The O. & C. Railroad. SAN FRANCISCO, June 13.—Col. C. F. Crocker, who returned from a trip through Oregon on Saturday last, stated to a reporter to-day that while in Portland he made arrangements with the Terminal company there, by which the Southern Pacific would participate in the union depot in that city with the Oregon Railroad & Navigation company and the Northern Pacific.

This Terminal company intends to construct a railroad bridge over the Willamette, as well as to erect a handsome building to serve as a union depot. Col. Crocker says that the connection between the ends of the California & Oregon road will be finished during the latter part of October next. The gap is being bridged as quickly as the present force will allow and the company will, as soon as possible, send an additional number of men to work there.

Col. Crocker also said the equipment and rolling stock of the line from Ashland, Or., was in excellent condition, but that iron rails in one section of the road would be replaced with steel rails, in order to permit of fast time being made. The Willamette Valley Narrow Gauge is also to be extended to Portland, giving it an entire length of thirty miles.

TRIED IN THE CRUCIBLE. S.S.S.

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit.

Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years—I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stronger than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
