

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, AUGUST 10, 1887.

The British bark Nith, previously reported, arrived in yesterday.

Co. "H" will have a special meeting at nine o'clock this evening.

There were 32 Astorians registered at different Portland hotels last Monday.

The Mistletoe Social club will have a dance at Pythian Hall next Friday evening, the 12th. Music by Parson's orchestra.

The Alaskan and Telephone brought down a good many passengers yesterday, fleeing from the heat of the interior.

The Times-Mountaineer says the fish wheels in the vicinity of The Dalles have stopped operations for the season. That's good.

Tom Merry says that Josie Mansfield, on whose account Stokes killed Jim Fisk in New York in January, 1872, was in Portland last week.

A New York dispatch says salmon is quoted in that city at \$1.90. A few thousand cases at that figure wouldn't be a bad thing to have.

Prof. A. L. Francis is in the city. He is stopping at Mrs. E. C. Holden's, where anyone who wishes to have their organ or piano tuned may leave orders with confidence that it will be thoroughly and satisfactorily done.

Jas. P. Rowe, a resident of Seaside, died last Monday, the 8th inst. Deceased was in the 51st year of his age. The cause of his death was general debility. The funeral will take place from his late residence to-day.

An east wind yesterday morning blew westward the smoke from the heated interior and enveloped all out doors, the landscape, waterscape, etc., in a blue haze. Later the wind changed to the west, cooling and refreshing the air.

The Cumbrian, which came in last Sunday, started up stream, but came to grief at Walker's Island, by reason of her draft. She was stuck when the Ataskan passed down yesterday afternoon. The Merona will dock this morning and lighter to 18 feet when she expects to squeeze through.

To Astoria time and standard time, and cannery time and steamer time and several other good times here and hereabouts, is to be added a new time—nautical time. It is based on the sun's position and though considerably slower than standard time, appears to have solid reasons for its existence.

A number of deep water vessels have been purchased lately by San Francisco capitalists and will be placed on the coast coal trade. The ship Harry Morse has been bought by L. E. White, for \$25,000, and she will join Hanover, John A. Briggs, Glory of the Seas, Leo G. Burgess, William H. Macy, and others.

That "it is better to be born lucky than rich" is well exemplified in the case of William Allen, of the Parker house. In the past eighteen months, in the matter of winning at raffles, he has won a music box, a sewing machine, a \$150 shotgun and a Winchester rifle. The last was won last night at Graves' saloon; Tom Linville captured a split bamboo fishing rod on a low throw.

It is sometimes quite amusing, says the Tacoma Ledger, to see the great number of Indian canoe ors and paddles which tourists bring from Alaska as old Indian relics. An old Alaska pioneer says: "The most of those paddles are made and painted by Chinamen in San Francisco, shipped to Alaska points and sold as Indian relics, brought down to Tacoma on the steamers and carried thousands of miles away."

The flag of the A. O. U. W., was at half mast yesterday in respect to the memory of one of the charter members of Seaside Lodge No. 12—Dr. Jas. M. Dixon, who died last Monday in San Francisco. The doctor was well known in Astoria, having been a former resident of this city. In 1879 and '80 he was stationed at Fort Stevens. His death took place at the Presidio, and was occasioned by heart disease. Deceased was in the 50th year of his age.

Capt. Heard of the British ship Duchess of Argyle tells a San Francisco reporter that not long ago, in Australian waters, his crew captured an albatross, around whose neck was fastened a small brass pocket compass, secured by three strands of copper wire. The box was very much oxidized, and was only opened with difficulty. Inside a paper was found, on which, in faded ink, was written: "Caught May 2, 1842, in latitude 38° 30' south, 40° 14' west, by American ship Columbus." Capt. Heard, after firing a plate around the bird's neck, with the ship's name, the position and date of its capture, and the account of its original captors, let it go free.

Attention Co. "H." O. N. G.

Special meeting on Wednesday evening, August 10th, 1887, at nine o'clock. Every member is requested to be present. By order

COMMANDEER. Fine Art Work. Mrs. Owen, from San Francisco, is in the city for a brief sojourn and will give lessons in art work, embroidery, needle work, painting, hand decoration, etc. Parties desirous of taking lessons will find Mrs. Owen a competent instructor. She is stopping at Mr. G. W. Rucker's.

Ten cents for a cup of Fabre's nice coffee.

WON BY THE VOLUNTEER.

Drought In The Mississippi Valley.

LONDON, Aug. 9.—Jas. G. Blaine with his wife and daughters are in Dublin. They left Glasgow yesterday and crossed to Belfast, proceeding thence to Dublin where they arrived last night. Mr. Blaine intends to spend some time in Ireland as he desires to take quite a look around and examine into the condition of the country.

DIED FROM HIS INJURIES.

GALVESTON, Aug. 9.—Alexander Walker, a colored prohibitionist speaker, who was set upon and badly beaten and mangled by being thrown against a wire fence soon after he had made a speech, near Webberville last week, died suddenly to-day from the effect of his injuries. His friends claim he was beaten by the anti-prohibitionists, but it is not known who his assailants were.

A WIDE SPREAD DROUGHT.

CHICAGO, Aug. 9.—Telegrams received this morning from central points throughout 75,000 square miles of the drought stricken northwestern country show that the fearful sun-scorching of all vegetation continues unmitigated and not a drop of rain has fallen except eight one-hundredths of an inch at Des Moines. Local observations in various districts give very little hope of a break in the weather within the coming twenty-four hours.

A COURAGEOUS MAN.

HALIFAX, Aug. 9.—Admiral Luce, of the U. S. N., will leave Halifax for Bar Harbor, Maine, next Thursday, on the war ship Richmond. The Ossipee and Galena will probably sail in company with the Richmond.

THE VOLUNTEER AHEAD.

MARLBOROUGH, Mass., Aug. 9.—The race of the New York Yacht club from Newport, for prizes amounting to one thousand dollars, ended here this morning. The Volunteer won and the Mayflower came in second, three hours and a half behind. Capt. Craven of the Mayflower says he lost the track of the Volunteer and was becalmed all night. The Becontia beat the Priscilla by a very narrow margin, taking first prize in that class.

AN EXTENSION OF TIME.

CHICAGO, Aug. 9.—The appellate court this afternoon granted a supersedeas in the case of E. S. McDonald, the convicted brother of the gambler, Mike McDonald. The case cannot now be reached until the October term. This decision applies to McGarigle, as well as to McDonald, though he had not taken any part in the application. A motion to admit McDonald to bail was denied.

A FOREGONE CONCLUSION.

NEW YORK, Aug. 9.—The examiners in lunacy for the department of charities and correction to-day reported that they had examined Moonsey, the alleged dynamite, who set fire to the Queen, and found him insane.

A COURAGEOUS DEED.

Rescue of a Drowning Boy, Yesterday.

Yesterday afternoon the carriers of the Oregonian and News were on Wilson & Fisher's dock awaiting the arrival of the Telephone, and shortly before she came in, one of the boys, Willie Young, the thirteen-year old son of Mr. Max Young, of Alderbrook, slipped and fell off the edge of the dock into twenty feet of water. A rush was made for the spot by several who saw the boy fall, or heard the splash, and hastened to the rescue of the boy, who sunk, then rose, and was sinking the second time. One of the first to reach the spot was E. Ingleslad, of the U. S. steamer McArthur. He doffed his coat, sprang into the water and saved the boy from drowning, a hundred ready hands being extended to grasp the lad and his rescuer as they approached the dock. Mr. Ingleslad deserves credit for his promptitude and bravery.

In a few minutes the Telephone landed at her accustomed place and shortly afterward the boy was busy distributing Oregonians around the city.

In Brief, And to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

CITY COUNCIL PROCEEDINGS.

Reports Filed; Ordinances Passed.

Mayor Trullinger called the council to order at 8:30 last evening.

A petition from residents on Wall street asking that Wall street be improved from its western limit to east side West Sixth street was referred to street committee.

A petition from the Salvation army asking that C. Schuble be appointed special policeman to maintain order at the barracks, was, on motion, granted.

A communication from A. V. Allen asking that \$24 be deducted from the amount of his city tax, being assessed on the steam schooner Dolphin, was, on motion, granted.

The committee on health and police made report on ordinance regulating licenses; report adopted.

The committee on city treasurer's report, reported report correct; report adopted.

The committee on police judge's report, reported report correct; report adopted.

The committee on street superintendent's report, reported report correct; report adopted.

An ordinance authorizing Carahan & Co. to construct roof across foot of Cass street, was passed under suspension of the rules.

An ordinance regulating the driving of piles, building of wharves, and other improvements, and the obstruction of streets on the river front, and protecting the river front, was read first and second times, and referred.

An ordinance providing for working city prisoners, was read first and second times and referred.

An ordinance concerning offenses and disorderly account, was read third time and passed.

An ordinance to impose and regulate licenses, was read third time and passed.

An ordinance appointing C. Schuble to act as special policeman at hall of salvation army, was passed under suspension of the rules.

An ordinance providing for the prevention of the profanation of Sunday, was read first and second times and laid on the table.

An ordinance with over forty sections in it, being an ordinance entitled "an ordinance concerning offenses and disorderly conduct," was read third time and passed. It is a regular "crimes bill."

The following claims were ordered paid: P. L. Taylor, \$27.50; Jno. McCue, \$3.75; Jos. Lavallee, \$5.50; C. H. Stockton, \$84.75; \$22.50; Jas. Gardner, \$18; Wm. Chance, \$14.75; N. D. Raymond, \$25; S. Danziger, \$28.50; W. E. Dement & Co., \$1.50; F. W. Sidel, \$3.

Discussion on bill of Dr. J. F. Page for \$234, resulted in the adoption of a motion that the bill be cut down to \$100. The question was then raised as to whether the motion was or was not in order. Without making any definite settlement of the question raised the council entered upon the discussion of the purchase and placing of iron pipe, etc., it being finally decided that one thousand feet eight inch iron pipe be bought by the committee on fire and water, an ordinance being passed to that effect under suspension of the rules.

On motion, the auditor was instructed to refund to C. W. Shively the amount he had paid for street improvement on West Ninth street, and council adjourned.

BABY HUMORS

And all Skin and Scalp Diseases Speedily Cured by Cuticura.

Our little son will be four years of age on the 21st inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed to be the eruption of hives in an aggravated form, became larger in blotches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him CUTICURA RESOLVENT internally, and the CUTICURA and CUTICURA SOAP externally, and by the last of August he was so nearly well that we gave him only one dose of the RESOLVENT about every second day for about ten days longer, and he has never been troubled since with the horrible malady. In all we used less than one half a bottle of CUTICURA RESOLVENT, a little less than one box of CUTICURA, and only one cake of CUTICURA SOAP.

SCROFULOUS HUMORS. Last spring I was very sick, being covered with scabs, and the doctor could not help me. I was advised to try the CUTICURA RESOLVENT. I did so, and in a day I grew better and better, until I am as well as ever. I thank you for it very much, and would like to have it told to the public.

SKIN DISEASE CURED. Mr. Frank McCusky says that your CUTICURA RESOLVENT cured his boy of a skin disease after several doctors had failed to help the boy. He spent over one hundred dollars with doctors. CUTICURA RESOLVENT cured him.

CUTICURA, the greatest skin cure, and CUTICURA SOAP prepared from it, externally, and CUTICURA RESOLVENT the new blood purifier, internally, are a positive cure for every form of skin and blood disease from pimples to scrofula. Price: CUTICURA, 50 Sold every where. CUTICURA SOAP, 25 cents. CUTICURA RESOLVENT, \$1.00. Prepared by POTTER DRUG AND CHEMICAL CO., BOSTON.

A Word About Catarrh.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vitals, and renders life but a long-drawn breath of pain and disease, dulling the sense of hearing, transmuting the power of speech, destroying the faculty of smell, tainting the breath, and filling the nostrils with a stinking odor. Insidiously, by creeping on from a simple cold in the head, it assaults the membranes lining and envelopes the bones, causing through the delicate coats and causing inflammation, softening and death. Nothing short of total eradication will secure health to the patient, and all attempts are simply procrastinated sufferings, leading to a fatal termination. SANDERSON'S RADICAL CURE, by Inhalation and by Internal Administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out.

SANDERSON'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and one IMPROVED EXHALE, neatly wrapped in our package, with full directions; price, \$1.00. POTTER DRUG & CHEMICAL CO., BOSTON.
