

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, JUNE 1, 1887

Salmon are reported a little plentiful this week.

It is easier to develop a boom than to manufacture one.

The Gen. Miles is off for Gray's harbor at six this morning.

High water, lines down: no dispatches; sorry: can't help it.

Don't fail to hear Prof. Auquire to-night who speaks at Liberty Hall. Admission free.

The R. R. Thompson being temporarily disabled, the Bonita is running in her place.

E. B. Beck arrived in New York on the 20th ult., from a European trip, much improved in health.

Beginning to-day the O. R. & N. Co. will sell excursion tickets to San Francisco and return for \$30.

Levi Knott, a well known Oregonian and resident of Portland, died at Denver, Colorado, on the 28th ult.

Regular monthly meeting of the Astoria Building and Loan association at 7:30 this evening, at the hall of Rescue No. 2.

The hook and ladder and hose teams are doing some lively training, and if they don't get there, Eli, it will be because better beats them.

J. G. Ross, of the Astor house, yesterday received a letter of inquiry regarding the price of board, etc., from a resident of Oaco, Ill., who purposes sojourning in this city.

Up at Kalama the N. P. R. R. folks are making big preparations for the June rise. The dock is being torn up, raised and repaired. It is thought that there will be a temporary transfer between Kelso and Columbia City.

A race between two Whitehall boats in front of the city came to a sudden end yesterday afternoon by one of the boats upsetting, the occupants clinging to the mast till flung into the water. They were rescued by their competitors.

Not the least among the pleasant observations of last Monday was the decoration of graves of friends by loving survivors, many who belonged to the lowly army of private workers being thus kindly remembered by those from whom they had strayed on Life's pathway.

A game of baseball was played in the court house yard on Monday afternoon, the closeness of the score making it a matter of difficulty for the umpire to officially decide which "team" won. It is understood that in three innings the score stood 114-114, and the last run is still unwarded.

Boat No. 21 belonging to the I. X. L. Packing company went ashore at Sand Island yesterday morning; one of the occupants, Erick Johnson, was drowned; his companion was saved. The funeral will be held on Coronor Ross' rooms at four o'clock this afternoon, under the auspices of the fishermen's union.

There was a large audience at the opera house last night, and Baird's minstrels gave a very satisfactory performance. They have half a dozen men in the company that are a whole show in themselves, and the reputation for ability that preceded them was increased by the mastery manner in which they gave their different specialties.

"High water" is reported from points inland. About the only noticeable difference that high water makes down this way is at the mouth of the river, and it is an important one to the fishermen. Boats in the vicinity of Peacock spit usually depend on the flood to come in on, but when the river is rising at the present rate it tends to keep the tide out and the almost constant ebb causes many a one to lose his net in a sudden struggle with the breakers.

Eastern railroad sharps who claim to know, say that the seventy-five days suspension of the long and short haul clause of the interstate commerce law will not be renewed when it expires. If this be so it would be a good idea for Pacific coast shippers to get all the freight possible out from the east before the 15th of next month. But so many were caught with big stocks when the suspension went into effect that it is hard to find out just what to do. It seems to be one of the cases where the less a man does in view of the probable future the better off he is. There is a time in every man's life when he can't make any money.

Take It In Time. A man who presents an appearance of debility, whose countenance is anxious and who is subject to spells of faintness, is liable to sudden death from heart disease. Let him take Dr. Flint's Heart Remedy before it is too late. At druggists. \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

Notice. A special meeting of "H." company, O. S. M., will be held at its armory on Thursday, June 2nd, 1887, at the hour of 8 o'clock p. m., for the purpose of electing company officers. By order of Capt. C. W. FULTON, Commanding.

A ROUGH EXPERIENCE.

E. T. Humes and five other wrecked mariners are in the city and leave this morning for Victoria. They are seafarers from the schooner Lily L., the captain of which says they deserted him off Cape Foulweather, May 11. Humes and his comrades tell a very different story. They say they left the vessel under orders that morning in two boats to cruise south by east, and night coming on, no sign of the vessel which should have picked them up and they being short of provisions they had to make shore to get something to eat. They beached the boats at the mouth of Salmon river, 25 miles below Nestucca, on the 12th amid great dangers, losing guns and personal effects, and after considerable suffering, reached the Nestucca, where they were kindly cared for and carried here on the Queen of the Bay. Humes says it was had enough to be cast away and made struggle for life on a lonely and surf-beaten coast, without being charged by his captain with being a deserter. The owner of the vessel telegraphed him funds from San Francisco last Monday, and instructed him to join his vessel at Victoria.

A Prospective Treaty.

SAN FRANCISCO, May 30.—Mail from the Orient received here to-day, contains the following, among other news:

The Hong Kong Mail of April 29, says: "Doubts are entertained concerning the measures which may be taken to further restrict or altogether prohibit the admission of Chinese into the United States. It appears to have exercised a marked influence upon passenger traffic to California. During the last two months there have arrived here in the Pacific Mail and Occidental & Oriental steamers, five steamers, only 845 Chinese passengers from California, while during the same period there have departed for San Francisco, in six steamers of these companies, no less than 5,095 Chinese passengers. All excepting a very small percentage of these outward passengers are the possessors of certificates, and a certain proportion of these large numbers of departures may be natives returning to their states after a New Year's visit to the Middle Kingdom. At the same time there can be little doubt but that the cautious and far-seeing celestials, fearing that the treaty now being negotiated by Colonel Denby, at Peking, may materially curtail the facilities of immigration into the United States, are now taking time by the forelock and hurrying forward to get in before the door is closed. Those only who are compelled to leave the states are now taking passage home-ward. The Chinese government are understood to have expressed the most perfect indifference whether immigration into the states is stopped or continued."

Astoria Illustrated.

The forthcoming number of the West Shore to be devoted to Astoria and surroundings promises to be one which Astorians will have reason to give liberal and wide spread circulation. Mr. Sammel, the publisher, is now in the city superintending the work, and no effort or expense will be spared to bring Astoria's advantages as a commercial city and a summer resort in a proper and striking way before the eyes of its thousands of readers. Yesterday one of the artists was dispatched to Seaside to sketch in that locality, and this morning an artist leaves for the other side. The illustrations will embrace everything that is likely to impress people abroad with what Astoria has already accomplished, and the accompanying article will show what the future possibilities are. The work done by the West Shore is thorough and artistic, and our citizens are to be congratulated that such a number is being prepared, which will certainly prove of benefit to us.

A TRAFFIC AGREEMENT.

CHICAGO, May 30th.—Chairman Midgley, of the southwestern statistic bureau and the Pacific coast association, returned yesterday from New York, where he has been attending a meeting of the representatives of the Eastern Trunk line, the Central Traffic association and the Transcontinental association, in regard to the division of rates on Pacific coast through traffic. He says that the recommendation of the committee, consisting of Chairman Fink, of Trunk Lines; Chairman Blanchard of the Central Traffic association; Chairman Midgley, of the Pacific Coast association; General Traffic Manager Stubbs, of the Southern and Central Pacific; and General Traffic Manager White, of the Atchison, Topeka and Santa Fe, and the Atlantic and Pacific that the trunk lines and the central traffic association roads will accept twenty-five per cent of the rates on both east and west bound California through traffic at whatever tariffs may be issued by the trans-continental roads.

The paper adds: This will settle the difficulty regarding the division of the Pacific coast through traffic and enable the California roads to compete against the Pacific Mail Steamship company. But fears are expressed that the California roads will not derive much benefit from the arrangements. The indications are that the interstate commerce commission, after the expiration of the seventy-five days, for which section 4 of the law was suspended in favor of the California roads, will rescind its action and compel them to make rates in conformity with the long and short haul section of the new law, except on such commodities which are especially affected by ocean competition.

Astonishing Success.

It is the duty of every person who has used Bosche's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Famous Women.

Madame Trebelli, the greatest of living contraltos who has traveled extensively, in fact visited every county and city of note in the world, has just departed from the slope of the Pacific, and often expressing the greatest admiration for the beauty and grandeur of our scenery and the delightful mildness of our climate, left the following written note as a living expression of her opinion in the hands of a Portland druggist, the original of which can be seen on demand.

PORTLAND, Or., April 6, 1887.

VITIATED BLOOD Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that your medicine has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding you this testimonial, unolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial.

SCROFULOUS ULCERS. James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. It was I, Richard of the CUTICURA REMEDIES, used them, and was perfectly cured." Sworn to before U. S. Com. J. D. CRAWFORD.

ONE OF THE WORST CASES. We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofulous Ulcers ever seen was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. The soap takes the "choker" here as a medicinal soap. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

SCROFULOUS, INHERITED, And Contagious Humors, with Loss of Hair, and Eruptions of the Skin, are positively cured by CUTICURA and CUTICURA SOAP, when all other medicines fail. Send for Pamphlet.

DRUGGISTS USE THEM. We have obtained satisfactory results from the use of the Cuticura Remedies in our own family, and recommend them beyond any other remedies for diseases of the skin and blood. The demand for them grows as their merits become known. MACMILLAN & CO., Druggists, Latrobe, Pa.

CUTICURA REMEDIES are sold everywhere. Price: CUTICURA, the Great Skin Cure, 50 cts.; CUTICURA SOAP, an Exquisite Beautifier, 25 cts.; CUTICURA RESOLVENT, the New Blood Purifier, \$1.00. POTTER DRUG & CHEMICAL CO., Boston. Blackheads, Skin Blemishes, Pimples and Baby Humors, use CUTICURA SOAP.

Choking Catarrh.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises! How difficult it is to rid the nasal passages, throat and lungs of this poisonous mucus all earnestly who are afflicted with catarrh. How difficult to protect the system against its further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

Each packet contains one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an IMPROVED ISHALER, with treatment and directions, and is sold by all druggists for \$1.00.
