SCROFULA

I do not believe that Ayer's Sarsaparilla has an equal as a cure for Scrofulous Humors. It is pleasant to take, gives strength to the body, and produces a more permanent result than any medicine I ever used.
—E. Haines, North Lindale, Ohio.
I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully it will thoroughly eradicate this terrible disease.
—W. F. Fowler, M.D., Greenville, Tenn.
For forty years I have suffered with Erysipelas. I have tried various remedies for my complaint, but found no relief until I commenced using Ayer's Sarsaparilla. After taking ten bottles of this medicine I am completely cured.
—M. C. Amesbury, Rockport, Me.
I have suffered, for years, from Catarrh, which was so severe that it destroyed my appetite and weakened my system. After trying other remedies, without relief, I began to take Ayer's Sarsaparilla, and, in a few months, was cured.
—Susan L. Cook, 300 Albany st., Boston, Mass.
Ayer's Sarsaparilla is superior to any blood purifier that I ever tried. I have taken it for Scrofula, Canker, and Salt Rheum, and received much benefit from it. It is good, also, for a weak stomach.
—Millie Jane Peirce, S. Bradford, Mass.

Humors,
Erysipelas,
Canker, and
Catarrh,

Can be cured by purifying the blood with

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

THE MANITOBA FIGHT.

CHICAGO, Sept. 11.—A Winnipeg special of yesterday to the Times says: Tremendous excitement was occasioned to-day over the filing of a bill for an injunction against the Red River Valley railroad by the federal government, through minister of justice Thompson, who signed the necessary papers here when passing home to Ottawa yesterday from a visit to British Columbia. This is looked upon as the last straw to break the back of the camel, and must lead to serious trouble.

People here are very indignant, and indignation meetings are threatened. The local authorities, while apprehensive of the serious turn affairs have taken, will not relent one iota, and the construction of the road will proceed. Interest is added to the scene by the fact that the local government has tied over its financial pressure, and \$100,000 due Rian & Hanney, contractors, was met to-day, and \$200,000 was paid in Montreal to release rails there consigned to a bank. The iron is now under way and is expected to arrive in a few days. The formal fight will be continued in the courts, simply to delay proceedings, so that the road may be completed and ready for operating.

To Hasten the Work.

The Dalles Times-Mountaineer, in an article entitled "Time for Action," says:

Our better salvation is the completion of the locks at the Cascades, so that the river will be free to all boats. As the government engineer in charge has been extremely dilatory in the prosecution of the work, and very little has been done for ten years past, the more advisable plan is at the next session of congress for a bill to be introduced giving the work to the state of Oregon.

A nominal tax would finish the locks, and we believe there would be no complaint by the people of this state. By liberal appropriations by our legislature, it is the opinion of many that the obstructions at the Cascades would be overcome in two years. We have little doubt of the passage of the bill, and no one need have any fear that Gov. Penney would exercise his veto privilege, or would fail to see that the appropriation was properly expended. This should be the policy of eastern Oregon at the next state election.

Reduction in Freight Rates.

SAN FRANCISCO, Sept. 11.—Freight rates for short hauls on the Oregon and California railroad are to be reduced as follows: "From five miles and not exceeding ten miles on carload lots, four cents per 100 pounds, or \$8 a car; over ten miles and not exceeding twenty miles, six cents per 100 pounds, or \$12 per carload." This is in accordance with the recommendation of the Oregon state railway commission.

Articles incorporating the Shoalwater Bay Steamboat company were filed Saturday at Oysterville, W. T. Capital, \$20,000. It is the intention of the company to build a \$10,000 steamboat.

A woman in Brooklyn managed to secure \$4,000 by mortgaging to twenty-six different persons her \$400 worth of furniture, and squandered the money at the races.

TESTIMONIAL FROM ASSEMBLYMAN EDWARD A. DARRAGH.

STATE OF NEW YORK, ASSEMBLY.

CHAMBER, ALBANY, April 16, 1884.

Some years ago I was thrown from a wagon and fractured two of my ribs. I was so badly hurt that I had to sit up in a chair for four days and nights. The fourth day my mother placed two Alcock's Porous Plasters over my broken ribs. The next day my sufferings diminished and I was able to lie down. I continued to improve every day. Two weeks after the accident I got up and attended to business. I renewed the plasters twice, and found myself almost entirely well in a month, when I sailed for England.

My wife is subject to periodic pains in the back that give her rest neither day nor night, but in two hours after applying two Alcock's Plasters she experiences relief, and in two or three days she is well. She also finds them effective in neuralgia and rheumatism.

EDWARD A. DARRAGH.

The Nicaraguan Canal.

NEW YORK, Sept. 11.—Commander A. C. Taylor, of the United States navy, who is a member of the company interested in the construction of the Nicaraguan canal, says of the condition of the company and work: "On the return of Menocal from Nicaragua last May a construction company was formed. Just what its capital will be is uncertain as yet, but probably about \$12,000,000. A meeting of this construction company will be held on or about the 21st of this month; but in the meantime preparations for preliminary work are going on, the association having sufficient money on hand for that purpose. Actual work will be commenced about the first of February next. Ten surveying parties, fully outfitted and equipped, will leave New York November 1, ready for work. They will have, besides the ordinary outfit of tools, instruments and supplies for such work, several steel canoes to facilitate their progress through lagoons and creeks that beset their path in the eastern part of the line, and the lakes and rivers they must traverse the rest of the way." He predicts that the canal will be completed in 1892.

The site of the printing house of William Lloyd Garrison, in Bennington Center, Vt., will be marked in a few days by the Bennington Historical Society, with this inscription: "On this spot William Lloyd Garrison edited the Journal of the Times, October 3, 1828—March 27, 1829. Hither came Benjamin Lundy to enlist him in the cause of the slave. Garrison departed hence to lift up in Baltimore the banner of immediate emancipation."

The late marshal Pellissier once struck his aid-de-camp in one of those fits of uncontrollable rage for which he was notorious. The officer took out his pistol, pointed it at Pellissier and pressed the trigger. It did not go off. "A fortnight's arrest," calmly said Pellissier. "That will teach you not to keep your arms in such bad order."

At Sehome, W. T., September 10, 1887, of paralysis, Thomas Carter died, in the 84th year of his age. He was one of the first merchants of Portland, and one of the proprietors of the town. Of late years he has been engaged in business with his grandson, Clarence W. Carter, at Puget sound. He was a pioneer of 1847.

For scrofulous disorders, and mercurial diseases, the best remedy is Ayer's Sarsaparilla.

Perhaps one of the most primitive of independent kingdoms is the little island of Johanna, in the Comoro group. The sultan boards any ship that may call there, and endeavors to secure the washing for his wives, while the prime minister peddles coconuts and bananas.

Not a particle of quinine nor any mineral substance is contained in Ayer's Sarsaparilla—yet it is a warranted specific for malaria.

The American projectile company has been formed at San Francisco, with a view to handle the nitro-glycerine gun of S. D. Smalianoff. The capital stock is \$1,000,000, divided into 100,000 shares valued at \$10 apiece.

A Remedy for Kidney Complaint.

"My kidneys were so affected I have been compelled to get up as much as ten times in one night. I had pains in my side, back and left shoulder, and when down could hardly rise. I was unable to bend my body without great pain. I tried Simmons Liver Regulator and my condition has improved so much that I hardly ever feel any of my old trouble." W. JOHNSON, Express Agent, Macon, Ga.

Two hundred and thirty murders were reported as committed in the United States during July. Doubtless there were many more which have not come to light.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required.
