

The Daily Astorian.

ASTORIA, OREGON: SUNDAY, JUNE 5, 1887.

Excursion to the cape and Ilwaco to-day at 9 A. M., on the Gen. Canby.

The Gen'l Wright, Capt. Steve Babbidge master, is taking on supplies, and will leave to-morrow for Yaquina.

The congregation Abavia Sholem will be down from Portland on the R. R. Thompson to-day, returning this evening.

The Coloma brought 34 Chinese. They have return certificates. Dr. Estes boarded the vessel and gave it a clean bill of health.

The friends of the late Jno. Reid have concluded to have the interment in Portland, and the body will be taken up on the boat to-morrow.

The Ancon took a large lot of cannery supplies and sailed for Alaska at 3 P. M. The State arrived in at the same hour; the Columbia sailed for San Francisco yesterday.

Pacific Lodge No. 17, K. of P., elected officers for the term, last Friday evening, as follows: Geo. No. land, C. G.; J. W. Hays, V. C.; E. Halleck, P.; C. Fox, M. at A.

The Telephone cracked her shaft on the up trip Friday. The new shaft ordered a year ago will be put in this week. The Lurline will come down in her place to-day, and run during the week.

During the hot weather of last week when the thermometer, in the interior, was up to ninety degrees and more, the waters of the Cowitz river, at Toledo, were shown by actual test to be only sixteen degrees above freezing point.

Capt. Geo. Flavel goes to Portland to-morrow. He contemplates the erection, this season, of a two-story brick 50x90, on the lot southwest corner Main and Chenamus, and a handsome frame building, on the lot southwest corner Cass and Chenamus streets.

To-morrow evening Profs. Yeomans and Alguire will deliver their farewell lecture on love, courtship and marriage, at Liberty Hall. Ten couples will be united phrenologically. This will be an interesting lecture and everyone is invited to be present.

Rev. O. B. Whitmore states that the Methodist church of this city will give an excursion on the elegant steamer Multnomah, to Vancouver and return, on Thursday, June 16, the second day of the fireman's tournament. The fare will be only \$1.50 for the round trip.

F. W. Peine exhibited in the Walla Walla Journal office, Wednesday, "what is probably the largest straw-berry ever grown in the valley, if not in the world. It measures a full foot in circumference, and, doubled over, fills a jelly tumbler. The marvel is distinctly one berry and not a pair or cluster grown together."

At a meeting of the Fourth of July committee last evening it was decided that the finance committee should wait upon the citizens to-morrow, Tuesday and Wednesday for contributions, and report at a meeting to be held next Wednesday evening, when the general programme of the celebration will be decided upon.

Seaside Lodge No. 12, A. O. U. W., elected officers, last evening, as follows: M. W. N. Jones; Foreman, G. W. Rucker; Recorder, C. Brown; Financial, S. T. McKean; Receiver, Jno. Bryce; Guard, A. Johnson; I. W. C. Johnson; O. W. H. A. Smith; Trustee, G. W. Rucker; representatives to grand lodge, C. Brown, S. T. McKean.

There was a very pleasant lawn party social at the hospitable residence of Mrs. A. Van Dusen last Friday evening. The grounds were handsomely lit up, and the band played some excellent music. There was dancing and refreshments, strawberries and ice cream. The social was under the auspices of Grace church guild; some \$65 were realized for the church fund.

In speaking of the demand for logs on the Sound, J. W. Currie tells a Seattle P. I. reporter: "So far I have found no difficulty in disposing of my logs as fast as I could get them into the water. I returned to-day from Port Discovery, where I went to sell a boom of logs. Seven dollars per thousand is the ruling price for good logs, but I had the cheek to ask \$7.50 for mine. The company said they did not want to establish such a precedent, and we compromised on \$7 per thousand, which, by the way, is a pretty fair figure for logs, unless they are extra fine timber."

Coffee is up, says the P-I, to "war times" prices, or to the prices that prevailed in the 60's. Two months ago Costa Rica, for instance, was retailing in the local market at the rate of five pounds to the dollar, and one month ago, four pounds to the dollar. The rate is now three pounds, or a higher rate than it has sold for during the past twenty years. Coffee buyers are astonished now-a-days at the small packages of coffee they get for their great big dollars. A short stock on hand in the markets of the world and a crop shortage in Brazil are said to be causes for the present advance.

Don't Forget The Astor House, the best hotel in city. Good dinner to-day at 12 o'clock. J. G. Ross, Proprietor.

What is better than a glass of liquor? A cup of delicious coffee at Fabre's. Lemon Ice Cream at Fabre's to-day.

DEATH OF WM. A. WHEELER.

Myriads of Welshmen Honor Gladstone. WATERBURY, New York, June 4.—Hon. Wm. A. Wheeler died at his home in Malone this morning. He remained in a comatose state during the night and passed peacefully away without a sign of recognition of those about him.

DRIVING OUT THE BANDITS. MATAMORAS, June 4.—Particulars of the late action between the Mexican cavalry under Col. Nives Hernandez, and Mexican bandits recently driven from Balaso cutoff by the aid of the civil authorities of Texas, have been received. The bandits numbered twenty-eight and are believed to have been under the command of Lazero Ayala, a well known bandit from the state of Nuevo Leon. Col. Hernandez lost one man killed and three wounded; fourteen of the bandits were captured and immediately executed. The balance are being hotly pursued and cavalry from all quarters are closing in on them.

It is reported that a case of rifles was sent these men by the revolutionary party at Brownsville. The civil and Mexican authorities are working in unison to break up the banditti, which for over forty years have infested the cutoffs along the border.

THEIR FATE IN DOUBT. EL PASO, TEXAS, June 4.—General Lorenzo Vega, president of the Mexican military court that sentenced three Nogales invaders to death, is at El Paso, and says Col. Aviza, Lieut. Gutierrez, and the third prisoner, a civilian, are still in jail at Guaymas, pending an appeal for mercy to the president and the secretary of war in the city of Mexico. In Mexican official circles it is not thought that the intercession of secretary Bayard for leniency will have the desired effect, as the standing of Col. Aviza in the Mexican army is not of the best. There is no sympathy for him among his own countrymen.

O'BRIEN IN NEW YORK. NEW YORK, June 4.—Editor Wm. O'Brien to-day received a delegation from Tammany Hall and was presented with a set of resolutions adopted at the wigwam last night, expressing indignation at the conduct of Lord Lansdowne's followers in Canada, and sympathy with O'Brien's cause. O'Brien will review a monster parade in his honor and deliver an address to-morrow, when he will seek rest out of town.

LINCOLN'S ATTY.-GEN. DYING. LOUISVILLE, June 4.—Gen. James Speed, who was attorney-general under President Lincoln, is dangerously ill at his home in this county; his family and physicians state that he can live but a few days longer. He is almost eighty years of age and is gradually sinking from mere exhaustion.

WON BY THE "GENESTA." LONDON, June 4.—The Thistle had her topmast carried away in the Thames yacht club race to-day, and was beaten by the Genesta and Ilex. The course was from Nore to Dover. The Genesta was first across the finishing line, the Ilex second and the Thistle third, half a mile behind.

A CHANCE TO BE HANGED. PHILADELPHIA, June 4.—Robert G. Hall, the man who yesterday murdered Miss Lillian Bikers and attempted suicide by cutting his throat, is so much improved to-day that his physicians say there is a chance for his recovery.

VERDICT FOR MAY MAUD. NEW YORK, June 4.—The jury in the Anderson will contest rendered a verdict for the plaintiff, May Maud Watson, which gives her one-fifth interest in the Plaza hotel property at Fifty-ninth street and Fifth avenue.

VERY IMPORTANT. AUBURN, N. Y. June 4.—Jimmy Hope, the burglar just extradited from California, reached prison here this morning to serve out his unexpired sentence; he is under indictment here for jail breaking.

CHEAPER POTATO FREIGHTS. SAN FRANCISCO, June 4.—The transcontinental roads have reduced the rate on potatoes from San Francisco to Chicago and Mississippi points to eighty cents per 100 pounds, a decline of twenty cents.

INSUFFICIENT EVIDENCE. NAPA, Cala., June 4.—Justice Thompson discharged Louis Bascar, charged with being an accomplice of Pete Olsen, the murderer of Mrs. Lyon, the testimony being insufficient to hold him.

BIZ. NEW YORK, June 4.—The weekly bank statement shows a reserve decrease of \$1,451,000. The banks now hold \$4,327,000 in excess of the rule.

OPPOSED TO EVICTION. KATON, N. M., June 4.—O. P. McMains, the anti-grant agitator, is traversing this portion of the country urging the settlers on the Maxwell land grant to arm themselves and resist all attempts of the grant company to enforce their claims to the land. The company will likely meet

with strong resistance when they commence their ejection suits.

WELSHMEN HONORING GLADSTONE. LONDON, June 4.—A monster procession, in honor of Gladstone, was held at Swansea, Wales, to-day. Gladstone, with prominent liberals of Wales, occupied a special stand, from which he reviewed the parade. One hundred thousand Welshmen, wearing rosettes and bearing banners, and accompanied by numerous bands of music, marched past the stand. Cannons were fired and the greatest enthusiasm prevailed.

A CHECK IN THE RISE. PORTLAND, Ore., June 4.—The Snake river at Riparia has fallen twenty inches in the past twenty-four hours, and the Columbia at Celilo has fallen six inches in the same length of time. The Willamette has risen but four inches and is now at a stand.

The thermometer in the inland empire marks 50 degrees to-day, and it is raining at nearly every point. Everything points to a much lower stage of water, and that rapidly.

A Steamboat War Expected. Good authorities on steamboat matters assert that the coming summer will witness a bitter steamboat war on Puget Sound. The Washington Steamboat company has perfected plans for doing the business of the Northern Pacific railroad when the line of that road is completed over the Cascade mountains. The Oregon Railway & Navigation company has hitherto held the Northern Pacific trade, and the transfer of the business to the Washington company will create hostility that can only result in cutting of rates. The O. R. & N. company is making an attempt to run the private steamer Fleetwood off the Sound. To effect this the company will bring a fast boat from Portland to run between Seattle and Tacoma, and will place another boat on the Olympia route, with a through 50-cent tariff. George S. Jacobs, a prominent steamboatman, says the O. R. & N. Co. contemplate putting half a dozen of their Columbia river boats on various Puget Sound routes, with a low schedule of rates for freight and passengers, in the hope of maintaining the supremacy held in the past.—Seattle Special to Oregonian.

It would be interesting to know where the boats are to come from.

Astonishing Success. It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Enjoying Life. San Gabriel, which for the past half century has been a synonym for slow-going, at last is awakening, and is preparing to enjoy some of the boom which is sweeping all around her. The early Spanish fathers didn't travel all the way from San Diego to settle at last in the poorest portion of the beautiful valley. In fact they thought they had the best, and the good people of San Gabriel still think so. Sales are being announced of the old improved places to eastern parties which are astonishing. L. H. Titus sold his place Thursday, consisting of 162 acres two miles from the station, for \$265,000. Mr. Titus went east Wednesday and made some handsome presents in the way of cash, giving \$20,000 to one daughter, \$20,000 to his other daughter, Mrs. Newton, and \$20,000 to each of her two children. That is the kind of a man that enjoys life.—Pasadena, Cala., Star, May 28.

Special Meeting, C. R. F. P. U. There will be a special meeting of the Columbia River Fishermen's Protective Union, at Ross' Opera House, Tuesday, June 7th, '87, at 3 o'clock P. M., sharp. Business of importance to be transacted. By order of the CENTRAL BOARD.

LORD LOVELL'S EXCUSE.

Lord Lovell he stood at his own front door Seeking the hole for the key; His hat was wrecked and his trousers here A rent across either knee, When down came the beautiful Lady Jane In fair white draperies.

"Oh, where have you been, Lord Lovell," she said; "O, where have you been?" said she; "I have not closed an eye in bed, And the clock has just struck 3. Who has been standing you on your head In the ash barrel, Perdie?"

"I am not drunk, Lady Shane," he said; "And so late it cannot be, The clock struck one as I entered— I heard it two times or three; It must be the salmon on which I fed. Hiss been too much for me."

"Go tell your tale, Lord Lovell," she said, "To the maritime cavaliers, To your grandam of the hoary head— To any one but me. The door is not used to be opened With a cigarette for a key."

Multnomah county, says the Telegram, has paid to the state treasurer the full amount of her state taxes, amounting to about \$38,000, less about \$2,600, which was her share of the moneys in which various counties in the state were reimbursed by the last legislature. This county has also satisfied in full the claims which the state held against it for \$9,983.81, delinquent taxes of 1884, and \$1,968, delinquent taxes prior to 1880. Many of the counties have paid in full their dues to the state, and all except Umatilla have paid a part. The latter county, it is understood, will settle in full in a short time. Most of the counties, also, are paying not only the taxes of 1886, but their delinquencies of former years. Union and Baker are the only exceptions. The promptness with which their taxes have been paid by the counties, and the manifestation of a desire on their part to settle all delinquencies, may be taken as a sign of the better times which with the country is beginning to be blessed.

Unnecessary Misery. Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

Thus saith the Oregonian: There is a scarcity of fish again, and that, too, before beef has become at all plentiful, and people with large families are beginning to wonder where the food supply is coming from. Not a salt water fish is to be had, and as for salmon, there is barely enough for the officers. The food in the Columbia has washed out some of the wheels at the Cascades, and rendered the others useless, and owing to the amount of drift running, those who fish for this market with seines are unable to use them. A few salmon are caught at Oregon City, and they are about all the fish now coming to this market. A short time ago there were fish to throw at the birds. It seems to be either a feast or a famine in regard to fish.

Famous Women. Madame Trebelli, the greatest of living contraltos who has traveled extensively, in fact visited every county and city of note in the world, has just departed from the slope of the Pacific, and often expressing the greatest admiration for the beauty and grandeur of our scenery and the delightful mildness of our climate, left the following written note as a living expression of her opinion in the hands of a Portland druggist, the original of which can be seen on demand.

PORTLAND, Ore., April 6, 1887. Dear Mr. Wisdom—I have tried your "Robertine," and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely, Z. TREBELL.

Dement & Co. of Astoria, Or., who, for the small sum of fifty cents, will produce evidence that will satisfy the most skeptical and fastidious and give you a beautiful picture card for the trouble of enquiring.
