## OUR NEXT PRESIDENT: WHO!

ONE SIDE.  
Who's the man to lead the fray?  
Who's the man to win the day?  
Who's the man who'll come to stay?  
Can't say.

Who can carry the Irish vote  
In the pocket of his coat?  
Who can steer the megawamp boat?  
Give it up.

Who best about of seventy-six,  
The star route fake and other tricks?  
Who's well up in politics?  
Excuse me.

Who can sway the empire state?  
Who'll watch early, who'll work late?  
Who the favorite be of fate?  
I'll see you later.

THE OTHER SIDE.  
Who can down the former sheriff?  
Who's the man who doesn't care if  
Perchance, the issue be the tariff?  
Confound him.

Who recite most forcibly  
The great deeds of the G. O. P.?  
Who'll "shed rocks" most sparingly?  
Condon't guess.

Who can make the loudest mention  
Of the fact of "Grover's" decision  
To sign the bill—invalid pension?  
Don't bother me.

Who can work the old flag racket?  
The "chestnut" "honest oak" can  
crack it?  
Who can make a bluff and back it?  
I pass.

BOTH SIDES.  
Cleveland, Hill, Carlisle or Thurman,  
Lincoln, Hawley, Blaine or Sherman,  
Which will people claim as their man?  
Consult the dicky birds.

—St. Paul Globe.  
Sanitary.

The report of Dr. O. B. Estes, state health officer at Astoria, for the quarter ending June 30, 1887, has been received at the governor's office. During that period, forty-seven sea-going vessels entered the mouth of the Columbia, all with health good and no contagious disease on board. In May, Dr. Estes learned there was smallpox in Portland, but, after investigation, found that it had come by railroad. In June one case came from Portland to Astoria, and was spread in a logging camp. But now all cases have been strictly quarantined. It is gratifying to know that the guardian of the public health at the mouth of the Columbia is a gentleman who realizes the importance of his duties. It is only by the strictest attention to the requirements of the law that the people of the state can hope to escape a visitation of the pestilence.—Oregon Vidette, 14.

Famous Women.  
Madame Trebelli, the greatest of living contraltos who has traveled extensively, in fact visited every county and city of note in the world, has just departed from the slope of the Pacific, and often expressing the greatest admiration for the beauty and grandeur of our scenery and the delightful mildness of our climate, left the following written note as a living expression of her opinion in the hands of a Portland druggist, the original of which can be seen on demand.

Dear Mr. Wisdom:—I have tried your "Robertine," and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely,  
Z. TARBELL.

If any further proof of the excellency of this article is required call on Messrs. W. E. Dement & Co. of Astoria, Or., who, for the small sum of fifty cents, will produce evidence that will satisfy the most skeptical and fastidious and give you a beautiful picture card for the trouble of enquiring.

Prison Reform.  
A convict says he was sent to prison for being dishonest, and yet he is compelled to cut out pieces of paste-board which are put between the soles of the cheap shoes made there and passed off on the innocent public as leather.—Patalka News.

The Verdict Unanimous.  
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure diseases of the Liver, Kidneys or Blood. Only a half-dollar a bottle at W. E. Dement & Co.'s Drug Store.

M. Wump on the Warpath.  
If the friends of a person in Jim, Who is commonly known as Jim Bie, Do not wish to repeat His former defeat, They had better not run him age.  
—Pack.

Terrible Pains.  
DR. FLINT'S HEART REMEDY banishes sickheadache, and will prevent the return of this most terrible of pains, if taken when the warning symptoms give notice of the recurrence of an attack. At druggists \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S.F.

## LAST NIGHT'S LECTURE.

The subject of Dr. Wad-el-Ward's lecture last evening, "A Pilgrimage to Mecca with the Mohammedans," proved even more interesting than his Thursday night lecture. The speaker held more closely to his outline as given in the programme but his humorous vein broke out very frequently, and he held his audience closely for nearly two hours.

Last night's lecture was a treat to people desirous of knowing something of the Mohammedans, for the speaker described minutely his visit to the largest mosque in the world, with a college attachment containing 10,000 students, who live very much like the inhabitants of our Chinatown. At this college Dr. Ward studied several months. He was told by the professors the moon was shaped like a plate and its turning over accounted for its phases. The physician cured a man's headache by laying a hot nail on his head.

The food of the people was described, as well as the way they made butter in a turned goat skin. Dr. Ward said the butter came out rich and strong, but not baldheaded. Among the charities necessary to have performed before going to Mecca are, to have fed the poor, fed prisoners, fed dogs, builded or have helped build a wayside fountain and to have married. Proceeding with the description, Dr. Ward facetiously said the Mohammedans were never at peace unless they were fighting. He recommended Lew Wallace's inspiration, "Ben Hur," truthful to the letter, and wonderfully so when one remembers Mr. Wallace had not visited Palestine when he wrote the book.

Speaking of prices, Dr. Ward said that in Suez you can buy forty-five pounds of dates for twenty cents, or two magnificent ostrich plumes, each two feet long and eight inches wide, for five cents. Incidentally speaking of the way dates are so compactly packed in their cases, he said: "In Egypt we have no hydraulic power; it is all foot-traction power there. If you ever find anything hard and shining in your dates here, put it in your cabinet; it may be an Egyptian toe nail."

The lecturer told minutely details of his journey across the desert, the visit to the city and temple of Mecca, and to the Holy mountain, and the return journey. No review can do justice to such a lecturer. The third lecture, the last of the course, "One Hundred Minutes with the People of Jerusalem," will be given to-night with interesting exercises. There will be no meeting of the Rescue club to-night.

The Latest and Greatest Discovery.

DR. J. DE PRATT'S HAMBURG FIGS.—A crystallized fruit cathartic. A discovery of the greatest interest to the Medical Profession. A boon to every household. A most delicious laxative or purgative prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unailing in their action, and this is the only medicine ever offered to the taste, and so pleasant that children will eat the figs as eagerly as candy. For sale by every Druggist throughout the world. Price, 25 cents a box. J. J. Mack & Co., Prop's, 9 and 11 Front street, San Francisco, Cal.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; every body said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.
