**THE AMERICAN PARTY.**  
SAN FRANCISCO, July 7.—The mass meeting to-night at Saratoga hall to ratify the resolutions and platform framed by the executive committee of the American party was largely attended. Much enthusiasm and deep interest were manifested in the proceedings. In the platform as adopted appears the following provisions, among many others:  
"The American party is in favor of amending the laws of immigration so as to prevent the coming to our shores of all aliens who are criminals or paupers; of all who are not of moral character, intellectual capacity and physical health, to give assurance of their value as citizens; and is in favor of resisting the importation of all laborers under contract of hire in any industrial or mechanical pursuit. The American party is in favor of the immediate and unconditional repeal of all naturalization laws, reserving the rights of all who have in good faith declared their intention of becoming American citizens. Political controversies of whatever character existing in other countries shall not become a subject of agitation or consideration in the United States of America. Non-resident aliens shall not be permitted to own lands in the United States, nor permitted to receive the same by inheritance. The boycott is an alien and cowardly device, the growth and transplant of foreign soil, and shall find no favor or indulgence in the American party."

A dispatch from Washington on Thursday announced the order for the removal of the U. S. land office from Olympia to Seattle. But the press dispatch did not give all that was included in the official order. It includes the enlargement of the Vancouver land district by extending its present limits north to the fourth standard parallel. This adds to this district all of Lewis county, and a portion of Chehalis, Thurston and Pierce counties.—*Vancouver Independent.*

During the first month of the license regime in Greenfield over 1,600 sales of liquor have been made for "medicinal purposes" in the four local drugstores. As the prescriptions have been mostly pint bottles of whisky, it is only fair to assume that there has been a great deal of sickness in Greenfield.—*Boston Transcript.*

The grand jury of Whitman county, Washington territory, have reported thirty-two true bills, and will report several more before they adjourn. Over one half of the indictments found are for horse and cattle stealing.

The Henry George labor party has made a close house-to-house canvass in New York city and has enrolled between 60,000 and 75,000 voters. And this is only one of the labor organizations in New York.

**ALWAYS GIVING SATISFACTION.**

There is no doubt that they have established themselves by merit alone. They cure rheumatism, dyspepsia, piles, diarrhoea, liver complaint and fevers, and greatly prolong the human life. One or two at night on an empty stomach, for a week or two, will keep you in good form and tone up the system.

**RAILROAD RUMORS.**  
SAN FRANCISCO, July 7.—Another reduction in the Oregon Navigation company's fares between San Francisco and Portland is looked for.  
In a few days the Southern Pacific company will put on for sale at its local offices coupon tickets reading via the California & Oregon railway and the Northern Pacific line from Portland to eastern points. It will reduce the rail rate, and it is believed the steamship line will make a further reduction in its tariff than that made by it a few weeks ago.  
The fight for Oregon trade is getting interesting.  
It is stated here to-day, that Tom Potter's recent move in ordering the routing of freight from Montana, Utah and Idaho, via Portland, will precipitate the construction of a new line by the Southern Pacific company, which is intended to head off the Oregon Short line, by which latter road the Union Pacific is now carrying freight to and from this city.  
At present the Southern Pacific company is powerless to fight for business of the northern territory, but it has projected a line which it will now make haste to build, and which will again give it a fair share of this desirable traffic.  
This branch is to leave the California and Oregon road at or near Fort Scott, in northern California, and is to run northeasterly through eastern Oregon to a junction with the Northern Pacific at a point not yet determined on.

**The Onset of Prevention.**  
The satisfaction of feeling safe from catching any disease from drinking water, from impure air, from a sick person, from contact with foul clothing, infection or contagion from any source, is complete and all anxiety allayed by the use of Darby's Prophylactic Fluid. A bottle will give more safety, comfort and confidence than all the doctoring in the world.

The grain elevator capacity of Chicago is 28,850,000 bushels.

**Don't** Irritate with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

**Men's and Boy's White Shirts.**  
I desire to call your attention to one of the best fitting, most improved, and best value in Men's and Boy's unadorned White Shirts ever offered to the trade, they are made with pure linen bosoms and cuff bands, reinforced (double cloth) from the bosoms to the side seams, and are made with the patent continuous strip in the back enabling the wearer to put on a shirt without the possibility of tearing it down the back, also protecting the garment in the process of laundering.  
The sales of this make of Shirts was unprecedentedly great from the period of their introduction, and the fact that these improvements do not add to the selling price, so much increased the demand that the Manufacturers were compelled to double the size and capacity of their factory.  
These unadorned white shirts I am now offering are as follows:
