GUNNING FOR EACH OTHER. New York, June 28.—The opening of the stock market was very exciting this morning; all the big operators seem to be at war with each other. There has been no time since the days of Daniel Drew, Jacob Little and other old-time operators that individuals made such efforts personally in the stock exchange as at the close yesterday and the opening this morning. Reading Pennsylvania R. R. stock was the scene of the greatest excitement, and the bulls did their best to support it but the attacks of the bears were too rapid and they were forced to give way. Manhattan was the weakest stock. There were no buyers or bidders whatever, and it is now 8 per cent. from yesterday's close. The Pacific Mail is also being raided successfully by the bears and is now down to 44 1/2. The story is that all the big operators are "gunning" for each other.

MURDER IN MISSOURI. CHICAGO, June 28.—News reached Ozark, Missouri, to-day of a foul murder committed in Douglas county last Thursday. PHILADELPHIA, June 28.—The striking oil men made a move yesterday which, if successful, may result in a general strike of all the employees of the Standard Oil company throughout the country. Murphy, nationalist member of parliament, has commenced proceedings against her majesty's ship Shannon for seizing his yacht in Bantry bay last week because she carried a green flag. Sir George Trevelyan has published a letter asserting that Gladstone had made concessions on the disputed points and he will therefore interpose no obstacle to the reunion of his party with the liberal unionists. CITY COUNCIL PROCEEDINGS.

The city council met in regular session last evening. The committee on ways and means, as a board of equalization, made recommendations regarding allowances of requests of various taxpayers for reduction of assessment on the city assessment roll, and recommended that a general tax of five mills and a special tax of seven mills be levied for the ensuing fiscal year. The report was adopted.

The reports of police judge and city sexton for the month of May were reported correct by the committees to whom they had been referred. The reports were adopted. An ordinance declaring the probable cost of improving Cushing's Court street from W. Eighth to W. Ninth was read first and second times.

An ordinance levying a twelve-mill tax for '87 was read first and second times. (The proposed tax is five mills for general municipal purposes, three mills for the purpose of paying outstanding city warrants, and a four-mill tax to pay for the support of the fire department.) The following claims were ordered paid: N. D. Raymond, \$27.50; Jno. McCue, \$8.25; Jos. McAnn, \$11; J. McKeever, \$8.25; M. C. Crosby, \$3.65; R. R. Marion, \$1; Clatsop Mill Co., \$0.90; Jos. Laville, \$1.25; Astoria Gaslight Co., \$124.25 and \$5.25; S. Danziger, \$8.75; M. Olsen, \$7.50; Jas. Gardner, \$16; E. R. Hawes, 50 cents; Crystal Palace, \$1.80; Holt & McCarrie, \$2.50; Electric Light Co., \$18.

A communication was read from the Clatsop Mill Co., offering the narrow strip of land between Olney's and Shively's Astoria, extending from west end of Cushing's Court street to east side lot 6, blk 62, for \$750. Referred to street committee.

The bill of Dr. J. F. Page for \$200 for services as city physician was referred to committee on health and police.

Hon. J. H. D. Gray, on behalf of the Fourth of July committee, being invited to make some remarks, said that it was six or seven years since Astoria had properly celebrated the anniversary of American independence, the citizens had liberally contributed to the appropriate celebration of the coming Fourth of July and that it was but right and proper that the council contribute toward the fund now being raised for that patriotic purpose. He requested that the council appropriate at least \$150 to be expended for fireworks. On motion the sum of \$200 was ordered appropriated for that purpose. An ordinance appropriating that amount was passed under suspension of the rules. On motion the matter of wetting down Jefferson street to allow the boys to fire firecrackers upon that thoroughfare, was referred to committee on fire and water, with power to act.

The committee on rules and regulations made report recommending that the city charter and the city ordinances now in force be codified and properly indexed, and published in pamphlet form. The report was adopted.

A motion that the committee on fire and water be authorized to buy iron pipe and lay it, was passed. Adjourned.

A man from one of the mountain districts bordering on Yamhill county, stopped in front of a furniture store in Hilleboro one day last week, attracted by a line of baby carriages. "How much might one of them be?" he said to the merchant. "The cheapest is \$15, sir." "Fifteen dollars?" he exclaimed. "Why, Great Caesar, mister, it only cost me \$2 to get married!" He thereupon marched off with a face that showed he was evidently appalled at the size of his contract.

Not a few of the citizens of Astoria have recently become greatly excited over the astounding facts, that several of their friends who had been pronounced by their physicians as incurable and beyond all hope—suffering with that dreaded monster consumption—have been completely cured by Dr. King's New Discovery for Consumption, the only remedy that does positively cure all throat and lung diseases, Coughs, Colds, Asthma and Bronchitis. SCROFULOUS ULCERS. James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lie in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA Remedies, used them, and was perfectly cured."

Choking Catarrh. Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises! How difficult to rid the nasal passages, throat and lungs of this poisonous mucus! Can testify who are afflicted with catarrh. How further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SAMPSON'S RADICAL CURS, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.
