TRIED IN THE CRUCIBLE. S.S.S. About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer.

Among the number were one or two specialists. The medicine they applied was like treacle to the sore, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years—had a hacking cough and spit blood continually. I had a severe pain in my breast. After taking six bottles of S. S. S. my cough left me and I grew stronger than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.
