**YOUR HOME PAPER.**

It is your home local paper that prints your home news, and in which your name appears from time to time. It is there your good fortunes or misfortunes are discussed and mention made of marriages, births, deaths, and a multitude of other items, all of which goes to show that your home paper is watching your doings, day by day, and is always ready to speak a kind word for you, and in case of fortune, to rejoice with you, or in misfortune, to offer condolence. It also advertises your town and farm and helps to build up and further the interests of your community in a thousand different ways. You look in your newspaper that is printed in the eastern cities, hundreds of miles away, and you will never see your name in print, never a kind word spoken of you in case of misfortune or bereavement; no mention is made of your town or its doings. You know nothing of what is going on in your township; yea, more than this, not even how your next-door neighbor is faring—whether he has been roped in by some smooth-tongued traveling sharp, been sold out by the sheriff, become a widow, or widower, married again, and so on *ad libitum*. Now, it is plain, if you want to keep posted—and who does not—and know of the home doings, the only medium through which it comes is your home paper, and it is the delight of the editor to tell you this, speak words of encouragement, comment when in place, admonish when needful, and counsel in all that is good and right.

**Not Any Immediate Danger.**  
An elderly son of the fatherland, who is interesting and intelligent in all that he says, and enjoys the friendship of the pleasant faced German consul at this port, does not believe there is any immediate danger of a fight on the continent. "Why?" he repeated the other day, "because there has been too much talk about it. Look back over the last 300 years on the continent, and you will notice that none of the wars has been preceded by so much—oh, gabble—is that what you Americans call it? No, the German empire doesn't tell when it wants to fight. In my opinion, if there is to be a fight the Iron Chancellor won't tell all his neighbors to get ready."—*New York Sun.*

**PILES CAN BE CURED.**  
WESTFIELD, N. Y., MAY 18, 1885.  
For thirty-two years I suffered from piles, both internal and external, with all their attendant agonies, and like many another suffered from hemorrhoids. All those thirty-two years I had to cramp myself to pay doctors and druggists for stuff that was doing me little or no good. Finally I was urged by one who had had the same complaint, but had been cured by BRANDRETH'S PILLS, to try his cure. I did so, and began to improve, and for the past two years I have had no inconvenience from that terrible ailment.  
RICHARD BENNETT.

Several years ago a young girl near Aiken, S. C., was in the act of placing a pitcher on a fence post when she was struck dead by lightning. Since then the post has remained on the post, safe by superstition from the touch of negroes, who believe that the arm which touches it will be paralyzed. Storms and cyclones and earthquakes have not displaced it, although the post which holds it is fast crumbling with decay.

If you would enjoy your dinner and are prevented by Dyspepsia, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.  
J. W. Conn.

The government treasury vaults are inadequate to hold the standard dollars that persistently refuse to circulate. More than \$8,000,000 are stored in the hallways waiting the completion of the new building.  
**Bucklen's Arnica Salve.**  
THE BEST SALVE IN the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by W. E. Dement & Co.

**The Distance Is Sixty Miles.**

A railroad to Astoria has been projected several times, but has never assumed tangible shape. A short time ago it was thought that the Northern Pacific would extend its line to the Venice of Oregon. Not long since a Portland railroad man made an estimate of the cost of building a line from Kalama, W. T., along the Columbia river to Astoria, for a syndicate of English capitalists, but nothing has ever heard of the matter. The maker of the estimate holds that Astoria will eventually have railroad connection with the outside world via Kalama. This route has not been surveyed, but the distance is believed to be about 63 miles against 100 to 110 miles from Forest Grove to Astoria.—*News, 24.*

For cleansing and healing foul and indolent Ulcers, Sores and Abscesses and removing the bad odors arising therefrom, and for soothing, contused and lacerated wounds, Darby's Prophylactic Fluid is unequalled.  
"I have used Darby's Prophylactic Fluid in hospital and private practice for ten years and know of nothing better for soothing, contused and lacerated wounds, foul and indolent ulcers and as a disinfectant."—J. F. HEUSTIS, Professor Mobile Med. College.

The Oregon Pacific is located through Fox valley, forty-five miles from Albany. Surveyors are to be kept in the field until the road is located to the Malheur country.
