The N. & C. Railroad.

RENO, Nev., June 8 .- The extension of the Nevada and Cali fornia railroad is to be built so that it can be changed from a three-foot to a standard guage in one day's time, says the Gazette The cuts, banks and bridges will be extra wide and heavy. The ties will be eight feet long instead of six, and the rails 35-pound steel, so, if the business justifies, it can be made a part of the main overland roads at any time it connects with the Oregon Short Line or the Northern Pacific and give western Nevada an outlet. There is no doubt at all about the means being abundant in the hands of the owners of the road and Colonel Heriot, their general manager and agent, is an enthusiastic advocate of a rapid extenson until a connection

sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians but without receiving any permanent benefit. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was bealing up. My general health had been bad for two or three years-I had a backing cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew atouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to

give S. S. S. a fair trial. MRS. NANCY J. McCONAUGHEY, Ashe Grove, Tippecance Co., Ind.
