Comments on the Cruiser Awards.

New York, Aug. 17.—Concerning the awards of the new cruiser, the Mail and Express says: It is sound policy to encourage ship building on the Pacific coast.

That coast is only a little less important than the Atlantic seaboard, and it must be protected. War ships must be stationed there, and there is every reason why those destined for service in the Pacific should be built in the ship yards of California and Oregon.

The president and secretary have made a wise decision in awarding one contract to the Union Iron works. It is a decision which speaks for itself, and there would have been no defense for another.

The awards assure us of five good ships, and it really looks at last as though we are about to have a first-class navy.

New York, Aug. 17.—The Sun's editorial says: The decision of president Cleveland to award the contract for building one of the new cruisers to the Union Iron Works, of San Francisco, notwithstanding the fact that the bid of William Cramp & Sons was \$18,000 lower, is perfectly right and just.

There is a consideration which has not been mentioned either by the secretary of the navy or the president. One of the new cruisers should be, and no doubt will be permanently employed in the Pacific. The cost of coal and other expenses needed to carry the vessel from the Atlantic port around Cape Horn, is probably exceed \$18,000. It is economical to build in San Francisco.

Besides, this award will greatly strengthen the Democratic party in the Pacific States.

New York, Aug. 17.—The Star editorial says: The order of the president, in awarding the contracts for building the cruisers and gunboats, will give great satisfaction on the Pacific coast and will dispense no one in any section of the country.

The party of government engineers who have been operating on the river, removing snags, etc., finished their work and departed on the Miles Tuesday, says the Chehalis Vidette.

While their operations have not been as thorough as might have been desired, in consequence of the small amount of money at their disposal, yet they have succeeded in doing considerable good, and removed several very serious obstructions to navigation.

The real value of their work, however, will not be known until high water has swept the river clear of the debris which they may have loosened.

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by J. W. Conn.

The interest-bearing debt is now reduced to \$1,001,976,850, exclusive of bonds of the Pacific railroads, which were not reckoned as a public debt in 1865, when the interest-bearing indebtedness was at its maximum, namely, \$2,381,530,295. Then it was \$67.61 for every inhabitant, taking the treasury estimate of population; now it is only \$16.24.

Can't Sleep Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c, 50c. J. W. Conn.

Lewis Thompson shot a seagull a few days ago on the Boise river. Being a taxidermist, he has preserved it as a specimen, says a Boise paper. What could be the cause of this aquatic bird's leaving its native home and wandering some 600 miles inland? Perhaps it was in the habit of visiting this region in its youthful days, when this country was covered by an arm of the sea.

Save The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by J. W. Conn.

TRIED IN THE CRUCIBLE.

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit.

Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years—I had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
