

The Daily Astorian.
ASTORIA, OREGON:
WEDNESDAY, JUNE 15, 1887
Circuit court convenes next Monday.

No council meeting last night; no quorum.
There was a lively trade in accident policies yesterday.

In the police court yesterday Robt. Gaskell was fined \$10 for using abusive language.

Hereafter the *Gen. Miles* will leave here on the 10th, 15th and 25th of each month for Gray's Harbor, and on the 25th for Shoalwater bay.

The *Trinidad* left Portland at two o'clock yesterday afternoon in tow of the *Ochikama* and got down here at 10 o'clock last night—considered good time.

It was reported from the cape last night that one of Warren's boats upset there yesterday afternoon and one of the men was lost. No further particulars were obtainable.

That city tax roll in Judge Jewett's office has been an object of considerable interest to a good many. This is the last day to examine or file applications for revision or correction.

E. F. Thompson died in the Tacoma city jail last Sunday from the effects of drink. He was a brother of H. Y. Thompson, of Portland, and had held positions of honor, trust and profit in this state.

Henry Sherman's horse backed in front of Murray & Co.'s yesterday evening, upset the buggy and broke it, and freeing himself from the shafts wheeled and ran home. The buggy was taken to Stinson's for repairs.

Geo. D. Hill, of Seattle, ex-treasurer of King county, W. T., has been arrested, charged with forgery. The charge is that he redeemed a county warrant for \$80, and charged the county with \$2,160 on the transaction.

In the supreme court last Monday in the case of Jno. Hobson, et al., vs. Thos. Monteith, et al., appellants, judgment was reversed and the case remanded for a new trial. In the case of Elliott vs. Stewart, respondent, the decree was affirmed.

G. D. Stoddard, a well known resident of Pittsburgh, in the Nehalem valley, was killed on Friday, the 10th instant. His slayers are supposed to be a man named Backus and Jim Andrews. There are no reliable particulars. An inquest has been held, but the result is not yet known, says the *News*.

The telephone will leave on time for Portland this morning. She returns with the Astoria delegation Friday night, and will make an extra trip to Portland, leaving here at 6 o'clock Saturday morning, coming down again on Sunday, as usual. This is considerable work, but it will be done.

The general impression appears to be that the proposed bridge across Young's bay, from Smith's point to Lewis & Clarke's would be a good thing. It certainly would increase travel and make communication more direct. A resident of the seaside said yesterday that eight wagons had been left at Skipanon that morning, that had there been a ferry, would have been brought here. As a starter in the way of rapid transit and some day a road, the ferry would seem to be a very desirable scheme.

Says the Butte (M. T.) Inter-Mountain: Persons of either sex desiring to commit suicide will get no notice in these columns except at regular advertising rates. We can no longer devote valuable space to that sort of news unless accompanied by the cash. The following rates will be charged: For one ordinary suicide entitled "Tired of Life," 20 cents per line. For long notice with "scare" head entitled the "Green-Eyed Monster," 60 cents per line. For column notice entitled "One More Unfortunate," with the name of the lover in the case and description of the burial robes and mention of the house in which the affair occurred, \$1 per line. There will be no exceptions made in these rates, and cranks seized with the suicide mania will please govern themselves accordingly.

Heart Disease!!!

Read the hospital reports, read the mortuary reports, read the medicine publications, read the daily newspapers, and learn how wide-spread is heart disease, how difficult of detection it is to most people, how many and how sudden are deaths it causes. Then read Dr. Flint's Treatise on Heart Disease, and learn what it is, what causes it, what diseases it gives rise to, what its symptoms are, and how it may be attacked. If you find that you have heart disease, ask your druggist for a bottle of Dr. Flint's Heart Remedy. The treatise may be had on application to J. J. MACK & CO., Nos. 9 and 11 Front street, S. F.

BIG WHEAT DEAL "BUSTED."
Louisiana Rice Fields Under Water.

Wm. E. Chandler Elected U. S. Senator in New Hampshire.

CHICAGO, June 14.—Demoralization and financial disaster overtook the great wheat clique to-day, and the much vaunted "combine" is smashed. The wheat pit was in a panic for an hour. June option dropped from 92 1/2 to 72 1/2, the most sensational collapse seen in this market since its history. The 16,000,000 bushels of grain collected here and held by a mysterious combination of which nobody knew anything to a certainty, will now be sold under the hammer. In less than five minutes from the opening of the board, June wheat made a break of three cents. It opened at 83 1/2, broke to 80 1/2, and continued in its downward course until 79 was reached, when the reaction set in and it gradually advanced to 79 1/2. For July a later reaction set in, and July option again declined. June wheat also plunged from 92 1/2 to 86 1/2. The excitement was made still more intense by the collapse of the great coffee corner in New York and the immense wheat receipts here this morning, which are reported to be about 500,000 bushels. After 11 a. m. the wheat market after fluctuating between 79 1/2 and 79 3/4 for some time, finally went all to pieces again, and July closed for the morning at 75 and June 74 1/2. The clique houses apparently lost their hold on the market, and the crowd became utterly demoralized. Panicky news kept coming in from all other points, and the morning and the session closed with almost a panic. The failure of one of the leading clique houses here, Maurice Rosenfield & Co., was announced a few minutes before the close, and it is feared that other failures will follow. The closing prices at 1 p. m. were: wheat, cash, 74 1/4; July, 75; August, 77.

SUBMERGED RICE FIELDS.
NEW ORLEANS, June 14.—A special to the *Times-Democrat* from Point La Hache says: The brisk east wind for the past four days has driven the ruinous salt water of the gulf up, submerging all the rice fields from this point to the quarantine station, a distance of about thirty miles, and forced it inland up as far as La Chiene, in St. Bernard parish, and all along the east bank of the river to this point. The damage can not now be estimated, but if bright sunshine follows the subsidence of the floods then nut-head rice will be made for thirty miles along the east bank of the Mississippi.

IS GRACIOUSLY PLEASED.
SAN FRANCISCO, June 14.—Lord and Countess of Aberdeen have declined all social invitations because of their limited stay here. The earl was especially pleased with the reception received from the Young Men's Christian association and marvels at the growth of religious feeling in this community as well as the abundant evidences of national prosperity he witnesses on all sides.

A SHOCKING DEATH.
SAN FRANCISCO, June 14.—A sickening accident occurred at the Union Iron works yesterday morning, resulting in the death of Michael Spierman, employed in the works. Spierman was fixing a belt over a large fly-wheel when Patrick Burns turned the steam on and put the machinery suddenly in motion; Spierman's right arm was caught by the belt and he was carried swiftly up to a pulley above, where his head struck the ceiling with such force that the skull was crushed and his brains dashed out. The body then fell to the floor, a lifeless mass of quivering flesh.

MADE THE RIFFLE.
CONCORD, N. H., June 14.—The house of state representatives voted for United States senator to-day, resulting as follows: Simon G. Griffin, 1; Joseph Wentworth, 1; Gilman Marston, 4; Harvey Bingham, 13; Wm. E. Chandler, 163. There having been a majority for Chandler in the two houses he is elected for the unexpired term of the late Senator Albert Pike. Both branches will meet in joint convention at noon to-morrow and the formal announcement of the election will be made.

A DESTRUCTIVE FIRE.
ST. LOUIS, June 14.—At 1:30 a. m. to-day a fire broke out in the stables of the Mound City Street Car company in the outskirts of the city and two alarms were turned in. In the space of one hour 315 mules were burned and the stables were totally destroyed; the loss will probably be \$50,000, or more.

PORTLAND POLITICS.
PORTLAND, Or., June 14.—The Republican city convention held here to-day resulted in the nomination of B. P. Cardwell for police commissioner; H. W. Monnastes for city treasurer; and for councilmen, First ward: G. Castendieck; Second ward: C. M. Forbes; Third ward: William Fiedner.

PERSONAL.
Capt. Allan Noyes is in the city. Mrs. Boelling is visiting friends in Salem. C. W. Fulton has returned from Portland. C. H. Cooper has returned from San Francisco. Fred Weatherford has returned from a trip to Salem. Capt. George Flavel returned from Portland yesterday afternoon. Miss Alice McCormick has returned from a visit to friends in the interior. Mrs. Fred Webber and family have arrived from Marshfield, and will make their future home.

Notice to Mariners.
Gray's Harbor.—The light-house inspector of the thirteenth district gives notice of the following changes in buoys and beacons at Gray's Harbor. The outer bar buoy is a first-class can buoy with perpendicular stripes, in nine fathoms of water. From the buoy, a lone tree on Point Brown bears about N. N. E. 1/2 E., and a house on Chehalis Point bears about N. E. 1/2 N. Bar buoy, a first-class nun buoy, in twenty feet at low water. Tree on Point Brown, N. N. E. 1/2 E. The old outer bar buoy, a first-class can, has dragged to the northward, and is now close to the breakers, in three and one-half fathoms of water, about one-half mile north of the outer bar buoy. The pilot of Gray's Harbor has been authorized to paint it black. Black buoy No. 1, inside the bar, north side of the channel, is a second-class can buoy, painted black, to take the place of the old third-class No. 1, which will be taken up. Position of the second-class buoy is, tree on Point Brown, N. 1/2 W.; house on Chehalis Point, E. 1/2 N., in nine fathoms of water. It is about 400 yards south of breakers on north side of channel; the tide runs with a velocity of six knots at times at this buoy. Whitcomb Flats, red No. 2, changed from a third-class to a second-class nun buoy, in same position. Beacon No. 1, which has been carried away, is rebuilt. It is a single pile with black boards nailed on it and numbered 1. It is seven feet at low water, and in same position as the old beacon. The other three beacons are numbered; Nos. 1 and 2 are black and 3 and 4 are red.

The Cocktail Feminine.
A gentleman on his way out of a Broadway theater between the acts, asked a lady if he could do anything to relieve her weariness. She said: "Yes; just do as well by me as you will by yourself." He did. On his return he laid a pretty bunch of flowers in her lap, and when their extraordinary weight aroused her attention, behold, cunningly fastened by a wire in the center, was a half-pint pumpkin-seed bottle. Through the cork, into the heart of a calla lily, went a straw. With what a wealth of admiration for a man's invention did she hold that bouquet to her pleased face. The bar that got up this novel way of introducing a mild cocktail to a lady will doubtless prosper. But whenever a lady in a theater is seen inhaling the fragrance of a huge bouquet it is suspected that she has got right with her that which a man has to go out for.—*New York Sun*.

Amazing Success.
It is the duty of every person who has used *Boghee's German Syrup* to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the *German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Off to the Tournament.
The telephone presented a fine sight yesterday afternoon as she started, with flags waving, with the hose teams of the Astoria fire department to the tournament at Vancouver. There was a large crowd to see the boys off and hearty wishes for their success. Cheers were given from the dock and re-echoed from the boat. Capt. Huester gave them a send-off with a salute from his little brass cannon.

VITIATED BLOOD
Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding you this testimonial, unolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial.

SCROFULOUS ULCERS.
James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1881 I heard of the CUTICURA REMEDIES, used them, and was perfectly cured."
Sworn to before U. S. Com. J. D. Crawford.

ONE OF THE WORST CASES.
We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. The man takes the "cake" here as a medicinal soap.

Choking Catarrh.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises. How difficult it is to rid the nasal passages, throat and lungs of this poisonous mucus all can testify who are afflicted with catarrh. How difficult to protect the system by any other further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SAMPSON'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.
Each packet contains one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an Improved LARYNGEAL WAFER, with directions, and is sold by all druggists for \$1.00.
