

The Daily Astorian.

ASTORIA, OREGON:

TUESDAY, SEPTEMBER 20, 1887

In the police court yesterday, Jas. Perry was charged \$5 for being drunk.

The proposed supper of the Ladies Relief Corps is postponed till further notice.

Foundations are now in progress for brick frontage in this city aggregating 443 feet.

Mrs. F. H. Worsley will shortly begin the construction of a six roomed residence on the lot on Court street, west of the bridge.

The concrete bottom of the Astoria Gaslight Co.'s new building is finished and the massive brick walls of the structure will shortly arise.

The pile driver at the corner of Cass and Chenamus was busy yesterday on the foundation for the first brick structure on the latter street.

Sam'l Elmore left Tillamook overland last Saturday night, arriving here the following evening. The fish are not running very plenty; those that are caught are of good size.

A special invitation is extended to everyone to attend the social to be given at the hall of the Rescue Club on Friday evening, by the Young Women's Christian Temperance Union. Young men, all the girls are going to be there.

Gill's pile driver was brought in on the weather side of Chenamus street yesterday, and the calculation is to begin driving piles to-morrow for the foundation for the brick building 78 1/2 x 90 feet to be erected on Squemoqua street by Messrs. Fulton, Kinney and Dement.

Rosh Hashana, or Hebrew New Year, began at sundown last Sunday and ends at sunset this afternoon. According to the Hebrew chronology that is the first day of Tishri in the year 5648. On the 10th of Tishri comes Yom Kippur, or day of atonement, and from the 15th to the 23rd, Succoth.

The elegant and costly furniture in Carl Adler's residence is offered for sale at public auction on the 29th inst. at 10 o'clock a. m. On that date, Ben Worsley will auction it off to the highest bidder, without reserve. The house is believed to be as elegantly furnished as any in the city, and intending purchasers should remember the date.

The Gen. Miles was discharging 1,956 cases salmon at the O. R. & N. dock yesterday; she goes to Gray's harbor to-morrow. The Rose O'Leary and A. B. Field are loading for Tillamook. The Julia Ford and Excelsior are in the stream, lumber laden. The River Indus is at the dock and will finish with flour. The Columbia arrived in yesterday.

The Ancon came in from Alaska yesterday morning, with a large freight and passenger list. She discharged some of her salmon cargo at Port Townsend for San Francisco, and 399 cases Chilean, at this place. On board was the body of Mr. Campbell, formerly of Astoria, who was killed last July at Tongas Narrows. She sails on her return next Saturday.

One o'clock yesterday was the limit of the time set for the receipt of bids for the printing of the charter, ordinances, rules and regulations of the fire department, etc. At that time there was one bid handed to the auditor and police judge. The committee on rules and regulations, to whom the award of the matter was delegated, had not been heard from relative thereto at last accounts.

Regarding the Gray's harbor trouble among trap men and fishermen it is learned that at the term of court adjourned, eighteen indictments for malicious mischief and wanton destruction of property were found, the eighteen indicted were held in the sum of \$500 each to appear for trial at the May term of Judge Allyn's court. The three men that were wounded are recovering.

The well known firm of Henry Doyle & Co., 517, 519 Market street, San Francisco, are in the market as usual with their gold medal threads and twines, and guarantee entire satisfaction. They have a large and deservedly popular trade on the Columbia and elsewhere and justly refer to their constantly increasing sales as proof of the value of their fishing seine and net threads.

Among a large number of returning Astorians and others on the Telephone last Sunday evening were C. A. McGuire and wife, F. D. Winton and wife, G. O. Fulton and wife, E. W. Talant and wife, J. P. Austin and wife, Miss Bertha Wagenblast, Miss Clara Anderson, Miss Bullock, Philo Waldender, T. A. McBride, Raleigh Stott, F. A. Moore, F. L. Parker, Frank Baltus, P. W. Weeks, J. H. Mansell, C. A. Gibbs, Phil. Cook, Peter Grant, Chris Evenson, Harry Johansen.

Frank Stevens, Geo. Day and Lincoln Parker have returned from their prospecting tour. They went about forty miles to the southeast of the city and on the banks of Crooked creek found several ore cropping containing gold and silver, but no surface indications of a vein or fissure formation. Several fine tracts of land were observed and the timber supply is reported as something "immense." Some promising iron ore was found at George creek, this side of the Nehalem, some specimens of which may be seen at this office.

The schooner William Renton is at San Francisco from Karluk. The peck in Alaska this year is said to be unprecedentedly large. The Renton brought the only copy of the Karluk

Fearly News, printed on foolscap paper. It is dated August 27th, and at the head is a roster rampant and the inscription, "God never forsakes Karluk," the words of an Indian chief. The matter reads: "Karluk ahead, as usual, with an overwhelming majority of at least 40,000 cases above any one cannery on this coast. Canned to date, 63,750 cases. The last canning will be about September 17th-20,000 cases or die."

The Rowell newspaper directory for 1887, shows that there are now 15,429 periodicals published in the United States and Canada, and the total number of copies of each edition is 30,165,220. We have now about sixty million people, and a copy of some newspaper or periodical is circulated for every two people. Nearly 18,000,000 copies are sent out once in seven days by the weekly press—one copy for about every three people. The monthlies emit an aggregate of over 6,000,000 copies—or one to every ten people. The dailies are credited with a circulation of 4,700,000—one copy for nearly every other family.

PERSONAL MENTION.

Capt. L. A. Bailey is at the Occident.

W. W. Chapman, of Portland, is in the city.

Warren Trinit arrived yesterday afternoon.

L. Serra is reported dangerously ill at his residence.

J. N. Griffin returned from Portland last Sunday.

Al. Gates has returned from a brief vacation to Humboldt creek.

A. W. Berry will leave Tongas Narrows, Alaska, for Astoria October 12th.

Capt. Geo. Flavel returned yesterday on the Columbia from San Francisco.

Mrs. Esther Taylor returned yesterday from California much improved in health.

Will Sherman and his sister, Miss Rosetta, returned overland, yesterday, from Sacramento.

Miss Clara Anderson came down from Portland last Sunday, and is at Mrs. Fred Sherman's.

F. W. Newell is back from Tillamook; he left his companion, J. J. Stokes, heading for the South Fork.

John Rogers, who has been in California for his health since last February, returned yesterday, feeling considerably better.

F. S. Bates, of Ilwaco, has been appointed secretary of the Washington territory board of pilot commissioners. He will make a good one.

Mr. Beckworth, representing the Pacific Express company, was in the city yesterday in reference to extending the service to Pacific and Chehalis county points.

District attorney McBride is just fresh from the ascent of Mount St. Helens, which he made last week. He says the view from the summit is indescribably grand.

Mr. E. A. Taylor was among the returning passengers on yesterday's steamer. Mrs. Taylor remains for some time longer in Oakland. Her health is considerably better.

A Shocking Accident

On the Telephone near St. Helens, last Sunday morning, we heard of a terrible accident that happened near there the evening before. Aaron Broyles, an old trapper and hunter, and a noted Rocky Mountain pathfinder in early days, had many years ago come to St. Helens and taken up a claim close by and was there passing his declining years. His little grandson, Aaron Kelly, a lad of 13, lived with him, and the two were children together. On the fatal evening the old man showed the boy how to load a Henry rifle and told him to shoot at a mark in the yard. The boy, eager and excited, wheeled toward the mark and the muzzle of the rifle came into range with the old man's body, just as, in some unaccountable way, the weapon was discharged, tearing a hole through the poor old man's body. He fell to the ground and expired in a few moments. The boy is frantic with grief, and the sad affair has cast a gloom over the entire community.

Some New Books.

Twenty-five cent editions: "Lena Rivers," "A Heartless Woman," "Tempest and Sunshine," by Holmes; "True as Steel," "A Lone," and "Hidden Path," by Marion Harland; "My Earliest Wife" and "A Wonderful Woman," by Flemming. GRIFFIN & REED.

Our intention was to have closed our stock Saturday, but owing to circumstances beyond our control we are obliged to remain here about five days longer; so all who desire good goods at low prices will have another chance.

A Fine A No. 1 Piano for rent at the City Book Store. GRIFFIN & REED.

We are still here and will remain for five days more, and notwithstanding our large sales, we still have some goods left that are offered at prices within the reach of all. CRYSTAL PALACE, C. ADLER, Manager.

He Consulted His Pocket.

You smoke good cigars, Billy: where do you get them? At D. L. Beck & Sons, of course. Why of course? Because my pocket advises me to. Do they sell cheap? Yes; the cheapest place in town. What kind of an assortment have they? All kinds, from the cheapest to the best, both of domestic and imported, and much the largest supply in town. Do they keep Tansill's Punch? Yes; they are the sole agents for Astoria for his Punch, Junior's and Plantations—in short, you can depend upon it, Charlie, that when you want any kind of cigars the place to go after them is at D. L. Beck & Sons'.

Vanilla Ice Cream at Fabre's to-day.

CHAMBER OF COMMERCE.

There was an unusually large attendance at the chamber of commerce meeting last evening. The railroad committee reported progress, the subscriptions toward the proposed \$150,000 railroad subsidy so far aggregating as follows:

Table listing names and amounts contributed to the railroad subsidy, including James Taylor, M. Elliott, and others.

The above foots up over \$70,000. In addition to the amount listed in the hands of J. W. Welch, (who is now absent from the city). This is understood to have on it about \$8,000 more, which would make the sum now subscribed upwards of \$78,000.

The names of A. V. Allen, M. J. Kinney and C. P. Upshur, were proposed for membership, and they were duly elected.

W. W. Parker moved that each member who was on the roll prior to the 1st inst., be assessed \$5 to defray outstanding indebtedness; carried. J. H. D. Gray, J. L. Beazorth and S. S. Gordon, committee on needed express facilities in Pacific and Chehalis counties, reported recommending that pending investigation of the matter by Mr. Beckworth, further action be postponed till he be heard from: report accepted.

A communication was read from Gen. A. W. Greeley, chief signal officer, regretting his inability to take further steps regarding the repair of the cable, reciting what had been done and promising all possible cooperation.

J. H. D. Gray brought up matter of arbitrary action of J. L. Ferguson, inspector of hulls; instanced several cases where he had refused license to vessels and refused to say what the vessels' owners would have to do to get a license: Capt. Gray read a series of resolutions relative thereto, which, on motion, were referred to a committee of three with instructions to report thereon at the next meeting.

On motion the president and executive committee were authorized and empowered to at any time invite any one they deemed desirable to visit the city and extend to them the courtesies of the chamber of commerce: adjourned.

A Pleasant Ride.

Will Sherman, who left Sacramento last Friday night at ten o'clock and got home yesterday afternoon, says he had a very pleasant overland trip. The weather at Sacramento was warm—for an Astorian—though the Sacramento folks said it was real cool beside some that they had been having in August. Coming up through the valley and stopping at Cole's, the train load that he was with—55 passengers—was transferred to five six-wheeled coaches and driven up, up, up near the summit and then zigzagged down a dizzy grade to lower levels and into Ashland, there to resume seats in the train after a mountain stage ride of twenty miles. Will had a seat alongside the driver, an old-timer who drove between Portland and Sacramento steen years ago and the old fellow told him many droll legends of the bygone.

Give Them a Chance!

That is to say, your lungs. Also your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boscree's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Real Estate Transfers.

D. K. Warren and wife, P. C. Warren and wife to Eureka Packing Co., 1/2 acre, Skipanon creek; \$250. W. D. Hare and wife, J. Q. A. Bowly and wife to J. W. Bottom, lot 8, blk 16, McClure's Astoria; \$500. Thos. Pyle to Tobias Rooksonson, lot 27, Uniontown; \$150.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affection. Trial Bottles free at W. E. Dement & Co.'s Drug Store.

Chronic Diarrhea

Of six months' standing cured by one-half a bottle of Moore's Revealed Remedy.

CIRCUIT COURT PROCEEDINGS.

COLUMBIA FALL FISHING.

Active preparations are being made by several of the Washington territory and Oregon salmon canneries for a resumption of operations this fall. Bay View, Cathlamet, Brookfield, Occidental, George & Barker and others have started and several others will be in operation this week. There is a present large run in the river, the quality of which is pronounced second only to the unrivalled Columbia river spring salmon. The salmon now in the river are of a species hard to determine. After the first fall rains come the "silver-sides," to catch which fishermen use a 7 1/2 net. The fact that some of them are getting ready their summer nets, with an 8 1/2 mesh, indicate that the smaller silverside run is not considered to have yet begun. The amount of the fall pack on the Columbia this season will, probably, be determined by the number of empty cans on hand. Where there is such a supply as, for instance, in the North Shore cannery, the pack will be proportionately larger than where there are fewer cans on hand. The fall pack is a direct benefit to Astoria and vicinity and is almost totally devoid of the objectionable features that surround indiscriminate packing of spring and summer fish. The species of salmon from this on are presumably of less commercial value than the earlier runs and are said to be of a species that do not go to the headwaters to spawn as do the spring salmon. The money paid for the raw material of the fall pack goes almost entirely to resident fishermen and is kept here and put in circulation among Astoria merchants to a greater degree than that paid out earlier in the season. Sheriff Albert of Wahkiakum county, is in receipt of letters from Governor Semple and district attorney Robinson, in which it is stated that no attempt will be made to rigidly construe the Washington territory law regarding the remainder of the close season, which expires on the 30th inst.

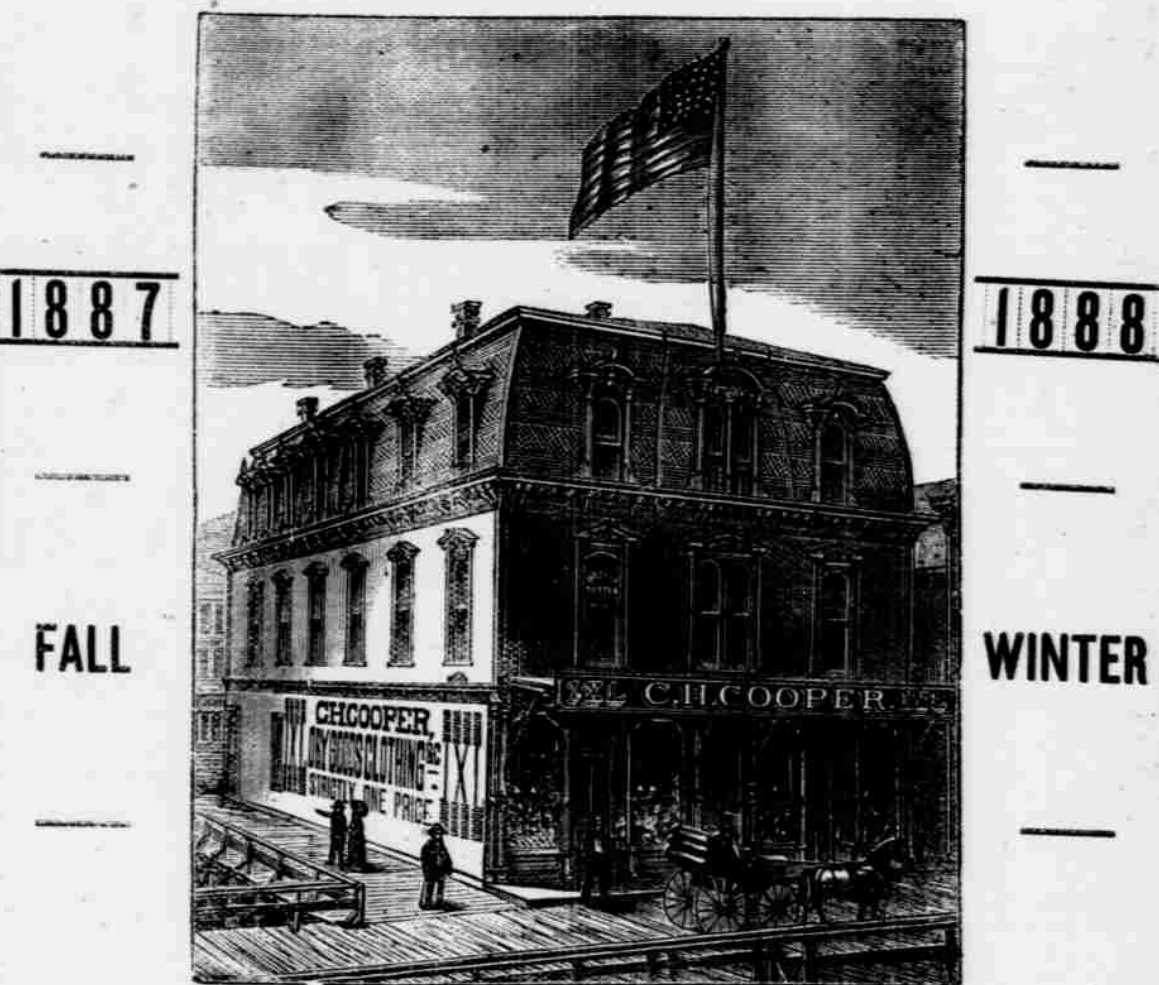

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life." Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believed he would have died, had it not been for Electric Bitters. This great remedy will ward off, as well as cure all malarial diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1. at W. E. Dement & Co.'s
