Specials to Readers of "The Astorian."

SAN FRANCISCO, Sept. 16.—The state funeral of the late governor, Washington Bartlett, to-day was probably the most impressive and remarkable one in the history of the state. At an early hour a great number of people assembled in the vicinity of Pioneer Hall, and when the doors opened hundreds availed themselves of the last opportunity to look upon the face of the departed governor. The day practically was regarded as a holiday, and no public business of importance was transacted. The banks were closed, as were also the federal and state courts. The chief mourners and intimate friends, army and navy officers and especially invited guests assembled in Pioneer Hall at 10 o'clock and proceeded to Trinity church, where the body was removed and service commenced at 11 o'clock. The ceremonies consisted of the regular Episcopalian services for burial of the dead, and conducted by Rev. Dr. Beers in a very impressive manner.

A RAILWAY COLLISION.

LONDON, Sept. 16.—A dreadful collision occurred to-day. The Midland railway train filled with excursionists who were going to Doncaster to witness the races, at that place collided with another train and was wrecked. Two excursionists were killed and many injured.

A JUSTICE SUSPENDED.

LONDON, Sept. 16.—It is reported that the governor of western Australia has suspended the chief justice of the colony, Hon. Alexander Campbell Onslow. The cause of his suspension is not stated.

BURNED TO DEATH.

NEW ORLEANS, Sept. 16.—Early this morning an explosion occurred in the grocery store of Dominick Messino, at the corner of Eighteenth and Dauphin streets, and a moment later the entire building was on fire and all escape from the upper stories, where Messino resided, was cut off. The fire must have been burning for some time before the explosion, which caught by ignition of powder which Messino kept for sale. When the firemen reached the scene the voices of the family could be heard mingling with the roaring and crackling of the flames crying for help. Every effort of the firemen to rescue the unfortunate persons failed and the entire family, consisting of Messino, his wife and four little children, were burned to death.

At Tillamook Head.

Under date of September 14th, Geo. B. McEwan, of Seaside, writes that he has just returned from a visit to Tillamook head. "While rambling along the beach, gazing at the towering cliffs and watching the foaming breakers as they spent themselves among the immense boulders, our enjoyment of this grand scene was disagreeably marred by coming upon the body of a Chinaman, where it had been cast among the rocks on the beach by the high tides, probably eight or ten days ago. The sea birds and wild animals had stripped the flesh from the limbs and part of the body. The face was but little disfigured and some of the black hair yet remained upon the head. There were no clothes on the body except a collar and a small piece of the bosom of what appeared to have been a gray flannel shirt. Whether the clothes had been stripped from the body by the sea or by some other means I could not say. Not being prepared to remove the remains we left them undisturbed."

Mr. Towne Gives a Little Advice.

Mr. A. N. Towne, general manager of the various Pacific Coast systems of the Southern Pacific Railroad Co., in conversation with a News reporter last Thursday expressed himself very freely about Portland and her future. "This is my first visit to Oregon," said he, "and I am well pleased with it. Portland impresses me as being a very substantial, prosperous town, with a great future before it. But I am informed that the people lack that spirit of enterprise and progress and that unity of action which is characteristic of the western cities of this country. When a worthy project is presented, the press and people should work in harmony for its accomplishment. If the newspapers must quarrel, let it be with some of your outside neighbors. They ought to work together for the interests of Portland."

He Consulted His Pocket.

You smoke good cigars, Billy; where do you get them? At D. L. Beck & Sons', of course. Why of course? Because my pocket advises me to. Do they sell cheap? Yes; the cheapest place in town. What kind of an assortment have they? All kinds, from the cheapest to the best, both of domestic and imported, and much the largest stock in town. Do they keep Tansill's Punch? Yes; they are the sole agents for Astoria for his Punch, Junior's and Plantations—in short, you can depend upon it, Charlie, that when you want any kind of cigars the place to go after them is at D. L. Beck & Sons'.

THE TEMPERANCE BANQUET.

The Last of the Series of Meetings Conducted by Messrs. Ward and Hughes.

The series of revival meetings conducted by Messrs. Ward and Hughes, under the auspices of the Rescue club, commenced a week ago last Saturday, and have been attended with an interest and success far exceeding the most sanguine expectations. Messrs. Ward and Hughes as moral suasionists seem to be quite irresistible, and many who went to hear them for amusement found themselves moved to serious consideration by an influence as potent as it was unexpected. The extraordinary interest aroused is shown by the fact that on no evening of the series were there less than twenty-five signers of the pledge, and altogether about three hundred and sixty have taken the pledge since the meetings commenced. The Rescue club now claims over eleven hundred members, and is receiving additions to its membership every day. It was decided to give a farewell meeting and banquet at Ross' opera house. From the time the doors were opened until after eleven o'clock yesterday evening the floor of the large hall and the galleries were crowded. The tables set in the hall were spread with a bounteous and attractive lunch comprising everything required to suit all temperance tastes. As fast as one set of banqueters rose from the tables others took their place, and the fair waitresses found it no light labor to supply the wants of their numerous guests. The generous patronage accorded them was as high and numismatic a compliment as the ladies who furnished the banquet could desire. After the banquet there was singing and exhortation, Mr. Ward closing with an earnest appeal, to which several responded by coming forward and signing the pledge. After singing "The Sweet Bye and Bye" the assemblage dispersed. The receipts of the evening's entertainment netted about \$250, which will be applied to paying the expenses incurred by the series of meetings.

The entire programme was carried out to the satisfaction of the projectors, and last evening's farewell meeting proved a fitting finale to a course of meetings which have been remarkable in their apparent practical results.

Messrs. Hughes and Ward go to East Portland to-day to continue their labors.

A Revelation by Villard.

ST. PAUL, Sept. 15.—Pioneer Press New York special: All interests were represented and entire harmony prevailed at the Northern Pacific annual election to-day. There was but one ticket and that prearranged. The stock voted by the Villard party was a revelation. Many proxies given Mr. Wright were subsequently revoked in favor of Mr. Villard, and some of the latter's supporters now claim that when the vote taken to-day is announced to-morrow it will show that he held the controlling interest. It is certain that Villard will have much more to say about the management than was anticipated. There is much anxiety apparent on both sides. It is semi-officially stated that Oakes will succeed Harris, but Villard has an agreement with German capitalists preventing him from taking the presidency. It now looks as though the Wright party, while confident of controlling the road, realize that they have a stronger man to fight than Elijah Smith.

Give Them a Chance!

That is to say, your lungs. Also your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them, that is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Ship Labeled for Damages.

The British bark Nith was libeled yesterday by Thompson & De Hart for damages in the sum of \$3,700. Libellants had a lot of bar iron and anvils on board the Nith, and they claim that a lot of salt and soda was piled over their goods, and that there was a leak around the mainmast, and the salt water trickled down through the salt and soda to the great damage of their iron and anvils. The first officer of the Nith, who was in charge when deputy U. S. marshal Frush went on board to take possession, refused to receive service of the papers or to touch them, and Frush was obliged to leave them on the deck.—Oregonian, 16.

VITIATED BLOOD

Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial.

JAMES E. RICHARDSON, Custom House, New Orleans, on oath says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them, and was perfectly cured." Sworn to before U. S. Com. J. D. CRAWFORD.

ONE OF THE WORST CASES. We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. The soap takes the "cake" here as a medicinal soap. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

SCROFULOUS, INHERITED. And Contagious Humors, with Loss of Hair, and Eruptions of the Skin, are positively cured by CUTICURA and CUTICURA SOAP externally, and CUTICURA RESOLVENT internally, when all other medicines fail. Send for Pamphlet.

DRUGGISTS USE THEM. We have obtained satisfactory results from the use of the Cuticura Remedies in our own family, and recommend them beyond any other remedies for diseases of the skin and blood. The demand for them grows as their merits become known. MACMILLAN & CO., Druggists, Latrobe, Pa.

CUTICURA REMEDIES. Are sold everywhere. Price: CUTICURA, the Great Skin Cure, 50 cts.; CUTICURA SOAP, an Exquisite Beautifier, 25 cts.; CUTICURA RESOLVENT, the New Blood Purifier, \$1.00. POTTER DRUG AND CHEMICAL CO., Boston.

Choking Catarrh.

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you noticed the languor and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressing influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises! How difficult it is to rise in the morning, throat and lungs of this poisonous mucus all can testify who are afflicted with catarrh. How difficult to protect the system against its further progress toward the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of SAMSON'S RATIONAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

IT STOPS THE PAIN IN ONE MINUTE.

Aching backs, hips, and sides, kidney and uterine pains, weakness and inflammation, rheumatism, neuralgic, sciatic, sudden sharp and nervous pains, and strains relieved in one minute by that new, elegant and infallible antidote to pain and inflammation, the CUTICURA 4-in-1-Pain Plaster, 25 cents, 5 for \$1, at all druggists of POTTER DRUG AND CHEMICAL CO., Boston.

Villard Favors a Joint Lease.

The entire vote cast at the meeting on Thursday was 725,000 shares. The Villard party secured so many revocations of proxies already given that it became unnecessary to adjourn the meeting until the next day to enable the inspectors to count the votes and make up reports. What the policy of the new board will be if the Villard idea is carried out is indicated in a letter of his just made public. He declares that the best plan to secure harmony between the Northern and Union Pacific lies in a joint lease of the Oregon Railway & Navigation by the two. It is said that this will be one of the first acts of the new board. It is thought the present officers will all be re-elected, but the retention of the presidency by Robert Harris will be only for a little while, as it has been promised vice president Oakes.

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and my leg is now sound and well."
