All that was mortal of the lamented Curtis Perrie was yesterday given interment in the old cemetery on the hill. The funeral services at the Episcopal church were brief but impressive and the body was borne to the grave amid the sincerest grief of all present.

The newspaper men of Port Townsend present a solid front to the city council and announce that they will hereafter not publish the city council proceedings unless they are paid for it. If they won't give the news without being paid for it they'd better sell out to some one that will.

Col. George Hunter, author of "Reminiscences of an Old Timer," and one of the old and respected pioneers of the northwest country, was arrested by the Walla Walla marshal for selling his publication without a license. His case came up before the justice's court and he was discharged. The defense was that the law exempts those who sell their own production in the locality in which it is brought out.

From McIntyre's logging camp was brought yesterday afternoon a young man named Burnett, who received a singular injury in a singular manner. While chopping, and while the handle of his ax was in the air, it struck the handle of another ax that was lying on a shelf or bench above. This ax was thus thrown in the air, and in falling struck Bennett in the back, edge downwards, imbedding itself to the bone on the right side of his spine. The doctors in attendance were unable to say last evening whether or not the spine was injured.

Auditor and police judge Jewett was busy yesterday signing the new bonds of the \$22,000 of the city's indebtedness, which is to be refunded next Monday from bearing ten per cent. to bearing six per cent. interest. One hundred of the bond are for one hundred dollars each, and run for five years, being payable September 5th, 1892; twelve more are for \$500 each due in ten years, payable in 1897; the remaining bonds are also for \$500 each and draw interest for fifteen years, being payable September 5th, 1902. Each of the first hundred has ten coupons attached, for six months interest; the next twelve have twenty, and the last twelve thirty semi-annual interest coupons attached to each bond. There will be a good many changes here and hereabouts before the last of these bonds are paid.

Herman Wise makes a tempting offer. Everyone can pick any hat he likes and pay 10 per cent. less than the price of the hat calls for.

Why shouldn't they slaughter goods at the Crystal Palace, as they are going to leave the city.

LATEST TELEGRAPHIC NEWS.

PORTLAND, Aug. 30.—Mike Carlin, a bricklayer, was found dead this morning in the cellar of W. S. Ladd's new building under circumstances that looked like murder. The coroner's jury gave a verdict of accidental death.

A LITTLE DAMAGE.

CHICO, Cal., Aug. 30.—The north bound Oregon express and the south bound express collided at the depot in this city early this morning. The cause of the accident was the failure of the airbrakes on the north bound train, which dished by the depot and struck the south bound train, standing at the water tank, with such force that the locomotives were fairly telescoped and the cars of the south bound train were sent up the track nearly one hundred yards. The tenders on both locomotives were completely wrecked and the front of the baggage cars were smashed. The engineers of both trains, Mackay on the north and Grant on the south bound, stayed with their engines. But one man was hurt, N. K. Sprague, whose left leg was slightly strained.

SENATOR SHERMAN'S VIEW.

CINCINNATI, Aug. 30.—Senator Sherman, in an interview, says: "My views have been that while the Canadian government had a legal right to exclude American fishermen within the three mile limit of their shore it was an act of bad policy to do so, and that their denial to American fishermen of commercial rights to seek shelter and buy bait and supplies in Canadian ports was inconsistent with the civilized and generous policy of modern commercial relations between the United States and the dominion government."

DEMOCRATIC STATE CONVENTION.

SARATOGA, N. Y., Aug. 30.—The Democratic state committee has issued calls for a convention to nominate state officers, to meet at Saratoga September 27th.

NEARLY WIPED OUT.

LEVANNA, Ohio, Aug. 30.—Over twenty dwelling houses, besides a large mill known as the Boyd Manufacturing Co., were burned to-day; the town is almost destroyed. Loss, \$100,000; insurance, light.

THE COAL SUPPLY.

SAN FRANCISCO, Aug. 30.—A prominent coal dealer has predicted a coal famine in this city in a short time, and states that the wheat corner is to blame, as it has tied up a large fleet of English vessels in this harbor for the last few months. He also says this city mainly depends on the coast supply of coal; that is, on the mines of Wellington and Nannaimo. Other things being equal, this city could depend for supply on those two, but the recent disaster in the latter mine withdrew 800 tons of daily output from the market, and the Wellington and Seattle mines, if worked to their utmost capacity, could not with that drawback begin to satisfy the demand.

Didn't Stand the Raise.

Coroner Ross, who returned yesterday from California, tells of a little incident that illustrates one of the interesting features in the land of the boom. While in Alameda (just across the creek from Oakland) he saw a lot on Bay street, between Michigan and Central avenues, and thinking it would be a good lot to buy, went to the real estate agent who had it advertised for sale.

"What is that lot worth?" quoth the Astorian. "Five hundred dollars, sir, and a very desirable piece of property." This was on Friday, the 12th. The following Wednesday, the 17th, J. C. returned from a visit to the country and walked into the real estate agent's office. "Here's your \$500; give me a title deed." "What lot do you want?" said the real estate agent. "That one right there," said Ross. "That lot, my friend," said the real estate agent, "will cost you \$1,000." "But you said it was \$500," said J. C. "Very true," said the agent, "but it's now \$1,000—last Friday. But this is Wednesday. Shall I make you out the deed? It is cheap at \$1,000."

"No," said Mr. Ross, "I guess I'll look on a while." The next Saturday, the 20th, he was in the real estate agent's office with his father, who is a resident of Oakland, and who had business in Alameda, and looking on the plat at the lot he had a big notion of buying eight days before for \$500, he said to the real estate agent, "What is that worth?" tapping the point indicated on the map with his finger. "That lot," answered the r. e. m., "is worth \$1,500." "Great Scott," said Ross. "Fact," said the r. e. m. Just out of curiosity, before he left on his return to Astoria he went back to the real estate agent. "Is that lot sold yet?" "Yes." "Who to?" "Expoliceman Smith." He hunted up expoliceman Smith. "Did you buy such and such a lot?" "Yes." "What did you pay for it, if it's a fair question?" "\$1,750."

In Brief, And to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

At Ross' Opera House Next Monday.

Another large audience greeted A. R. Wilber's Madison Square company last night—the great play "The Galley Slave" was presented. It is the finest melodrama of modern times. The scene of the play is located in Rome, Venice and France. The plot is intensely interesting, and the play, which is in five acts, is full of strong situations and picturesque groupings. The company is a strong one and entitled to rank among the best traveling. No one should miss seeing this great and famous play.—Buffalo Courier.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

The question is coming as to whether type-writing signatures are legal.

Owing to the vast amount of matter written by type-writing machines, it is not unlikely that an occasional signature to an important document will be found to have been made in this way. A legal authority of note gives it as his opinion that the intention of the law is to regard such signatures as simply evidence that the maker of the document wished it to be valid. The law would not, therefore, bear so much on how the maker signed it as to whether he signed it at all. A man's name written in his own hand writing is evidence that it is his signature. A type written signature is no evidence in itself that it was written by the person whose signature it purports to be. It would seem, in view of these facts, that the signature would be good enough in ordinary cases, but would require evidence to prove that it is what it pretends to be.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at W. E. Dement & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

VITIATED BLOOD.

Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. P. S. WITTLINGER, Leeburg, Pa. Reference: FRANK T. WRAY, Druggist, Apollo, Pa.

SCROFULOUS ULCERS.

James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them, and was perfectly cured." Sworn to before U. S. Com. J. D. Crawford, Druggists, Frankfort, Kan.

ONE OF THE WORST CASES.

We have been selling your CUTICURA Remedies for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA. RESOLVENT, CUTICURA, and CUTICURA SOAP. The soap takes the "cake" here as a medicinal soap. T. L. LOR, & T. A. LOR, Druggists, Frankfort, Kan.

SCROFULOUS INHERITED.

And Contagious Humors, with Loss of Hair, and Eruptions of the Skin, are positively cured by CUTICURA and CUTICURA SOAP externally, and CUTICURA RESOLVENT internally, when all other medicines fail. Send for Pamphlet.

DRUGGISTS USE THEM.

We have obtained satisfactory results from the use of the Cuticura Remedies in our own family, and recommend them beyond any other remedies for diseases of the skin and blood. The demand for them grows as their merits become known. T. L. LOR, & T. A. LOR, MACMILLAN & CO, Druggists, Latrobe, Pa.

Choking Catarrh.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat, and the depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises? How difficult it is to rid the nasal passages, throat and lungs of this poisonous mucus! I can testify who are afflicted with catarrh. How difficult to protect the system against its further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recognize it to be a life-saver. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

Each packet contains one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an IMPROVED INHALER, with treatment and directions, and is sold by all druggists for \$1.00.
