An Eccentric Will.

Probably the most remarkable will ever made was drawn up by Alderman Hartman, of Pittsburg. on Thursday, February 13, 1887. The testator, Ambrose Retharge. who is 52 years of age, after dis-posing of \$10,000 in real estates, directs as follows: "I direct that my body be tal en to St. Michael's church, and, aft r the proper religious services are performed, that it be given in charge of my family, who will convey it to Samson's crematory and there have it burned to ashes, the ashes to be put in a small bottle and given in charge of the German consul in Pittsburg. This gentleman will then forward my ashes to the consul in New York, who will give them in charge of the captain of the German steamer Elbe, who will place them ecurely in his ship for the ocean royage. When at mid-ocean I direct the captain to request one of the passengers to dress in a seafaring suit and ascend with my ashes in his hand to the top of the topmost mast, and, after pronouncing a last benediction, to extract the cork from the bottle and cast its contents to the four winds of heaven. I direct, also, while this ceremony is being performed, that it be witnessed by all passengers on board. After the Elbe has completed her trip and returned again to New York, I want a full statement of my death and the scattering of my ashes in midocean published in the Pittsburg papers, so that my friends in this FRESH AND CURED MEATS!
