

The Daily Astorian. ASTORIA, OREGON: THURSDAY, JUNE 21, 1887

It is always easier to develop a boom than to manufacture one.

The collier Willamette arrived in from Seattle yesterday evening heavily laden with coal.

The Astoria Iron Works new wharf approaches completion. It will be about 125 feet long and 20 feet wide.

The Rosta Olsen arrived in from Tillamook yesterday; she has on board live hogs, hides, wool and butter.

The sale of reserved seats for Mile. Rhea's performance begins at the New York Novelty store at 9 this morning.

B. S. Worsley will sell this morning at the Pioneer restaurant, on Main street, a fine nine-foot range, together with the kitchen furniture, water pipes, gas pipes and fixtures.

The Oregon Paving and Contract company have finished their houses at Tongue Point and will shortly begin quarrying rock. The calculation is to be ready to ship stone to the jetty by July 1st.

The pulp mill at Young's river falls will soon be ready to have the machinery put in, and before long the dr in that vicinity will be transformed into pure white sheets of paper to print the news on.

Already, since the Clatsop ferry assumed tangible shape, two Astorians are about to start a livery stable. With a chance to reach the beach, and a road that can be traversed in ordinary time, a livery stable in Astoria ought to be a paying institution.

Col. Jno. Adair, Jr., has a force of sixteen men at work on the road between Gragg's place and the ferryboat landing. With proper co-operation this proposed road from Astoria to the beach can be made a financial success and a big help to the material interests of the city.

Under date of the 21st our Ilwaco correspondent writes: "Two more fishermen were saved by the life crew this morning. No preparations were yet to celebrate the 4th, except by a grand ball at Ilwaco hall. From all quarters comes the report that everybody intends to celebrate in Astoria. Thermometer 96 in the shade this forenoon."

F. J. Taylor and C. W. Fulton, who are the owners of the valuable lot east adjoining Kinney's brick building on Squemoqua street, contemplate the erection of a two-story brick building thereon, 53 1/2 x 90 feet, of the same general style as the one now there. In the probable event of its construction, L. C. Kinney will put up a similar building east of that, thus making a continuous front from Genevieve to Hamilton streets.

A number of young men met in the hall of Rescue Engine Co., No. 2, last evening and organized a hose team to compete for prizes on the Fourth of July. The team is composed of some who formerly belonged to the tender team, and having served their apprenticeship will one day graduate as full-fledged firemen. Others of the team are young men who are desirous of participating. It is of such material as this that active firemen are made, and we will take pleasure in chronicling their efforts and probable success in the coming contests.

PERSONAL

Rev. Wm. S. Short, the new rector of Grace Episcopal church, arrived in Portland yesterday and is expected here this afternoon. Service will be held by him in Grace church next Sunday. The reverend gentleman is accompanied by his bride.

Miss Katie Shively, the oldest daughter of C. W. Shively, who has been attending the Deaman Grammar school in San Francisco for the last six years, is expected to arrive on the Columbia to-morrow. At a recent examination she graduated with high honors, receiving an average of 96 out of a possible hundred, honorary mention, a diploma and a silver medal, thus achieving a success for which she deserves to be congratulated.

Rapid Beating of the Heart.

Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath when exercising, or your heart has periods of beating fast, you have heart disease, and should take Dr. FLEMING'S HEART REMEDY. At druggists, \$1.50. Descriptive treatises with each bottle; or address J. J. Mack & Co., S. F.

Are They Invited or Not?

Chief Engineer Worsley recently received an elaborate invitation to go to Tacoma and help celebrate Fourth of July there. He telegraphed that he would be there and bring one Astoria company. Yesterday he got the following telegram: "Firemen's contests open only to Washington territory companies."

"ISAAC W. ANDERSON."

Mr. Anderson is one of the gentlemen who sent the invitation. And what the boys would like to know is: are they invited or not? To ask a man to your house to dinner and then tell him he mustn't come is unique, to say the least.

Wanted.

A good reliable woman, one who fully understands Dressmaking. Apply to Mrs. F. E. Hudson, corner Chemung and Genevieve streets, up stairs.

Vanilla Ice Cream at Fabre's to-day.

AWFUL RAILROAD ACCIDENT.

Honoring the Jubilee of the Queen.

Unable to Authenticate the Dispatch.

HAVRE DE GRACE, Md., June 22.—This village was the scene of a terrible disaster yesterday afternoon, and the Philadelphia, Wilmington & Baltimore railroad depot and track for several hundred yards present a horrible picture: The express train due here at 5:58 had left the station and run but a few yards when it was met by a congressional express from Washington running at a high rate of speed and a frightful wreck ensued. The fast express struck the baggage car of the south-bound train just as it crossed the switch below the depot and crashed into the parlor cars behind, overturning and demolishing two of them. No one in the north-bound train, but the south-bound train of six cars full of passengers were nearly all more or less injured. Alexander Gantrom of Washington was instantly killed.

A NEW TELEGRAPH SYSTEM.

ST. PAUL, Minn., June 22.—A Yankton special to the Pioneer Press says the organization of the southwestern telegraph company was perfected there yesterday. Eastern capitalists are backing the enterprise. It is the intention to make Omaha the southern terminus of the system, with lines extending through southern and central Dakota and western Iowa, and north to the twin cities and Duluth.

A CAPTURED GRIFF.

DENVER, June 22.—Colorow, subschiel of the Utes and a noted reegade who has been deprecatng in Uncompahgre district with a following of sixty to one hundred Utes, has been captured.

MICHIGAN TRAIN ROBBERIES.

PORT HURON, Mich., June 22.—This morning five men boarded the Grand Trunk train at the foot of Gratiot street and held up the passengers, relieving them of all valuables. Three men have been arrested and more arrests are imminent.

THEY WILL BE THERE.

UTICA, N. Y., June 22.—President Cleveland and wife have written that they will participate in the centennial exercises of Clinton, the 75th anniversary of Hamilton college, July 31.

THE RACES.

NEW YORK, June 22.—There was an excellent attendance at Sheep-head Bay yesterday. The weather was charming and the track good; Saxony won the three-quarter race, with Brambleton third, time, 1:14 1/2. In the two-year-old, five furlongs, Magnetize won, Guarantee second and Bellston third; time, 1:02. The three-year-old and upward mile and one-eighth, The Bard won, Troubadour second; time, 1:55. Three-year-olds, mile, J. A. Hanover won, Kingstone 2nd, Onoko beaten off; time, 1:41 1/2. The supplementary suburban, one and one-fourth miles: Ben Ali won, Richmond second and Euris third; time, 2:08. One and one-eighth miles: Choctaw won, Pilot second and Florence M. third; time, 1:56. Turf hurdle stakes, two and one-fourth miles: Buerow won, Bals Day second and Major Pickett third; time, 4:26.

THE OLD KAISER.

BERLIN, June 22.—The Crown Prince last night telegraphed to Emperor William a long dispatch announcing the success of the jubilee. The emperor expressed himself highly gratified. He afterwards appeared at his favorite window and was warmly cheered. The emperor's health is now in its normal state. His appetite is good and he sleeps well.

WHAT THEY WORE.

LONDON, June 22.—Among the dresses of the peeresses yesterday that of the Duchess of Bedford was notable for softness and grandeur of color. It was a royal purple velvet, trimmed with antique malines lace. The Duchess of Manchester wore a dress of white and gold moire worked with gold thread and gray silk in arabesque design. The Duchess of Roxbury wore a train of black broche gauze over a white silk draped with black lace. The Duchess of Sutherland and her daughter wore robes of broad striped satin and moire draped with jetted gauze. The dresses of the ladies in waiting generally outshone those of the royal personages present. The banquet at the palace last night to the guests was limited to the members of royal families and diplomats.

IN HONOR OF THE JUBILEE.

LONDON, June 22.—British embassies in all European cities illuminated in honor of the jubilee. At Madrid the infantas Isabel and Spanish ministers, diplomats and statesmen attended the reception at the British embassy. Queen Christiana wired her congratulations to Queen Victoria. Dispatches from all parts of the world show that wherever there were Englishmen the day was appropriately celebrated. Thousands of children are marching to Hyde

Park to attend the young people's fête to be held there to-day. As a sort of jubilee aftermath the Manchester Guardian's commercial article says: "Business was suspended yesterday on account of the jubilee celebration, and there was very little doing on Monday. The India merchants have fair orders, but as regards prices they continue infeasible. For China there is little inquiry. There has been moderate business in the export of yarns, chiefly for Japan."

AN EXPLOSION.

MANCHESTER, June 22.—A terrible explosion occurred to-day in Robert Dale & Cole's chemical works, destroying the building. The ruins took fire, and the flames spread to the Ponomas palace. The windows for miles around were smashed by the force of the explosion.

PORTLAND, June 22.—So far as your correspondent has been able to learn, there is no reason to believe the authenticity of the dispatch regarding Astoria's railroad.

How Long Vaccination Protects.

By a vote of the German parliament a commission was created in 1883 to consider and report upon the objections to vaccination and anti-vaccination. This commission was a large one, and included three prominent opponents of vaccination. The following are some of the conclusions given in its report, as stated in the Annales d'Hygiene Publique for February, 1887. The length of time for which vaccination protects against smallpox varies greatly in different persons, but in the mean it is about ten years. Re-vaccination is necessary ten years after primary operation. Two well-marked vesicles are necessary to insure a successful protective vaccination.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

Body Found on the Beach.

SEASIDE, June 21, 1887.

While on the weather beach to-day I found a dead man. He had been apparently there for some days. I got some help, made a coffin and gave him burial on the beach above high water. Following is a partial description: About 5 feet 8 inches, with boots on; smooth shaved, sandy hair, small round face, but badly disfigured; had on a pair of gum boots with tops turned down, blue overalls and blue jacket, red flannel undershirt and red flannel undersweater. We found nothing on him but a small piece of lead pencil and a few matches. I did not examine the body much, as we thought it of no use. If any one wishes to know more about him, he can send me word or come down to see me. I should think by the looks of the man, he had been a fisherman and got drowned about three or four weeks ago.

L. D. COFFMAN.

Coroner Ross thinks the body is that of Wm. Christie, Reid's boat puller, who was drowned on the 30th of May.

Famous Women.

Madame Trebelli, the greatest of living contraltos who has traveled extensively, in fact visited every county and city of note in the world, has just departed from the slope of the Pacific, and often expressing the greatest admiration for the beauty and grandeur of our scenery and the delightful mildness of our climate, left the following written note as a living expression of her opinion in the hands of a Portland druggist, the original of which can be seen on demand.

PORTLAND, Or., April 6, 1887.

Dear Mr. Wisdom:—I have tried your "Roberts" and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely,

Z. TREBELL.

If any further proof of the excellence of this article is required call on Messrs. W. E. Dement & Co. of Astoria, Or., who, for the small sum of fifty cents, will produce evidence that will satisfy the most skeptical and fastidious, and give you a beautiful picture card for the trouble of enquiring.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co. San Francisco Cal. is Nature's Own True Laxative. This pleasant liquid fruit remedy may be had of W. E. Dement & Co. at fifty cents or one dollar per bottle. It is the most pleasant, prompt and effective remedy known, to cleanse the system; to act on the Liver, Kidneys and Bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion and kindred ills.

Special Notice, I. O. O. F.

Members of Beaver Lodge No. 33, I. O. O. F. are hereby notified that there will be an important meeting of the above Lodge at 8 o'clock Thursday evening, June 23rd, 1887, at the suggestion made by the G. L. of Oregon, that each lodge appropriate one dollar per member per year to the W. & O. H. & E. F. will be considered not acted upon. By order of the N. G. T. S. JEWETT, Sec.

Sawed and Shaved Shingles.

Fresh Lime, Cement and Plaster Paris, at J. H. D. Gray's.

Cool Beer

Drawn from the cellar, at Chas. Grate's.

AN ENTIRE NEW DEAL.

SAN FRANCISCO, June 21.—The officials of the Southern Pacific railroad were greatly surprised yesterday afternoon to receive official notification from the Union Pacific that the latter road would compete with the former for business from this city to points in Idaho, Montana, and Utah. The joint through freight tariff that the Union Pacific has put into effect is to apply between San Francisco and all points on the Oregon Short Line, Utah & Northern and Montana Union railroads, the Utah Central railway, from Ogden to Spanish Fork inclusive, and points on the Northern Pacific, Garrison to Helena inclusive. The rates that it makes to Utah points are virtually the same as over the Central Pacific. The same is the case in rates to Helena, Montana, but those to points in Idaho are materially lower. The service from here to Portland will be by O. R. & N. steamers. Steamers will leave here once in four days, the Columbia, sailing to-morrow, being the first vessel to go into service under the new arrangements. The lease by the Union Pacific of the property of the Oregon Railway & Navigation company has enabled the former to bid for business from this city. Railroaders here concede that the Union Pacific has made a tremendous stride forward as a transcontinental line.

Commenting on the new tariff, the Chronicle to-day says editorially: "The decision of the Union Pacific in the future to carry its freight for the northwest, Idaho, Utah and Montana by water to Portland, and thence by its own line, instead of via Ogden and the Central Pacific, as formerly, is the most serious railroad move that has been made since the advent of the Canadian Pacific opposition. The region included in the new freight schedule, is an important one, two points in Montana alone—Butte City and Anaconda—giving, according to President Adams's report to the Union Pacific, one-tenth of the total business of the entire system. That this departure is the result of Mr. Potter's inspection is undoubtedly true, but that it has been taken without due deliberation or without weighing the consequences is not likely. Mr. Potter is not that kind of a railroad man. The new line will prove a serious blow to the Central Pacific, and vigorous retaliation may be expected. The Union Pacific's new management has undoubtedly discounted all such movements."

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Attention Select Knights of A. O. U. W.

Each and every one of you are hereby notified to appear at our hall on next Thursday evening, June 23rd, at eight o'clock P. M., for the purpose of transacting business of importance. By order of the Commander. R. L. BOYLE, Recorder.

THE RELIABLE

Clothier and Hatter

Occident Hotel Building, opposite Star Market.

Theo. Bracker

Recommends to the public and to the trade his stock of Cigars, Tobacco, Smoker's Articles, Playing Cards, Cutlery, etc. at Portland prices, Ghenamus street.

DOUBLE EXTRACT OF Moxie Nerve Food.

Contains Not a Drop of Medicine, Poison, Stimulant or Alcohol.

But is a simple sugar-cane like plant, grown near the Equator and farther south, was lately accidentally discovered by Lieut. Moxie, and has proved itself to be the only harmless and effective nerve food known that can recover brain and nervous exhaustion; loss of manhood; imbecility and helplessness. It has recovered paralysis, softening of the brain, locomotor ataxia, and insanity when caused by nervous exhaustion. It gives a durable, solid strength, and makes you eat voraciously, takes away tired, sleepy, lifeless feeling like magic, removes the fatigue from mental and physical overwork, at once, will not interfere with the action of vegetable medicines.

Dose, One Small Wineglassful Every Four Hours.

The loss of gas from the bottle does not weaken or injure the Moxie. Look out for Counterfeits.

Price, 50 Cents a Quart Bottle, or \$5.00 per Dozen.

FOR SALE ONLY BY

D. L. Beck & Sons,

ASTORIA, CALL AND GET A CIRCULAR. TELEPHONE NO. 7.

MILLER & GREENWOOD.

AGENTS FOR THE PACIFIC COAST.
