I have tried a number of play but without receiving any permanent h Among the number were one or two sp The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bed for two or three years-I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking ate bottles of S. S. S. my cough left me and I grew stoute than I had been for several years. My cancer has healed over all but a little spot about the sire of a balf dime, and it is rapidly ing. I would advise every one with can give S. S. S. a fair trial.
