THE STATE FISH COMMISSION.

EDITOR ASTORIAN: In the act of the late legislature creating the fish commission, it is made the duty of the commissioners

to see that "all laws for the propaga PORTLAND, Or., June 18.—Captain tion, protection and preservation of food fishes in the public waters of the Willard Young, who has been resident engineer at the Cascade locks for several years has been ordered to Port.

with previous enactments. For in-stance, the legislature of 1878 enacted a statute making it a crime punishable by fine and imprisonment "to fish for salmon in the Columbia river Capt. Young is a son of the late Brigham Young.

It is reported on the most reliable authority that James Lotan, United States inspector of boilers, has resigned his position. The recent appointment of Hyman Abraham, the new collector of customs at Partland, and the new supervising inspector, C. C. Bemis, indicates that there is a "new deal," and hence the resignation.

VERDICT IN THE SAUNDERS CASE. which are less than four and one-eighth inches square, nor with seines whose meshes are less than three inches square, nor with weir or fish traps whose slots are less than two and one-half inches spart."

The question which, I understand, perplexes the commission is this.
When the law provided that it shall enforce "all laws" for the protection, etc., of food fishes, was it intended to etc., of food fishes, was it intended to complaint are the direct causes of complaint are the direct causes of the shows? The question beconsider that the acts quoted from are substantially the only laws for the "protection" of "food fishes" we have.

It is well known that traps, nets and seines are now employed in the distressing symptoms. Three doses Columbia river which, but for the of August Flower will prove its heavy material of which they are wonderful effect. Sample bottles, made, would make excellent mosquito bars, and the young salmon that escapes this season will be entitled to a

As to fishing between six o'clock Saturday and six o'clock Sunday, no Saturday and six o'clock Sunday, no pretence is made of observing the law, for it is said the cannerymen do not want it enforced, and from that it is argued that it was not the intention of the legislature that it should be on of the legislature that it should be en-forced. In fact there are grave doubts if it was not the object of the law to

Unnecessary Misery.

St. Louis, June 18.—A telegram

THE BALLOON HEARD FROM.

Announcement.

James P. Hixson, representing the merchant tailoring establishment of Gordon Bros., 13 Kearney street, San Francisco, has arrived in Astoria and will remain at the Occident hotel for a few days, and have on exhibition a full line of sample goods for gentlemen's wear, suitable for the present and comwear, suitable for the present and com-ing season. Those wishing first-class custom-made clothing will do well to give him a call. He is the only scientific, practical cutter who has taken diplo-mas in the principal cities of the east for correct measuring, skillful labor, a perfect fit, and who is solicting orders. There are a great many adventurers traveling who are not tailors and who do not represent a responsible house, who not represent a responsible house, who cannot take a correct measure, subjecting the people to a great annoyance and loss. Hoping that the public will encourage a scientific man to do their work, Mr. Hixson is recommended.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every seventy five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses
