**A Portland Opinion.**  
The proposition to build the line from Forest Grove to Astoria, giving the Southern Pacific through connection with the coast in the northwest, may or may not have a substantial foundation. Railway officials in this city, in a position to be advised of the situation, maintain a discreet silence, or profess to discredit the rumor. It is hardly to be presumed that the Southern Pacific intends to ignore Portland, or to build up another seaport at the expense of this city. Still, the circumstances are materially changed since the failure of the Oregon Central, and if the Southern Pacific desires to secure the important trade of Astoria, it would be an easy matter to construct the 110 miles from Forest Grove.

Whether or not there is any truth in the statement that the entire sum of one million dollars has been subscribed for the construction and equipment of the road to Astoria from Forest Grove, and that the builders of the road contemplate making important improvements at the mouth of the Columbia, it is as well for Portland to look at the facts square in the face, and to realize that formidable competitors may yet arise at Yaquina and Astoria in this state, and at Tacoma and Seattle on the Sound.—*News, 23.*

**Fire in New Orleans.**  
NEW ORLEANS, June 23.—1:30 A. M.—Fire broke out in the rear of the upper portion of Frederickson's drug store, 139 Canal street, in the Tours building the most important business block in the city. The fire is now burning fiercely.

2 A. M.—At this hour three six story buildings, Nos. 177 to 183 Lewis street, are completely destroyed. The walls have fallen. A four-story factory at Nos. 120 and 122 Christie street, is enveloped in flames. A four-story tenement house at No. 185 Lewis street is on fire, and the occupants are fleeing in panic. A strong east wind is blowing, and it is feared that tenements adjoining will also be burned. The loss will probably be \$225,000.

3:15 A. M.—The fire is now under control. The loss is about \$220,000.

Work will be prosecuted all summer on the coast of Oregon and Washington by the U. S. coast survey. Tillamook bay, Nehalem river, Nestucca bay and Shoalwater bay, the coast from Gray's harbor to Cape Flattery, the islands of Puget sound adjacent to Rosario straits, and the coast of Oregon from Tillamook bay to Yaquina, Siuslaw and Umpqua will be embraced in the season's work.

Hannibal Hamlin, of Maine, is the only living ex-vice president, and Hayes the only ex-president.

**A Multitude of Ailments.**  
The ailments which afflict the kidneys and bladder are so numerous, that merely to name them would fill a space far outrunning the limits of this article. Suffice it to say, that they are both obstinate and dangerous. To their prevention Hostetter's Stomach Bitters is well adapted. The stimulus which it lends to the action of the kidneys when they are lethargic, serve to counteract a tendency in them to lapse, first, into a state of periodic inactivity, and afterwards into one of positive organic disease, which soon destroys their delicate integuments, poisons the blood and causes death. A double purpose is served by this dependent. It promotes activity of the kidneys, and expels impurities from the blood which have no natural channel of outlet, except those organs. Constipation, biliousness, fever and ague, rheumatism and dyspepsia, are also remedied by this medicine of thorough action and wide scope.

**A Hopeful View.**  
SAN FRANCISCO, June 22.—*Chronicle* special from Washington says: "Senator Dolph leaves to-night for Portland. Since the adjournment of congress Mr. Dolph has been engaged in looking after the interests of his state in the departments. In conversation this afternoon he expressed himself as being pleased with the prospects for liberal estimates for improvements of rivers and harbors of the Pacific coast, he having received assurances that the engineers department will recommend to congress at the next session that a sufficient amount be appropriated to complete the locks at the cascades of the Columbia, without further delay. A large appropriation will also be urged upon congress for the mouth of the Columbia."

For cleansing and healing foul and indolent Ulcers, Sores and Abscesses and removing the bad odors arising therefrom, and for sloughing, contused and lacerated wounds, Darbys Prophylactic Fluid is unequalled.

"I have used Darbys Prophylactic Fluid in hospital and private practice for ten years and know of nothing better for sloughing, contused and lacerated wounds, foul and indolent ulcers and as a disinfectant."—**J. F. HURSTIS,** Professor Mobile Med. College.

The school officials of Boston have posted notices in all the school buildings of that city, forbidding the chewing of tobacco by the pupils.
