

The Daily Astorian.

ASTORIA, OREGON:

FRIDAY, JULY 15, 1887

To-night Wad-el-Ward At Liberty Hall. Tickets at Griffin & Reed's.

No lack of amusements, present and prospective.

The State sailed yesterday for San Francisco; the Oregon arrived at 6:30 P. M.

In the police court yesterday "Shorty" Carroll was fined \$10 for vagrancy.

Hill's annotated code of Oregon will be ready for delivery about September 1st.

O. Alexander, a prominent San Franciscan, is in the city on his way to Gray's Harbor.

To-night Wad-el-Ward at Liberty hall, "A Pilgrimage to Mecca with the Mohammedans."

The Gen. Miles goes to Gray's harbor to-day; on the 2nd prox., she will make a trip to Coos bay.

The river is rapidly lowering, but that seems to make little difference as to the run of July salmon, which is yet an event of the future.

The Western Amateur Brass Band will accompany the Scandinavian Benevolent society on their excursion and picnic to Knappa on the 31st inst.

The newly elected officers of the First Regiment, First Brigade, O. N. G., are C. F. Beebe, colonel; O. Summers, lieutenant-colonel; E. R. Adams, major.

Beginning to-morrow the Clatsop ferry will make regular trips each way between Smith's Point and Clatsop Landing. For time, fares, etc., see adv't.

The Gen. Canby will leave Gray's wharf at eight o'clock Sunday morning for the forts and Ilwaco, and will leave Ilwaco on the return trip at 4 P. M. See adv't.

Any one knowing the whereabouts of G. W. Pearson, a native of Machias, Me., will confer a favor by addressing W. E. Pearson, Clifton, Mason Co., Washington Ter.

The grand lodge of A. O. U. W. was in session in Portland yesterday. S. T. McKean and C. Brown represent Seaside Lodge, No. 12, of this city, the largest lodge in the jurisdiction.

The investigating legislative committee and Messrs. Thompson and Campbell of the fish commission finished their visit of observation here yesterday and return on the up river boat this morning.

Till further notice the Alaskan will leave the O. R. & N. dock on Wednesdays and Fridays at seven A. M., connecting with all afternoon trains out of Portland; on Sundays she will leave here at 4 P. M.

Work will soon be commenced at the Rogue river salmon hatchery. Many improvements will be made, and it is the intention to turn out a larger number of young salmon during the next season than ever before.

The annual department rifle competition between the selected marksmen of the department of the Columbia will be held at Vancouver Barracks, W. T., beginning Thursday, August 11th, and ending Saturday, August 20th.

The popular actor, Daniel Sully with a good company and a new play "Daddy Nolan," will be here next Wednesday, the 20th. The play is a taking one and is well put on the stage. Reserved seats at the New York Novelty Store after Monday next.

The Warwick Castle cleared for Liverpool yesterday, carrying 41,582 ca. salmon, valued at \$218,285, 5 ca. labels, worth \$508, 3,428 bbls. flour, worth \$17,740, and 2 deer horns, worth \$25; total, \$236,018. An Astoria loaded vessel always has a valuable cargo.

Road supervisor Walker, while on the beach near the wreck of the Cairnsmore yesterday saw a ghastly sight, the remains of a man buried in the sand, being exposed to view by the shifting of the loose material that once enclosed the rude box now broken open, the bones lying around, etc. The case needs immediate attention.

At a regular convention of Astor Lodge No. 6, K. of P., held on Wednesday, July 13, the following officers were duly installed for the ensuing term by D. D. G. C. A. A. Cleveland, assisted by F. C. Alex. Campbell as G. M. at A. and C. J. Trenchard as G. P.; Dr. O. B. Estes, C. C.; D. R. Blount, V. G.; O. I. Peterson, P.; P. F. Johnson, M. at A. J. F. Sands, I. G.; Aug. Danielson, O. G.

The steam schooner Mischief, which was to be sailed for Florence with a lot of cannery supplies, has been somewhat delayed, and will not get away before to-morrow. She will take on coal and brick and Chinamen, and iron pipe, and boilers, and a re-tort and general cannery supplies. She has had to get a passenger license and a metal life boat and a new supply of life preservers, etc., and spend about \$300 more than usual. She will take G. G. Smith, M. Meyer, John Bergman and others from here.

The Contra Costa, Cal., Gazette says a couple of catfish recently caught by Charles Perry, superintendent of Mr. Black's salmon cannery at Martinez, were full of salmon spawn and minnows. This, says the

Gazette, ought to settle the question whether or not the introduction of catfish into our waters was a serious blow at the salmon industry. The bay, rivers and sloughs are now filled with catfish, and they undoubtedly feed upon salmon spawn and newly hatched salmon.

In the justice court yesterday there were four several demands for warrants in four cases of alleged assault and battery. Justice Cleveland considered that the three first, (or the first three) were not of sufficient importance to set in motion the expensive machinery of the law, but complied with the request in the fourth instance and issued a warrant. If he were to entertain half the complaints that are made on every little trivial provocation he would have to appoint three deputies.

Mr. French, ex-collector of customs at Sitka, states that since the discovery of gold in Alaska the influx of miners and others into that region has been very great, and at present their number is largely augmented by tourists desirous of seeing the grand scenery of our northern possessions. The great drawback to Alaska has been the fact that although there is weekly steamer service, the mails are sent only once a month. Public meetings have been held in Sitka and requests have been made to the government for an increased mail service, and in answer to these requests the postoffice department has decided that for the ensuing three months the mails shall be forwarded every fourteen days. For the monthly service the government pays \$9,000 per annum, and the officials of the Pacific Coast Steamship company state that a weekly service could be had for a small advance on that amount.

Wad-el-Ward's Lecture.

Those who heard the lecture at Liberty Hall last night had a treat. The hall was well filled, but there should have been more there, for such as he is not heard or seen every day in Astoria. He is interesting, instructing, edifying and amusing. Humorous without undue levity, an encyclopedia of facts, a man of fine presence, a most picturesque figure, with fact, romance, tradition, poetry and all the arts of the accomplished orator at his command, he stands before his audience and makes hours seem like moments as he tells of the manners and customs of the ancient people of Palestine, who at the present day follow in the footsteps of their fathers and comport their daily lives as did their kingly ancestors five thousand years ago.

To the interest of his theme he lends the beauty of his voice and whether it is in tones of pathos he portrays the suffering and expression of his people or in lighter vein speaks humorously of episodes in daily life he holds his audience in closest attention. He is a wonderful man, and deserves a higher meed of praise than this paper usually accords anything in the amusement line.

To-night he appears again in "A Pilgrimage to Mecca with the Mohammedans."

Famous Women.

Madame Trebelli, the greatest of living contraltos who has traveled extensively, in fact visited every county and city of note in the world, has just departed from the slope of the Pacific, and often expressing the greatest admiration for the beauty and grandeur of our scenery and the delightful mildness of our climate, left the following written note as a living expression of her opinion in the hands of a Portland druggist, the original of which can be seen on demand.

PORTLAND, OR., April 6, 1887.

Dear Mr. Wisdom:—I have tried your "Robertine," and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely, Z. TREBELLI.

If any further proof of the excellency of this article is required call on Messrs. W. E. Dement & Co. of Astoria, Or., who, for the small sum of fifty cents, will produce evidence that will satisfy the most skeptical and fastidious and give you a beautiful picture card for the trouble of enquiring.

THE TEXAS FREIGHT OUT.

St. Louis, Mo., July 14.—A local paper says: The Texas freight war is now one of facility and none of the rivals of the Atchison system are in the least disposed to take action with that corporation half way. The Missouri Pacific opened the battle at this end of the line yesterday by instituting a cut of about fifty per cent on several important commodities and these rates are to apply from St. Louis and New Orleans, and all point rate. The cotton belt followed suit. The trouble, it is said, arises from the Atchison insisting on commodity rates to Galveston to the detriment of St. Louis and New Orleans.

MARRIED A MINSTREL.

PHILADELPHIA, July 14.—It was announced yesterday that Billy West, the famous negro minister, had married an heiress, Miss Romelia J. Morris, the daughter of the late E. J. Morris, ex-United States minister to Turkey. The loving couple were united Wednesday afternoon at Camden, Penna., New Jersey's Gettysburg Green.

NEWS ITEMS FROM PARIS.

PARIS, July 14, 2 P. M.—Thus far the fall of the Bastille has been commemorated quietly. The demonstration made at the statue of Strasburg this morning was of an entirely peaceful nature. Members of the patriotic league and other associations with banners and trumpets marched past the statue and deposited crowns upon the colossal memorial. As this was done there were a few cries from the procession of "Vive la France," "Vive la republique," and "Vive Boulanger," but there were no attempts at disorder.

PARIS, July 14.—In the trial of Franz yesterday for the murder of Mme. Regault, her maid and maid's child, no extenuating circumstances were shown. The prisoner declared he was innocent and kept a bold face to the end. It is expected he will appeal, but the case against him is terribly strong. The scene in the court room at the close of the trial was very touching, and many ladies stood on the benches to get a glimpse of the prisoner.

STRONG ANTI-GERMAN FEELING.

BERLIN, July 14.—A German resident of the Caudry department of Nord France writes to the Mannheim Journal that the anti-German feeling in Caudry is terrible, and that he and other Germans had narrowly escaped being killed. He and his countrymen were insulted in the streets, and it was hardly safe to venture out. The Kreuz Zeitung, referring to the letter, says it is intolerable that Germans should have to endure it. France must be made to understand that there is "thus far and no farther" in the matter. The Deutsches Tageblatt publishes in a prominent position a number of verses reminding France that Germany's hand rests on the sword.

FROM BERLIN.

BERLIN, July 14.—Emperor William has gone to Coblenz. The Gazette states that crown prince Frederick William will take the waters in Ems in autumn.

AN OFFICIAL DENIAL.

BERLIN, July 14.—The Cologne Gazette denies there is a bill being prepared to make prince Leopold king of Bavaria.

A DULL MARKET.

LONDON, July 14.—The stock market is flat in consequence of expected disturbances in Paris during the celebration of the anniversary of the fall of the bastille. American securities are very flat in response to New York quotations; a gloomy feeling pervades the most of the market.

Sam Jones' Latest Allegory.

"You have heard the expression 'the naked truth,' and perhaps you do not know how it originated," said Rev. Sam Jones in his Red Rock sermon recently. "I will tell you: Once upon a time Truth and Error went in bathing together. Error came out first, put on Truth's clothes and ran away. And Error has been trying to wear the same clothes ever since. When Truth came out of the water the only clothes it could find to put on was that of Error. 'Before I will wear such garments as those,' said Truth, 'I will go naked all my life.' Truth has kept its word, and goes through the world naked, without frill or bang or bustle or anything else."

In Brief, And to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

High Prices in Portland.

Fish, poultry and wild game are very scarce at present. Yesterday chickens sold as high as \$6 per dozen wholesale and a prime plump fowl readily brought \$1 at retail. Eggs retail at 30¢ to 35 cents per dozen. The fish market is almost bare with the exception of a little salmon.—News, 14.

The Latest and Greatest Discovery.

DR. J. DE PRATTS HAMBURG FIGS.—A crystallized fruit cathartic. A discovery of the greatest interest to the Medical Profession. A boon to every household. A most delicious laxative or purgative prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy.

Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.
