And don't you forget it that every egg bought from the above parties is guaranteed by them to be fresh. S. K. STANLEY.

What is Wealth?

The inventors and scientists are the greatest destroyers of hardly won wealth, the tendency of science and invention being to substitute less costly and more effective capital for that which has been previously in use.—*Edward Atkinson.*

It is a mistake to say that inventors and scientists are destroyers of wealth—they are rather savers of wealth and economizers of labor and material. It is very rare that an invention destroys any wealth in existence, but inventions are daily and hourly producing results which will make the future wealth less expensive. The wealth of a person or a country does not consist in the amount of cost tied up in property, but in the amount of valuable results that can be obtained from property. Much property, like unproductive mines, represents great cost, but no wealth.—*Wood and Iron.*

A Big Day's Work In a Mill.

TACOMA, May 11.—The Tacoma mill carries a broom right at the head of their flag staff, as a signal of their victory over the Port Blakely mill in the number of feet of lumber cut in a ten-hours run. Saturday last the Port Blakely mill cut 303,000 feet. To-day the Tacoma mill cut from green logs 416,834 feet of merchantable lumber, making the largest cut but one ever made by a single mill in America, the Chippewa mills having cut 537,000 in soft pine on a run of twelve hours.

Gold Found on Vancouver Island.

VICTORIA, B. C., May 9.—The steamer *Woodside* arrived from the west coast to-day, having on board a number of Chinese miners from Bear river, which empties into Nootka sound. They brought between twenty-five and thirty thousand dollars in gold dust, which created an excitement here. The mining is exclusively done by Chinese, who have chartered a steamer to send more men.

FATAL

Do you know that a pain in the left shoulder or arm is a sign of heart disease? It is; and that disease may have progressed far towards a fatal termination without exciting suspicion. Take DR. FLINT'S HEART REMEDY at once.

Shortness of Breath, Dizziness, faintness, burning in the region of the heart, shortness of breath on exertion, pain in the left shoulder or arm, are in the presence of heart disease, and demand immediate use of Dr. Flint's Heart Remedy.

Dr. Flint's Heart Remedy rapidly removes the affliction in cases of dropsy, which is due in most cases to weakness of the heart or general circulation.

HAMBURG FIGS.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicine that is usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found effective as well as pleasant to the taste of women and children. 25 cents.

TRADE **S.S.S.**

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years—I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
