CAUGHT SMUGGLING CHINESE.

SEATTLE, July 6.—This morning the revenue cutter *Wolcott* arrived in port with H. F. Beecher, custom house agent, who had in charge two white men and a Chinaman captured by the cutter while crossing from Victoria to the United States. The prisoners were turned over to United States marshal Hamilton, who took them in charge and escorted them to the district court room, where a preliminary examination was had before chief justice Jones. Customs officer Brister appeared and testified that he left Port Townsend on the cutter about 8 o'clock in the evening for down the Sound on official business. The night was bright moonlight, and when near Smith's Island about 10 o'clock, discovered a sloop or fishing boat about half a mile from Smith's Island light house. Being suspicious of her, he ran towards her, and as they drew near the boat could see two men on deck. When hailed and asked what they had on board, the man in command said "Chinamen."

The sloop was then boarded and nine Chinamen found stowed below her decks. The sloop was taken to Port Townsend and the prisoners brought here. The testimony of the lieutenant of the cutter, John E. Lutz, was the same. The Chinamen refused to talk, although one of them, who was apparently a leader, gave his name as Ah Hen. He could speak a little English and gave the name of his friends. He acknowledged that they came from China to Victoria and were going to the United States.

The two white men told their story without any apparent attempt at concealment, claiming that they were poor fishermen living in Victoria, and that this was their first offense. The spokesman said he was accosted in Victoria by a nicely dressed Chinaman who wished him to bring them over to Seattle, and offered him \$10 per head. He raised the offer to \$20, at which price he agreed to bring them. He then got another man, hired a sloop from another, on condition that an even divide of the proceeds should be made, or \$60 each. The men gave their names as Michael Peter and Gustaf Nicholas. The latter has a wife and child in Victoria. They were held in the sum of \$100 each to appear before the August term of court to be held here. Marshal Hamilton took them to the government penitentiary at McNeil's island, but cannot tell what he will do with the Chinamen until he confers with attorney-general Garland. If their friends pay a per capita tax of \$50 they will be returned to Victoria immediately; if not paid there, the government will have them in their hands. It is evident that there is considerable smuggling of "the heathen Chinese" across the border at the present time, but it is done in a very careful and round-about manner. This is the first capture of the season, and will probably lead to more if the officers exercise due vigilance.

Breaking Down and Building Up.
When a man breaks down in the matter of physical strength, the question of his recovery depends in great measure upon the length of time he allows to elapse before adopting medicinal means to recuperate. A tonic, which gives a speedy and powerful impulse to the processes of digestion and assimilation, is the best auxiliary he can employ, and he should resort to it promptly. The most reliable dependence of the feeble, the aged and the nervous, has ever proved to be Hostetter's Stomach Bitters, an invigorant of national reputation and proven worth, commended by medical men of distinction, not only for building up a broken-down system, but as a remedy for dyspepsia, constipation, liver complaint, fever and ague, and kidney trouble. While not claimed to be a panacea, it is a most useful and comprehensive household remedy. It is, moreover, eminently safe as well as effective.

What Senator Dolph Thinks.

Senator J. N. Dolph has returned to Oregon. Being asked last Wednesday, by an *Oregonian* reporter, "What, in your opinion, are the chances of securing a good appropriation for river and harbor improvements at the next session of congress?" the senator said: "I think there is no doubt of a liberal appropriation. I think, if, at the last session, the president had vetoed the bill promptly, congress would have passed it over his head. As amended by the senate, the bill was unobjectionable. As it came from the house, it was too one-sided. The appropriations for fifteen southern states, including the lower Mississippi, were about one-half of the entire appropriations contained in the bill. Practically, fifteen southern states were to receive as much as all the remainder of the country. The changes made by the senate were mainly to correct these inequalities. There was no appropriation for any work that had not been recommended by the chief of engineers and the war department. Really there was no good reason why the bill should not have become a law. Our delegation was keenly disappointed, because by united efforts we had secured something like Oregon's share."

SPECIAL.
Men's and Boy's White Shirts.

I desire to call your attention to one of the best fitting, most improved, and best value in Men's and Boy's undressed White Shirts ever offered to the trade, they are made with pure linen bosoms and cuff bands, reinforced (double cloth) from the bosoms to the side seams, and are made with the patent continuous strip in the back enabling the wearer to put on a shirt without the possibility of tearing it down the back, also protecting the garment in the process of laundering.

The sales of this make of Shirts was undreamed of great from the period of their introduction, and the fact that these improvements do not add to the selling price, so much increased the demand that the Manufacturers were compelled to double the size and capacity of their factory.

These undressed white shirts I am now offering are as follows:
Men's (Sizes 14 1-2 to 17) 75 cents each.
Boys' (Sizes 11 1-2 to 14) 50 cents each.
