a special meeting of the stockholders of the Portland Tugboat company was held at the office of Ladd & Tilton to consider the proposition of selling the tug Pioneer to A. D. Moore, of the Port Discovery Saw Mill company, who had made an offer of \$25,000 for the boat. After a full discussion of the matter, the directors were authorized to make the sale. Subsequently the directors held a meeting and formally accepted Mr. Moore's proposition. Mr. Moore will take the tug to the Sound and use her in connection with his mill, towing logs and vessels in and out etc.

WHAT STUBBS SAID. CHICAGO, May 10.—The Times says after the meeting of the transcontinental lines, Stubbs of the Southern Pacific stated that the Southern Pacific would meet competition of the Canadian Pacific, the Pacific Mail and clipper ships in their own way, which meant that if these latter routes took any business they would get it at a loss.

THE KENTUCKY RACES. LOUISVILLE, May 10.—To-morrow the Kentucky Derby, the most prized of all western turf events, will take place. The race, which is for three-year-old colts and fillies, distance one and one-half miles, has never been more open to speculation; each candidate has his full quota of admirers, though hereabouts, Jim Gore and Banbury are best thought of. Lucky Baldwin's best colt, Goliah, is coughing and not likely to start.

A VOLCANIC ERUPTION. EL PASO, Texas, May 10.—Word has been received from Lieut. Britton Davis from Corralitos, Old Mexico, about one hundred and fifty miles from El Paso, that an active volcano has broken out fifty miles south of Casas Grandes; springs have burst out where water was never seen before.

CITY COUNCIL PROCEEDINGS.

Considerable Discussion—Some Claims Allowed.

The city council met in regular session last evening, Mayor Trullinger in the chair; present, councilmen Bergman, Gratke, Sherman and Cleveland.

The petition of H. B. Parker for permission to build a wharf on lots 3 and 4, blk. 7, McClure's Astoria, was read, and, on motion, was referred to committee on wharves and water frontage, with power to act.

The report of the auditor and police judge for April was read, and, on motion, referred to committee on health and police.

The report of street superintendent was read, and, on motion, referred to street committee.

The resignation of Jas. Macomber as electrician of the Astoria fire department was read, and, on motion, referred to committee on fire and water and chief engineer.

A resolution was read instructing the auditor and police judge to give notice regarding the repair and improvement of Cogocomly street, which resulted in a discussion of the matter, and, on motion, the city surveyor was instructed to resurvey the grade on that street.

C. W. Fulton addressed the council on the desirability of having a terra cotta sewer on Benton street, and on behalf of school district No. one, thought that the health of the children and proper drainage of the school privy vaults required immediate action in the matter of adequate drainage.

B. S. Worsly addressed the council on the matter of a pipe line, saying that a 6-inch pipe could be bought for 42 cents a foot, and a line up to Jefferson street could be bought for less than a cistern could be built, the idea being to put an eight inch main in on Genovieve, Benton or Main streets.

A resolution was read instructing the auditor and police judge to give notice that the council proposed to place a ten inch terra cotta sewer on Benton street from the south side of Court street to low water mark, instead of wooden sewers on the west side of Benton street.

The matter of moving the engine house of Astoria Engine Co. No. One, next came up for discussion. The necessity for the removal of the house to a more convenient location was recognized, the question being was the property on which it was proposed to be placed city property or private property.

Councilman Cleveland thought it would be a good idea to raise the monthly allowance of each fire company \$5, and require the engineer of each company to constantly keep up a pressure of 10 pounds of steam in the engine.

Health officer Page said that on request he had investigated an alleged case of small pox and that it had proved to be no small pox; it was suggested by the council that Dr. Page present a bill for his services.

The following bills were ordered paid: Astoria Gaslight Co., \$131.25; Astoria Electric Light Co., \$168; E. R. Hawes, \$11.75; A. V. Allen, \$3.50; Astoria Wood yard, \$5.50; F. Sherman, \$1.50; F. H. Surprenant, \$6; Astoria Iron Works, \$18.75; T. S. Jewett, \$13.70; Murray & Co., \$50.25; J. J. Girvan & Co., \$16. Adjournd.

The Greatest Study of Mankind is Man. The greatest study of mankind is man, and who ere his wondrous fame doth scan, Ponder and devise to cure an ill, Whether by device, fruit or pill, An equal benefactor is he; and we haste, The inventor of a cathartic of delicious taste, To do him honor.

Who remembers not how the distressed mother, Her child's entreaties tries to smother, That she insist not the horrid dose be taken, The remembrance e'en now does nausea awaken, And fond father, To be witness of his child's torture, would rather pay high price, If money could purchase Cathartic rice.

We have it now! and great DR PRATT'S name, Appears upon the scroll of Esculapian fame, For after long study what would suit, Has hit upon DELICIOUS FRUIT To cure our ill. Away at once with draughts and pills; For whether it be indigestion, liver complaint or constipation, Or any disease to which flesh is heir, He here with pride does boldly declare, And on the assertion will wager big, That it can be cured by a HAMBURG FIG!

HOW TO MAKE MONEY.

A \$1400 House and Lot in East Portland, for \$200.

Mr. J. T. Flynn, of the firm of Hennelly, Flynn & Co., owners of the extensively advertised Paradise Spring Farm addition to East Portland, arrived by the Telephone yesterday and is stopping at the Occident, where he is prepared to answer all inquiries in relation to the enterprise. Mr. Flynn comes supplied with references, maps, plans of the houses to be given away, photographs of the place, and in fact, everything necessary to furnish an intelligent idea of the place. Among our townsmen who have already invested in the enterprise is Hon. John Hobson who purchased four lots after a personal inspection of the place during his recent visit to the metropolis. Mr. James Williams, the well-known canneryman, has also made an investment of a like nature and he considers that he has made a very good \$200-trade. Full particulars may be obtained by calling on Mr. Flynn who will remain in the city until Thursday morning.

Still Running Together.

The steamer Fleetwood got the start of the Hayward coming from Tacoma yesterday forenoon and reached this city about 12 minutes in advance of her larger rival. On leaving here at 1:30 p. m., for Tacoma the Hayward got 4 1/2 minutes the start of the Fleetwood. The reason given for this was that there was some trouble in getting water, but undoubtedly the real reason was that the Fleetwood wanted to chase and pass, if possible, her larger rival. When the boats disappeared from view around the point, the Fleetwood had gained one and one half minutes on the Hayward. On the return of the latter steamer last evening, the officers stated to a reporter that the Fleetwood was not racing, and that the Fleetwood reached Tacoma a few minutes ahead of her. The public seems to take a great interest in the speed of these two flyers, and every day the wharves are thronged with people on the arrival and departure of these two boats. For several years, while the Fleetwood was the property of U. B. Scott on the Columbia, the Hayward was pitted against her on the Portland and Astoria route, and it used to be a question of which steamer made the fewest landings and which got there first. It is stated the opposition of this Fleetwood in years past has cost the Oregon Railway & Navigation a hundred thousand dollars, and now it looks as though she was going to tackle the pockets of the successors of the O. R. & N. Co. One thing is certain, there is no money in carrying passengers from Seattle to Tacoma, and vice versa, at 50 cents each, as is now being done.—Seattle Daily Post-Intelligencer, 8.

A Melancholy Warning.

The Astors of New York own 7,000 houses and keep three architects constantly employed. Old man Astor was one of those reckless individuals who bought on a boom, not withstanding the warnings of his neighbors that the bottom would in time drop out and New York be left a stragglng country village.—Omaha World.

Tough Spring Chicken.

A Whitehall marketman lately exhibited a diamond ring from the crop of a spring chicken. It proved to be the property of a lady from whom he purchased the chicken, who remembered to have dropped the ring fifteen years ago while finding a brood of spring fowls.—Whitehall Times.

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. An satisfied Electric Bitters saved his life." Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters. This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1. at W. E. Dement & Co's.

A CHILD'S SKIN.

Ears and Scalp Covered with Eczematous Scabs and Sores Cured by Cuticura.

My little son, aged eight years, has been afflicted with Eczema of the scalp, and at times a great portion of the body, ever since he was two years old. It began in his ears, and extended to his scalp, which became covered with scabs and sores, and from which a sticky fluid poured out, causing intense itching and distress, and leaving his hair matted and lifeless. Underneath these scabs the skin was raw, like a piece of beefsteak. Gradualy the hair came out and was destroyed, until but a small patch was left at the back of the head. My friends in Peabody know how my little boy has suffered. At night he would scratch his head until his pillow was covered with blood. I used to tie his hands behind him, and in many ways tried to prevent his scratching; but it was no use, he would scratch. I took him to the hospital and to the best physician in Peabody without success. About this time, some friends, who had been cured by the CUTICURA REMEDIES, prevailed upon me to try them. I began to use them on the 15th of January last. In seven months every particle of the disease was removed. Not a spot or a scab remains on his scalp to tell the story of his suffering. His hair has returned, and is thick and strong, and his scalp is as soft and clean as any child's in the world. I cannot say enough to express my gratitude for this wonderful cure by the CUTICURA REMEDIES, and wish all similarly afflicted to know that my statement is true and without exaggeration.

CHARLES McKAY, 26 Foster St., Peabody, Mass.

I have seen Mr. McKay's boy when badly affected with the Eczema. He was a pitiful sight to look at. I know that he has tried our best physicians, and that all a father could do for a suffering child, but availed nothing. I now trust the same results he has made you a regards the curing of his boy by your CUTICURA REMEDIES are true in every particular.

WILLIAM J. McARTHUR, 33 Foster St., Peabody, Mass.

I do not know of any instance in which the CUTICURA REMEDIES failed to produce satisfactory results. I believe I have sold more of them than of any other skin remedies I have ever handled during the thirty-three years of my experience as a druggist. A. D. TRYON, Batavia, N. Y.

A Word About Catarrh. It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vessels, and renders life but a long-drawn breath of misery and distress, dulling the so-called hearing, trammeling the power of speech, destroying the faculty of smell, tantalizing the breath, and killing the reid d pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranes lining and envelopes the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviators are simply procrastinated sufferings, leading to a fatal termination. SANFORD'S RADICAL CURE, by Inhalation and by Internal Administration, never fails, even when the disease has made frightful inroads on delicate constitutions, bearing, smell and taste have been recovered, and the disease thoroughly driven out.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one BOX CATAARRH SOLVENT, and one IMPROVED INHALER, neatly wrapped in one package, with full directions; price, \$1.00.
